LATEST NEWS EDITION

VOL. 117. ESTABLISHED JULY 29, 1786. NO. 285. PITTSBURGH, SATURDAY MORNING, MAY 9, 1903.—SIXTEEN PAGES. ONE CENT A COPY.

## NEWS SUMMARY

**DOMESTIC.**

Six Italians, among them Vito Laduca, formerly of Pittsburgh, held by New York coroner's jury as accessories in the barrel murder.—Page 6.

Foreign representatives of the Westinghouse interests secured important electrical contracts abroad.—Page 1.

Postmaster general relieved from duty A. W. Machen, superintendent of rural free delivery, pending an investigation of his department.—Page 1.

**FOREIGN.**

Mr. and Mrs. Andrew Carnegie were cheered at dinner in London.—Page 1.

Additional explosives discovered at Salonica.—Page 8.

Senator Scott completed investigation of labor in Europe.—Page 1.

Lebaudy brothers' airship made successful trip near Paris, breaking record established by Santos-Dumont.—Page 1.

**LOCAL.**

Alleghenian invents a submarine torpedo to be operated by the Marconi system of wireless telegraphy.—Page 1.

The Strap Hangers' league elects officers.—Page 12.

Street car men's convention adjourned and will meet in Chicago, October, 1905.—Page 6.

Bricklayers and stonemasons strike today, and 50,000 men will be idle.—Page 5.

Members stayed away and prevented action by select council on the technical school site purchase ordinance.—Page 1.

Proposed tunnel beneath the Allegheny river believed a part of independent traction system.—Page 7.

**LEGAL.**

George B. White, bank director, charged with wrecking a national bank at Hyndman, was on trial in United States courts.—Page 16.

Jay R. Jenkins entered suit against a bank and six individuals alleging he was defrauded out of $500,000 in real estate and securities.—Page 16.

Italian's strange story won the sympathy of court and jury.—Page 16.

**SOCIAL.**

The pupils of Miss Gleim's school in the East End are arranging for quite an elaborate out-door production of portions of the "Mid-Summer Night's Dream."—Page 10.

The Omega Psi society of the Thurston school yesterday afternoon gave a couple of bright little plays for the benefit of the scholarship fund.—Page 10.

The Vassar Students' Aid society held its annual election yesterday afternoon at the home of Miss Jane R. Murdock.—Page 10.

**SPORTING.**

Hans Wagner was suspended, but Pirates beat Reds with a crippled team.—Page 9.

Charley Ahl won the school championship at the Shadyside academy field meet.—Page 9.

Pittsburgh High school team won from Elders Ridge academy.—Page 13.

The winners at Morris park: Seminole, Highlander, Ingold, Highball, Carbuncle and Embarrassment.—Page 9.

The Worth winners: Bennett, Don Dono, Au Revoir, Ahola Thane and John A. Clarke.—Page 9.

**FINANCIAL.**

Pittsburgh bank exchanges yesterday were $7,981,883, an increase of $1,650,000.—Page 14.

One of the dullest days of the year on the Pittsburgh stock exchange, but prices were steady.—Page 14.

Eastern stocks ruled heavy during the morning, but closed steady at an advance.—Page 14.

There is firmer feeling in grain market of Chicago.—Page 15.

## THE WEATHER.

Fair.

Two more days of bright sunshine and warm weather are promised Pittsburgh by the Washington weather forecaster. Yesterday's maximum temperature was 71 degrees. The sun rose clear at 4:49 and set clear at 7:03 yesterday. The daily report for yesterday, furnished by the local weather office, follows:

| Time. | Baro. | Tem. | Hum. | Wind. | Weather. |
|---|---|---|---|---|---|
| 8 a. m.... | 30.22 | 52 | 61 | S.E. | Clear |
| 8 p. m.... | 30.09 | 68 | 28 | S.E. | Clear |

Comparative temperature and precipitation for May 8:

| | 1902 | 1901 | | 1902 | 1901 |
|---|---|---|---|---|---|
| Maximum .. | 72 | 68 | Mean ..... | 60 | 64 |
| Minimum .. | 48 | 59 | Precipitation | 5 | 1.42 |

Max. tem. 4 p. m.. 71 | Ex. since Jan. 1... 331
Min. tem. 8 a. m.. 49 | Nor. precip. 31 yrs. .11
Mean tem. 24 hrs.. 58 | Precip. for day..... .0
Nor. tem. 31 yrs.. 62 | Defcy for day..... .11
Defcy for day..... 4 | Defcy since May 1. .71
Defcy since May 1. 58 | Ex. since Jan. 1.... 1.36

**Government Weather Report.**

WASHINGTON, May 8.—Forecast:

Western Pennsylvania—Fair Saturday and Sunday; fresh east to southeast winds.

Ohio—Fair Saturday and Sunday; warmer Saturday in north portion; fresh east winds becoming southeast.

West Virginia—Fair Saturday and Sunday.

Observations taken at weather bureau stations at 8 p. m.:

| | | | |
|---|---|---|---|
| Oklahoma | 66 Clear | Washington | 60 Clear |
| Cairo | 72 Cloudy | Philadelphia | 66 Clear |
| Columbus | 68 Clear | New Orleans | 90 Rain |
| Kansas City | 68 Cloudy | Chicago | 60 Clear |
| Louisville | 72 Cloudy | Marquette | 60 PtCldy |
| St. Louis | 72 PtCldy | St. Paul | 58 Cloudy |
| Memphis | 80 Cloudy | Bismarck | 58 Cloudy |
| New York | 64 Clear | Minneapolis | 60 Clear |
| Buffalo | 62 Clear | Omaha | 70 Cloudy |
| Cleveland | 62 Clear | Salt Lake | 66 Clear |
| Des Moines | 70 Cloudy | Denver | 70 PtCldy |

**TODAY'S AMUSEMENTS.**

ALVIN—"A Chinese Honeymoon," 2:15 and 8:15 p. m.

NEW GRAND—The stock company in "The Climbers," 2 and 8 p. m.

BIJOU—"On the Suwannee River," 2 and 8 p. m.

DUQUESNE—Haverly's Mastodon Minstrels, 2 and 8 p. m.

AVENUE—High-class refined vaudeville bill, headed by Sandow, in continuous performance, from 1:30 to 10:30 p. m.

ACADEMY—Watson's American Burlesquers, 2 and 8 p. m.

EMPIRE—Hagenbeck's trained animals, 2 and 8 p. m.

PITTSBURGH CARNEGIE MUSIC HALL—Free organ recital by City Organist E. H. Lemare, 8 p. m.

ALLEGHENY CARNEGIE MUSIC HALL—Free organ recital by City Organist H. P. Ecker, 3 p. m.

**OCEAN INTELLIGENCE.**

**Arrived May 8.**

New York—Fuerst Bismarck from Hamburg.
Liverpool—Celtic and Aurania from New York.
Brow Head—Campania from New York.
Lizard—La Gascogne and Ryndam from New York.
Plymouth—Bluecher from New York.

**Sailed May 8.**

New York—Cymric for Liverpool; Menominee for London.
Liverpool—Cedric for New York.
Southampton—Auguste Victoria for New York.

# BIGELOW FACTION DEALS TECHNICAL SCHOOL PROJECT ANOTHER VERY DEADLY BLOW

### Citizens Members Stay Away from Select Council Meeting and Prevent a Quorum to Consider Purchase Ordinance.

### THREE REPUBLICANS AID OBSTRUCTIONISTS' SCHEME

### Majority of Upper Branch Fails Twice to Get Enough Members and Will Make Third Attempt Tonight—Jones, Piatt and Benz Desert.

The Bigelow administration dealt the technical school project another heavy blow yesterday, the Citizens members, with the aid of three Republicans, preventing a quorum of select council, and thereby interfering with the introduction of the ordinance for the purchase of a site for Carnegie's proposed big educational institution.

Two attempts were made yesterday to get a meeting of select council to put in the purchase ordinance, but both attempts failed.

The first attempt was made in the afternoon and the second at night, lasting until nearly midnight. At the first session there were two votes short of a quorum, and at night only one vote. If one of the three Republican members had been present, there would have been a sufficient number of votes to have introduced the purchase ordinance and passed it on first reading.

A third attempt to get a quorum will be made this evening, but the result is doubtful, as two of the three Republican absentees were found last night and positively refused to attend. Their names are as follows:

**JAMES W. PIATT of the Second ward.**
**JOHN BENZ of the Twenty-ninth ward.**
**EVAN JONES of the Thirty-sixth ward.**

Piatt and Benz were absent at both meetings yesterday, but Jones was present at the latter part of the afternoon session. Jones arrived after the roll was called, but two votes were still needed. He promised to come back in the evening. Councilmen were appointed to see both Piatt and Benz, and both agreed to be present at the evening session and vote for the purchase ordinance. None kept their promises, two refusing to stir a step when they were found late at night.

At the night session three Citizens were present to vote for the purchase ordinance. These three were:

**JAMES J. BOOTH of the Fourteenth ward.**
**WILLIAM SCHEMPP of the Thirteenth ward.**
**C. H. WEST of the Nineteenth ward.**

West was the only Citizen present at the afternoon session. He told members that every argument and influence by the Bigelow faction had been used to keep him away, even threats being resorted to.

Select council is composed of 38 members, one-half of whom are Republicans and the other half Citizens. Twenty members constitute a quorum. Eighteen were present in the afternoon. The 20 absentees consisted of two Republicans and 18 Citizens, as follows:

**P. J. Barry, Fifth ward; John Benz, Twenty-ninth ward; James J. Booth, Fourteenth; John Costello, Thirty-fifth; P. J. Donahue, Fourth; R. H. Douglas, Twenty-first; Frederick Fichtel, Thirty-eighth; George S. Fleming, First; C. J. Gallagher, Thirty-third; Thomas Geary, Ninth; Peter Hermes, Sixth; P. B. Kearns, Tenth; William E. Lang, Thirty-first; John J. Morgan, Thirtieth; W. D. O'Brien, Twenty-third; James W. Piatt, Second; Henry Poke, Thirty-second; William Schempp, Thirteenth; Joseph A. Schlernitzauer, Twenty-fourth; James H. Wightman, Twenty-second—Total, 20.**

The afternoon session was set for 3 o'clock. After a wait of three-quarters of an hour President J. S. Lamble called the meeting to order. The roll call showed the following members present:

Messrs. Atkinson, Diehl, Jones, Murphy, Perry, Rothweiler, Ruhlandt, Sankey, Schneider, Shenkel, Stewart, Upperman, Voskamp, Wainwright, West, Wilson, Zahniser and President Lamble—18.

President Lamble announced that there were two members short of a quorum. He stated the object of the meeting, adding:

"Many members of both parties and prominent citizens urged me to call this meeting, and I have done so in accordance with their wishes. I regret that there are not enough members here to transact the business for which this meeting was called. I have been told by half a dozen parties and I do not have reason to doubt it—that there are persons on the steps of the city hall to keep away members who ought to be at this meeting. If that is true—and I believe it is—it is certainly a very shameful proceeding."

President Lamble referred to a number of Citizens workers and councilmen who were on the city hall steps to meet any stray Citizen councilman that might disregard previous orders to stay away from the meeting. Every Citizen councilman and a number of the Republican members had been seen by the Bigelow agents before the meeting.

Only two Citizens appeared. They were James J. Booth of the Fourteenth ward, and C. H. West of the Nineteenth ward.

BEGINNING TO ROAR.

# MR. AND MRS. CARNEGIE GIVEN THREE CHEERS

### Philanthropist Put Everybody in a Happy Mood at Iron and Steel Institute Dinner in London.

[Associated Press Cable to The Gazette.]

London, May 8.—Andrew Carnegie presided at the annual dinner of the Iron and Steel Institute tonight at the Hotel Cecil. Prime Minister Balfour was seated at the right and the duke of Devonshire at the left hand of the chair. The 550 guests included Ambassador Choate, Secretary White, Lord Alverstone, Sir Henry Fowler, Sir Henry Campbell-Bannerman, John Morley and James Bryce.

Almost all the speeches eulogized Mr. Carnegie, Sir Henry Fowler particularly referring to his priceless services in promoting the friendship of the United States and Great Britain. These allusions were all warmly cheered.

The toast to Mr. Carnegie's health was received with the singing of "For He's a Jolly Good Fellow," and three cheers and "Another for Mrs. Carnegie." Mr. Carnegie's response was in a humorous vein and elicited constant laughter.

Seldom has a citizen of a foreign country been the center of a more brilliant gathering. Mr. Carnegie struck a happy note at the outset when he toasted King Edward as "the greatest of ambassadors and the greatest harmonizing force," and kept Premier Balfour in merry mood with his American anecdotes. Sir Henry Campbell-Bannerman made an amusing speech in which he chaffed Mr. Carnegie with having his heart in Scotland, although he had temporarily assumed foreign citizenship.

The speeches of the evening referred to a great extent to the relations of capital and labor. The duke of Devonshire said he thought parliamentary interference should be limited to subjects directly involving the public interest.

Premier Balfour said he distrusted profoundly the current creed that the prosperity of one nation meant the adversity of another. Commercial rivalry and collisions of interests between employer and employed were absolutely insignificant, he declared, when compared to the great community of interest in production and scientific research in which these rivalries ought to be lost and forgotten. Industry should be regarded as an international affair, not as international rivalry but as international friendship. The more they could bring themselves to regard industry in that light the more he was convinced each individual community in the country would be prosperous.

## WESTINGHOUSE BIDS SECURE CONTRACTS IN FOREIGN COUNTRIES

### French City Purchases 6,000 H. P. Hydraulic Plant to Be Built Here.

The Pittsburgh Gazette Bureau,
Herald Building, Herald Square,
NEW YORK, May 8.

The Societe Anonyme Westinghouse, which controls the Westinghouse interests in Europe, has secured the contract for the construction and installation of an electrical plant at Clermont-Ferrand, central France.

A 6,000-horse power hydraulic plant is to be built. It will be equipped with six Westinghouse alternators of 900 kilowatt capacity each. These machines, which are to be directly connected to 1,000-horse power turbines, will be of 1,000-volt, three-phase type to run at 333 revolutions per minute. The voltage is to be increased to 20,000 by means of monophase transformers in groups of three. The current will be transmitted 30 miles by means of double overhead lines.

The Westinghouse interests in England have been awarded a contract by the Midland Railway Company for an electrical plant which is to be installed for lighting and power at Hayshaw harbor, Morecombe bay.

The Westinghouse tender has been accepted in competition with 165 other bids for generating apparatus to be installed in the municipal lighting plant at Bexhill, Kent.

A contract for various Westinghouse machinery has also been secured for the electrical plant of Lowestoft.

The Westinghouse plants at East Pittsburgh will ship the major portion of the beforementioned machinery.

# A WIRELESS SYSTEM FOR NAVAL WAR

### Alleghenian Steers Torpedoes by Marconi's Invention.

### SUCCESSFUL TRIALS

A submarine torpedo tube operated by the wireless system of telegraphy will be one of the terrors in naval operations of the future. Alexander Foster Humphrey, the young Alleghenian who patented several ingenious devices for increasing the destructive powers of battleships, has succeeded with his experiments in harnessing Marconi's and Fessenden's inventions for use in war.

The torpedo can be carried on the decks of war vessels or discharged from shore, in either case a firing tube of special design being used in setting it afloat. Those used on shipboard will be about 20 feet in length and will contain a charge of 200 pounds of explosive. The torpedo shell is divided into several sections—the explosive head containing gun cotton or dynamite, the compressed air compartment, the battery chamber and the compartment containing the propeller engines and the steering apparatus. From the exterior projects two masts to receive the electric waves and to be used as steering guides by the operator. The foremast carries also an incandescent light in a red globe and the aftermast a green light, both being incased in specially constructed hoods invisible to the enemy.

When the torpedo is launched it will be submerged 10 feet under the water, being the striking distance against warships of all types, and only the tops of the mast will remain above the surface. The pressure of a button by the operator generates a succession of electrical waves which operate the steering rudders, the length of the flashes regulate the course to starboard or port. Another key is used in keeping the steering lights burning.

The torpedo will glide under the waves at the rate of 21½ knots an hour and can be operated in any distance up to two miles. The advantages claimed for the invention are that the course of the engine of destruction can be altered after its discharge from the ship or shore battery and kept on in pursuit of a moving vessel. In order to prevent its receivers from being disturbed by the wireless system on an enemy's ship the electrical device in the masts will be attuned especially to the generators of the operator's keyboard. This method is used on the systems of wireless telegraphy.

With Edmund Matthews of Thirty-third street, Mr. Humphrey has been at work on the invention for more than a year. With a six-foot model he made a test in the Allegheny river recently and destroyed three targets. Two trials were made at night, and his system of light in the mast worked with wonderful accuracy.

## AULTMAN COMPANY TO BE REORGANIZED

AKRON, O., May 8.—Two hundred creditors of Aultman, Miller & Co. met today to formulate a plan for the best means of obtaining the $1,800,000 that the company owes. Many plans were discussed, but no definite conclusion reached except to appoint a committee of seven to take charge. The committee consists of O. C. Barber, Akron; Col. J. J. Sullivan, Cleveland; P. M. Snyder, Cleveland; C. H. Hollister, Grand Rapids, Mich.; Robert Wardrop, Pittsburgh; W. H. Hunt, Cleveland; S. A. Conrad, Masillon. An effort will be made to take the company out of bankruptcy at once.

# AERONAUTS NAVIGATE AIR AT WILL

### Lebaudy Airship Breaks Santos-Dumont Record in Trip Around Paris.

### SAILS AGAINST WIND

[Associated Press Cable to The Gazette.]

Paris, May 8.—The airship constructed for the Lebaudy brothers made a highly successful trip today under pilot Juchmes and Engineer Rey. The start was made from St. Martin during a light rain and with a brisk wind blowing. The craft passed over a number of suburban towns. At Nantes she made a circle around the cathedral spire and left that town going diagonally against the wind. Over Limay, Mantes and Rosny the airship was put through a series of evolutions and answered her helm and maneuvered to the perfect satisfaction of all interested in her. She then returned to her point of departure and descended without accident. The distance covered was 37 kilometres in one hour 36 minutes, against Santos-Dumont's record for the Deutsche prize of 11½ kilometres in 30 minutes.

M. Juchmes furnished a report of the trip, in which he said the airship obeyed perfectly and was under perfect control. The screws revolved 800 times a minute, which speed was increased to 1,000 revolutions when sailing against a strong current of wind or rounding the Chateau de Rosny.

In addition to the trial of the Lebaudy airship, Santos-Dumont made his first ascent of the season in his new airship, No. 9, this afternoon from the balloon park at Neuilly. Upon leaving the park the No. 9 was conducted by a guide rope to the Bagatelle drill ground in the Bois de Boulogne; here a series of maneuvers, at the height of 50 yards and lasting half an hour, were made.

Santos-Dumont said No. 9 was the smallest airship he had constructed, the cubes being of only 234 meters and the motor of three-horse power. No. 9 has a rudder surface of 12 square meters. This ship is only intended for experiments leading up to tests of No. 10, which has cubes of 2,100 meters and which is intended to carry 12 persons. The aeronaut expects to be ready to make the No. 10 trials in a month.

In the shed at Neuilly also is airship No. 7, with cubes of 1,200 meters capacity, which has been especially constructed with a view to entering the contests at the St. Louis exposition.

## BUILDING COLLAPSES.

### Several Persons Hurt as Result of Poor Work in Remodeling Structure.

DENVER, May 8.—The building at 1510 to 1514 Laramie street, occupied by Michelson Brothers' clothing store and with a rooming house on the second floor collapsed this evening. Several persons were injured, but so far as known nobody was killed.

The most seriously injured are: Mrs. Thomas McKern, injured internally, may die; E. E. Deans, Florence, Col., right leg broken, scalp wound. Several others were slightly hurt.

The building was being remodeled, and the temporary supports were not properly placed.

**Hilltarn Has Not Arrived.**

NEW YORK, May 8.—(Special.)—The arrival of the steamer Hilltarn, which has aboard the body of Miss Anna Ramsey, is still problematical. Members of the family are in readiness to depart for Pittsburgh at any moment, but nothing definite is known. Norton & Son, agents for the boat, cannot furnish any information.

# AMERICAN WORKMEN FARE BEST

### Senator Scott Draws Conclusions from Observations in Europe.

### SOLDIERS SUPERIOR

[Associated Press Cable to The Gazette.]

Paris, May 9.—Senator N. B. Scott of West Virginia is here after visiting Egypt, Turkey, Italy and Germany, making a study of the conditions of the European working classes, as compared with American working people, and also making an investigation of the equipment and condition of European soldiers, as compared with American, in connection with the senate military and other committees. He said:

"I have visited the homes of working people in a number of European cities, examining how they are housed, clothed and fed, and I am convinced that four-fifths of the American workers have higher wages and better homes, food and clothing and more of all material comforts than the average middle classes in Europe, and are immeasurably better off than the working classes of Europe. I particularly observed the widespread use of hand labor, which is the only means remaining to keep the European masses employed, with the result that it places European hand labor far behind the American machine labor and fetters the industrial progress of Europe.

"I saw the British soldiers in Egypt and also those of most of the other leading armies of Europe in camp and garrison, and I consider our troops better from every view point, particularly in education and general intelligence. The European soldier impresses the American as being a mere machine, moving automatically, incapable of intelligent, initiative action."

Senator Scott leaves here for London and will sail for New York on the Kronprinz Wilhelm, which leaves Bremen May 26.

## REFORMER IN JAIL.

### Paid for Waldorf-Astoria Accommodations With Checks Which Came Back Unpaid.

NEW YORK, May 8.—(Special.)—Buffalo's "Young Parkhurst" is behind the bars for forging two checks. Lodowick H. Jones, a radical and prominent reformer, who several years ago won that title for his unique methods of apprehending lawbreakers, was arrested here tonight at the Hotel Somerset while dining with his wife of a few months, for passing bad checks at the Waldorf-Astoria. Not a cent was found in the young man's pockets.

With his wife he registered at the Waldorf-Astoria on March 5 and engaged a suite of rooms costing $30 a day. At the end of a week he cashed a $20 check of his own at the hotel and the following day gave the cashier a check for $240 in payment for his bill of a week. Two days later the check came back uncollected.

## WORK PROGRESSING ON ISTHMIAN CANAL

NEW YORK, May 8.—Rear Admiral Walker, Gen. Haines and Prof. Burr, the sub-committee of the Panama canal commission, arrived today from Colon. Major Black, of the engineer's corps, remained at the isthmus with a company of engineers to complete the preliminary work of the canal route. Rear Admiral Walker said: "We looked over the work that has been and is being done and everything appeared to be going satisfactorily."

# ANOTHER HEAD IN THE BASKET

### Postmaster General Relieves Free Delivery Superintendent.

### BRISTOW ASKED IT

### Senator Lodge and Ex-Congressman Loud Believed to Have Urged This Action.

### IS VICTORY FOR WYNNE

The Pittsburgh Gazette Bureau,
Room 16, Postal Building,
WASHINGTON, D. C., May 8.

A startling feature of the postoffice department investigation came today in the suspension of A. W. Machen, general superintendent of the free delivery system. Mr. Machen was relieved of his duties as chief of the division of free delivery, and the division has been transferred from the authority of the first assistant postmaster general to that of J. L. Bristow, fourth assistant postmaster general, who is conducting the investigation. Gen. Bristow has appointed M. C. Fownes, a postoffice inspector, to take charge of the work.

Postmaster General Payne states that the suspension of Mr. Machen was only temporary; it was not brought about by anything that had been discovered by the inspectors who are probing into the business of that office.

The impression here is that Mr. Machen will never again resume charge of the division of free delivery. The suspension of Mr. Machen and the transfer of the division to the bureau of the fourth assistant postmaster general was requested by Gen. Bristow in a letter to the postmaster general yesterday.

Today Gen. Payne wrote to Mr. Machen, notifying him that he had been granted a leave of absence until the investigation had been concluded. Mr. Machen in his reply says:

"In this connection I desire to state that I court the fullest investigation and stand ready at any time to sit in the investigation now in progress, as I am conscious of having done no wrong."

Mr. Machen will spend his leave of absence in Washington.

A fact that has cast suspicion upon the investigation has been the personal and political interests of the officials which have entered into the matter. Evidence has come to light showing that high officials are more interested in getting the scalps of other people than in deterring out irregularities. Mr. Wynne, first assistant postmaster general, has no love for Mr. Machen and the suspension of the latter is regarded as a victory for him. One of the grievances against Machen was the political power that he has accumulated by the building up of the free rural delivery system. Nearly every member of congress has been accommodated by Machen at some time with favors in the way of rural routes or increases in carriers, and it may be that he will now bring to bear all the influence he can wield so that he may be reinstated.

Recent visits to the department of Senator Lodge and ex-Representative Loud of California are believed to have had a great deal to do with the leave of absence with which Machen has been given. Senator Lodge is supposed to represent the president in all things political and as for Mr. Loud he was defeated for re-election through the efforts of the postal employes and this gave him the opportunity to get even.

M. C. Fownes, who has taken charge of the division of free delivery took a prominent part in the Rathbone affair in Cuba. After Rathbone was relieved from his office as Director of Posts, Fownes was placed in charge and remained in charge for some time.

Mr. Machen has been under fire ever since the investigation began. Charges of various kinds have been preferred against the administration of the free delivery branch of the postal service. These included allegations of collusion with letter box manufacturers in the furnishing of boxes to postoffice patrons, particularly on rural mail routes, and the furnishing of advance information regarding the selection of routes and the appointments of carriers, etc.

There also has been a conflict between Mr. Machen and First Assistant Postmaster General Wynne ever since the latter assumed office. Mr. Wynne charges Mr. Machen with insubordination.

—L. W. STRAYER.

## TO INDORSE ROOSEVELT.

### Ohio Republican State Convention Will Commit State Organization to His Cause.

WASHINGTON, May 8.—(Special.)—An Ohio member of congress states that a resolution will be introduced in the Ohio Republican state convention indorsing the candidacy of President Roosevelt. Senator Hanna having said definitely that he was not a candidate for the presidency, there seems to be no reason why such a resolution should not be adopted unanimously, although there are rumors here that an attempt will be made to keep the Ohio delegation to the National convention free and uninstructed. It is likely that Senator Foraker and Mr. Cox will see to it that President Roosevelt is indorsed and that the Republican party of the state goes on record at this convention.

## ROOSEVELT HEIRS WIN IMPORTANT CASE

CHICAGO, May 8.—The Roosevelt heirs, including the president and William E. and James C. his cousins, were awarded a verdict for $42,425 today, in the condemnation suit brought by the Pennsylvania railroad company. Involving a strip of land 400 feet long in Stewart avenue. The decision marks the close of litigation which has been waged for 15 years for possession of the property, on which a section of the railroad's main track is laid.

# RUSSIA IS NOW READY TO FIGHT

### The Reoccupation of Niu Chwang Considered a Challenge to Powers.

### SITUATION IS SERIOUS

### Preparations Are Being Made by Czar's Army in Manchuria to Resist.

### FLEET IS WITHIN REACH

The Pittsburgh Gazette Bureau,
Room 16, Postal Building,
WASHINGTON, D. C., May 8.

"Serious," in one word, describes the Washington view of the Manchurian situation as it is detailed in the cables from China and Japan. The news that Russian troops are being rushed into Niu Chwang and that the place was being fortified; that Japan was more agitated than ever, and that a move into Korea was already under way by Russia, coming at the very time that the misunderstanding between this government and that at St. Petersburg had apparently been straightened out, has brought the white question up in a new form.

The news is incomplete, as there must have been some incident not yet reported to cause Russia to change her policy so quickly after giving the United States such assurances a week ago. Japan is making more move to have the United States join with her and Great Britain in a formal protest which, if disregarded, would lead to an ultimatum to Russia. Joint action may be taken, but no joint action to which the United States takes part will be so virile as to make it necessary for this country to go on to the verge of hostilities.

**WILL NOT DEPART FROM TRADITION.**

Whatever step the United States will take it can be said that it will not be in the direction of a departure from the traditional policy of this country as a peace-loving nation.

Mr. Takahira, the Japanese minister here, said tonight: "Japan mobilized her fleet for naval maneuvers last March before the present controversy came to a crisis. Never has Japan conducted naval or military operations with a view of making a hostile demonstration toward Russia."

PEKING, May 8.—The Russians, it is announced, have reoccupied Niu-Chwang with a large force and have also put garrisons in the forts at the mouth of the Liao river. They are further reported to be making extensive warlike preparations.

The news of Russian activity, which comes from a most trustworthy source at Niu-Chwang, adds that on their return to Niu-Chwang the Russian troops brought with them several large guns. A large force has been ordered to reoccupy Tien-Chwang-Tai. The Russians have 14,000 troops between the mouth of the Liao river and Port Arthur.

The Russians are reported to be constructing forts on the hills near Liao-Yung, commanding the road between there and the Taku river, and they have arranged to have a large quantity of provisions delivered at Niu-Chwang.

A dispatch from an official at Niu-Chwang says indications point strongly to these active preparations being intended to guard against operations against the Russians in Manchuria.

**SURPRISE AT PEKING.**

Russia's coup has caused profound surprise here, as recent developments had led to the expectation that Russia would compromise her demands since they had been revealed to the powers. It is considered significant that the Russian army reoccupied certain strategical posts at just about the time naval reinforcements were reaching the gulf of Pe Chi-Li. The temporary withdrawal of the Russian troops from Niu Chwang is believed to have been a feint to avert suspicion until the Russian squadron was within useful distance.

It has been reported recently that Russia was accumulating great stores of provisions and war materials. It is impossible to confirm these reports; but it is known that the Russian military authorities have been buying many horses.

The foreign ministers yesterday discussed information to the effect that the Russians had taken a large tract of land across the river from Niu Chwang, commanding the terminus of the Shan-hai-Kwan railroad. It was stated that Russia informed the Chinese officials that the tract was needed for a Russian drill ground. The selection of the site seemed remarkable, because all the troops were then quartered on the opposite side of the river several miles distant, where plenty of land was available.

The Chinese officials describe the dowager empress as being greatly distressed and as fearing that the Russian aggression will excite anti-foreign demonstrations, resulting in retaliation on the part of the foreigners and the introduction of more of the foreign troops. Nowhere has a suggestion been heard that China will resort to arms in order to resist Russia.

Prince Ching, the grand secretary, yesterday secured five days' leave of absence. This is a favorite stratagem of Chinese officials who are desirous of avoiding unpleasant situations.

It is stated here that Russian influence is being exerted to conciliate American opinion and that appeals are being made to the traditional friendship of the two nations with the argument that Russian development of Manchuria will open a great field for American commerce, while the opposition of the United States to Russia's plans might provoke retaliation against America's trade.

The Russians have established a consulate at Mukden.

**Sailing on the Kroonland.**

NEW YORK, May 8.—(Special.)—Mr. and Mrs. J. S. Stuckey of Pittsburgh will sail on the Red Star line Kroonland tomorrow for Antwerp.

# HIGH PRICES PAID FOR PROUD PAPERS

State and Nation Bid Against Each Other for Unpublished Pennsylvania History.

PENN'S LETTERS LEAD

Boston Public Library Secures Franklin Broadside on Boston Massacre and Letter to Captain Kidd.

THE PITTSBURGH GAZETTE BUREAU, Public Ledger Building, PHILADELPHIA, PA., May 8.

The sale of the so-called "Proud papers" was begun in Davis & Harvey's auction rooms today by Auctioneer Henkels, who announced at the beginning that it was the greatest lot of Pennsylvania papers ever offered at public sale.

That his view was shared by others was borne out by the presence as bidders of Gregory B. Keen, secretary of the Pennsylvania Historical society; W. A. Cutter, head of the order department of the library of congress, and Otto Fleishner of the Boston public library.

Mr. Keen succeeded in obtaining for the Historical society nine of the Penn letters, getting the second, tenth, twelfth, fifteenth, sixteenth, seventeenth, eighteenth, twentieth and twenty-fifth. While they are not all of them so interesting as some he failed to get, many are unpublished.

Mr. Simon Gratz, president of the board of revision of taxes, obtained some of the Penn letters, and the most interesting Franklin item in the sale—the copies of early letters which the youthful Franklin kept in a book.

The Boston public library carried away the letter to Capt. Kidd, a letter of Franklin, dated 1759, and the broadside describing the Boston massacre. The library of congress purchased several of the broadsides, among them the address of congress to the inhabitants of the United States, 1778.

Penn's letter describing the last hours of Charles II. was started at $225, and was fought for up to $540 by Mr. Dodd and Mr. Smith, New York booksellers, at which figure the latter carried it off.

The original manuscript history of Pennsylvania, which is unpublished, was bought by the Historical society for $290.

Joseph Sabin of New York was a considerable buyer, and made the largest single purchase of the day, buying in the original unpublished manuscript of Bennet's history of New England, 1740, for which he paid $585.

The total of today's sale paid for 274 lots was $9,497, or an average of $32 a lot. The 27 Penn letters brought $2,737 50, or an average of more than $103.

## THREE INJURED IN WRECK.

**Pittsburgh Man Among Victims on Ohio Valley Train.**

MARIETTA, O., May 8.—(Special.)—The southbound flyer on the Ohio River railroad met with a serious wreck this afternoon at Belmont, W. Va., by running through a defective switch, and three persons were injured. The smoker, ladies' car and parlor car were wrecked by being thrown against the station at Belmont. There were about 75 persons on the train.

Among the injured are an unknown man from Parkersburg, leg broken; John Breece of Pittsburgh, slightly injured about the body, and an unknown man from Sistersville, back injured. A number of women were so badly frightened that they fainted, while others were slightly injured.

## SAY MORMONS STILL PRACTICE POLYGAMY

SALT LAKE, UTAH, May 8.—The open teaching and practice of polygamy on the part of the Mormons is alleged in affidavits which have been sent from Salt Lake to Secretary of State Hay and to the German ambassador in Washington. The affidavits result from the recent expulsion of Mormon missionaries from Germany a statement by President Joseph F. Smith of the Mormon church that polygamy is not authorized by the Mormon church nor permitted under its auspices.

## TRIBESMEN KILLED THIRTY SOLDIERS

ALGIERS, May 8.—A French convoy has been attacked by tribesmen in the Giguig district. The baggage train was captured after fighting, in which 30 men were killed. The attacking force was composed of 600 horsemen and 900 men on foot. The French baggae train was composed of 500 camels loaded with provisions and clothing. The tribesmen carried off everything.

## COURT UPHOLDS $100,000 VERDICT

NEW YORK, May 8.—The appellate division of the supreme court has unanimously sustained the verdict of the jury in the case of Mrs. William Leys, against the New York Central railroad. Mr. Leys was killed in the tunnel accident about a year and a half ago, and Mrs. Leys brought suit against the railroad for $250,000, the jury allowing her $100,000 damages, with costs and interest, amounting from $6,000 to $8,000.

## WOULD ENJOIN THE WESTERN UNION

ST. LOUIS, May 8.—(Special.)—Application for an injunction restraining the Western Union Telegraph Company from discharging, blacklisting or preventing any of its employes from joining the Commercial Telegraphers' union was made today in the federal circuit court by A. L. Boyer, Theodore Hill, N. S. Mangan, E. H. Sladock, W. J. Score, Jacob Benedict, C. C. Lawrence and local lodge No. 3 of St. Louis of the Commercial Telegraphers' Union of America.

**Carnegie Brakeman Killed.**

CUMBERLAND, MD., May 8.—(Special.)—A. C. Stevenson, 35 years old, fireman on the Pittsburgh division of the Baltimore & Ohio railroad, was brought to the hospital here this morning badly mangled. He fell from his train and was run over, being picked up by another train crew. He only lived a few hours. The remains were shipped to his home at Carnegie tonight.

**Rural Delivery from Sharpsburg.**

The postmaster at Sharpsburg has been notified to establish rural free delivery from his office to commence Wednesday, July 1, 1903, with two carriers at a salary of $600 a year each. Route No. 1 is 23½ miles long and covers nine square miles. It serves a population of 750 people. Route No. 2 is 23¾ miles long and serves a population of 825 people.

**Accepts Sharpsburg Call.**

The Rev. J. H. Main of Philadelphia has accepted a call to the First English Lutheran church of Sharpsburg and he will take charge tomorrow. Mr. Main has closed a very successful pastorate in Philadelphia, where he has been for 11 years. Mr. Main was born in Woodsboro, Md., in 1868.

**A Guaranteed Cure for Piles.**

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund your money if PAZO OINTMENT fails to cure you. 50 cents.

# BIGELOW FACTION DEALS TECH. SCHOOL DEADLY BLOW

Continued from First Page.

Booth was met at the city hall entrance by James W. Clark, director of charities. After talking with Director Clark Booth turned about and left the city hall, although Common Councilman W. H. Stevenson of Mr. Booth's ward pleaded with him to remain.

At night the Oakland board of trade had a meeting and Booth, who is president of the board, and other councilmen of the Fourteenth ward were instructed by resolutions to vote for the ordinance to purchase the tech site. Booth accepted the verdict of the board and vacated the chair to come to the city hall to join the Republicans in the fight for the technical school.

Among the coterie of Citizens on the city hall steps whom President Lambie referred to as being there to keep councilmen away were Common Councilman E. J. Edwards, a Second avenue bottler and Republican, who had gone over to the Bigelow faction; John A. Staley, Detective William Shore and William Shore, Jr.; Director James W. Clark, Councilman Harry Lamb and Councilman C. C. Schad.

Failing to get a quorum in the afternoon, the 18 members of select adjourned to meet again at 8 o'clock in the evening, Evan Jones being one of those to give his pledge to attend the night session.

When 8 o'clock arrived 18 members were on hand to go into a meeting. Evan Jones, John Benz and James W. Piatt, from the Republican side, were missing. Schempp, Citizen, of the Thirteenth ward, joined C. H. West of the Nineteenth ward. Otherwise the attendance was the same as in the afternoon.

Several councilmen announced that they had seen both Piatt and Benz since the afternoon meeting, and both had agreed to be present at night. Benz said he had an important business engagement in the afternoon and Piatt said he was kept at the court house, but would be sure to be on hand at night. The members waited for nearly an hour and then messengers were sent out for both Piatt and Jones.

Clerk W. C. Gearing located Jones at his home in the West End after a long search, but Jones refused to go, making another promise that he would come to a meeting if one was held tonight. Piatt kept out of reach for two hours and a half, and was finally found at his saloon in Fifth avenue by Councilman Wainwright and Upperman. Piatt also declared that he would go to the meeting.

Messrs. Wainwright and Upperman returned to city hall and reported their failure. At 10:40 o'clock President Lambie called the meeting to order and the clerk called the roll, which showed the following members absent:

**Messrs. Barry, Benz, Costello, Donahue, Douglass, Fichtel, Fleming, Gallagher, Geary, Hermes, Jones, Kearns, Lang, Morgan, O'Brien, Poke, Piatt, Schlernitzauer, Wightman—18.**

President Lambie stated that there was no quorum and asked the pleasure of the body. Booth said: "We have waited here long and I think we had better stick it out."

Other members dissented, insisting that it was impossible to get a quorum and suggested that a recess be taken until today. Upperman made the motion, and it was finally agreed to meet again this evening at 7 o'clock sharp. If a quorum is obtained tonight the purchase ordinance will be introduced and referred promptly to the finance committee of select council.

A recess of a few minutes will be taken until the committee meets and reports back the ordinance to council. It will then be passed on first reading and referred to the joint finance committee.

The joint finance committee was called for noon today, but the call will be changed until 8 o'clock this evening to follow the meeting of select council. The joint finance committee will approve the purchase ordinance, as it has done so before, and will report the measure back to select council on Monday afternoon at the regular session, when an effort will be made to pass it finally and send it to common council Monday night.

# ALLEGHENY BOYS WON ORATORICAL CONTEST

Philo and Union Society Defeated at Washington and Jefferson.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., May 8.—In the 33d annual contest between the Franklin and Washington and Philo and Union Literary societies of Washington and Jefferson college, the former society won both the original oration and the debate, securing five points. The contest was attended by the largest number that has been present for many years and the greatest enthusiasm was displayed.

The winners were: Orators, John Fielding, Jr., Allegheny; debaters, Winfield S. Walsh, Allegheny, and J. S. Ferris, Houston. The Franklin and Washington contestants who lost were: orators, Edgar M. Post, Claysville; debaters, R. S. Mariner, Belmonta, N. Y., and Oliver P. Brown, New Castle. The question debated was: "Resolved, That United States senators should be elected by popular vote."

The judges were the Hon. S. A. McClung, Pittsburgh; the Hon. J. F. Taylor, Washington, and Dr. J. L. Dickey, Wheeling. The Philo and Union society still leads with 170 points to 160 for the opposing society.

## MAID WOULDN'T MAKE WASHINGTON'S BED

INDIANAPOLIS, May 8.—(Special.)—Miss Louise Hadley, a chambermaid at the Hotel English, has been discharged as a result of a visit of Booker T. Washington. When the colored educator came here to lecture Wednesday, he was assigned to a room in charge of Miss Hadley. Next morning she refused to enter the room to re-arrange the bed, and the head chambermaid reported her to the manager. She was told that such insubordination would not be tolerated, but she declared she would not make any negro's bed and her discharge followed.

**Made Confession of Murder.**

WILKESBARRE, May 8.—Victor Zeramboa, who was convicted of murder in the second degree and sentenced to 20 years, made a confession today admitting that he was present when Anthony Senek was murdered in the Exeter mine. He says the fatal blow was struck by Peter Lenouskey, who is in jail awaiting sentence, having been convicted of murder in the first degree.

**New Manager for Elkins Roads.**

CUMBERLAND, MD., May 8.—(Special.)—W. H. Bower, for a number of years assistant manager of the West Virginia Central & Pittsburgh railway, has accepted the position of general manager of the Davis-Elkins railroads, the Coal and Coke railway, the Charleston, Clendennin & Sutton railroad and the Roaring Creek & Belington railroad. His headquarters will be in Elkins, W. Va.

**Deputy Coroner Bender to Quit.**

Deputy Coroner Charles Bender will tender his resignation to Coroner Jesse M. McGeary on Monday, to take effect June 1. Deputy Bender will go into business with his brother in Allegheny. He has been in the coroner's office for five years and was considered one of the most efficient officers connected with that office. Previous to entering the coroner's office Deputy Bender was clerk in the city treasurer's office in Allegheny.

**Strike Calls Out Troops.**

MELBOURNE, VICTORIA, May 8.—The railroad strike commenced at midnight. Demonstrations previously occurred in front of the newspaper offices and troops were sent to patrol the streets.

*That Tired Feeling*

Is a Common Spring Trouble.

It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure.

It's a warning, too, which only the hazardous fail to heed.

*Hood's Sarsaparilla and Pills*

Remove it, give new life, new courage, strength and animation.

They cleanse the blood and clear the complexion.

Accept no substitute.

"I felt tired all the time and could not sleep. After taking Hood's Sarsaparilla a while I could sleep well and the tired feeling had gone. This great medicine has also cured me of scrofula." MRS. C. M. ROOT, Gilead, Conn.

Hood's Sarsaparilla promises to cure and keeps the promise.

# PRESIDENT IS DRIVEN UNDER ARCH OF ROSES

Southern Californians Rob Their Gardens to Do Honor to Chief Executive.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

LOS ANGELES, CAL., May 8.—President Roosevelt made his entry into Los Angeles at 1 o'clock this afternoon. The enthusiastic welcome that has greeted him at each stopping place within the boundary of California reached a climax when the special train drew into La Grande station. Los Angeles had for many days been preparing for him, and she was ready, dressed in her best.

Pasadena, famous for its beautiful homes, had been elaborately decorated for the two hours' visit of the president. On the way to the Wilson high school, where the president delivered a short speech, he passed under a floral archway which extended for two blocks along Marengo avenue. The front of the archway was a solid mass of flowers from base to top, with festoons of vari-colored roses draped across from curb to curb. Baskets of flowers on smilax-twined poles extended from the windows of high school buildings and solid banks of roses covered the walls of the facade from base to cupola.

After the address at the high school President Roosevelt and party took carriages for a drive through the city. The route took them down the famous Orange Grove avenue, "the street of millionaires." A brief stop was made at the home of Mrs. Garfield, the widow of the late President J. A. Garfield, with whom the president chatted pleasantly for a few moments.

The annual Fiesta de la Flores of Los Angeles, the chief feature of which is the elaborate floral parade, was arranged this year to coincide with the visit of the president. The parade occurred this afternoon and was reviewed by the president and party.

**You Play the Piano By Means of the Angelus**

Many people have the mistaken idea that the Angelus is a piano player. The Angelus does not play the piano. It is not imbued with either life or intelligence, nor is it a machine that you wind up.

The Angelus supplies the lack of a technical musical education and years of practice required when a person learns to play the piano skillfully. It takes the place of the human fingers and it "knows all about the notes." The human "musical gymnast" is to be admired for his wonderful fingering, but it is the music he produces that gives him fame.

By means of the Angelus you can play the piano with skill equal to that of the greatest virtuoso. The fingering and knowledge of the notes are supplied by the Angelus; the interpretation of the masterpiece, or whatever you desire to play, is made entirely in accordance with your own ideas. The Angelus permits you to give whatever expression or feeling you think a piece of music should have.

The more musical you are the better you will be able to play the piano by means of the Angelus. But, of course, any novice can produce most delightful music, and he can improve with very little experience. If you love music you will be able to produce magnificent results at once. Your advantage over the piano artist is that you have 65 fingers at your command; you can devote your whole thought and attention to the reproduction of the composer's ideas of the melody; your playing will be perfect and artistic. Come and play your favorite music by means of the Angelus.

# BAND OF ROBBERS HOLD UP A CAMP

Five Armed Men Attempt to Gag 150 Italians in a Shed Near Erie.

MANY SHOTS EXCHANGED

Twenty of the Foreigners Were Tied Before Resistance Was Made—Thieves Made Their Escape With Little Money.

[SPECIAL TELEGRAM TO THE GAZETTE.]

ERIE, PA., May 8.—Five men made a desperate attempt to rob 150 Italians in camp near Fairview, six miles west of here, this morning. The men are evidently members of a car robber gang that operates on the Lake Shore and Nickle Plate freight trains near the state line. They were repulsed by superior numbers and escaped in the confusion of the foreigners. The Italians are working on a trolley line between Erie and Conneaut and live in a shed. All were asleep when five armed men appeared in the entrance. Most of the Italians had drawn their pay Saturday and had concealed the money.

The intruders tied up 20 of the sleeping gang with a piece of burlap. The process was so slow that the other Italians woke. Two of the robbers then stood guard while others started to go through the clothes of the Italians. The foreigners did not understand the commands given in English and as rapidly as they would rise revolver shots would make them lay down.

Bolder Italians took advantage of the position and fired in turn. This unexpected exchange of shots scared the robbers, but the awakening of the remainder of the gang caused such confusion that the intruders escaped, leaving a large quantity of new shoes that they had stolen from a railroad car. The robbers secured a small amount of money from the pockets of the Italians.

## SARTORIS GOING HOME TO MOTHER

SAN FRANCISCO, May 8.—(Special.)—Algernon Sartoris, grandson of Gen. Grant, returned to this city today as a civilian. He took dislike to army life and resigned at Manila. He is on his way to Washington to visit his mother, Mrs. Nellie Grant Sartoris. He said: "I never took to army life and felt that I could do better in other walks. The death of my grandmother leaves my mother alone and I decided to quit the army in order to be near her. I shall study law."

## BUTTER FACTORY CLOSED BY OFFICER

ALTOONA, PA., May 8.—(Special.)—The largest renovated-butter factory in the commonwealth, conducted by C. P. Haffley and F. C. Bortz at Somerset, was closed today at the instigation of Pure Food Inspector James Foust of this city. The defendants appeared before Justice James H. Pysel there and paid a fine of $100 and entered into a written agreement not to again open the establishment without getting the required license.

## Women's Oxfords---Every New Style

More care and thought given to the Low Cut Shoes we sell women, for either $2.50 or $3, than to many shoes that cost double the money. One of the reasons, we take it, why so many Oxfords are bought in the second floor Shoe Store.

Lines that are replete with everything new, and an additional invoice received yesterday.

Beautiful and dressy Oxfords of Queen Quality make than which there are none better even for $1 more. Patent ideal kid and Longola kid oxfords, either blucher style or the regular lace Oxford, with wide ribbon ties. As to soles, light, medium or remarkably stout, as preferred. Heels of Louis XV. period, Military, full Cuban, Steeple or the heel known as the common sense affair.

The foregoing is a brief description of what women have to choose from for $2.50 and $3.

### *White Lawn Waists, $1.*

Little enough to pay for a good waist. The one we will sell you for $1 is of fine white lawn, front of embroidery and hemstitched tucks, clusters of tucks in back, new pouch sleeves.

A new Waist came in yesterday, ready today, $1.50. Of mercerized madras, floral design, pleated front, plain back, self stock, pouch sleeves, two-button cuff.

For $5 we are showing one of the prettiest and daintiest Waists of sheer India lawn that any woman ever saw. It has a yoke of Val. lace, fancy trimmed sleeves and lace stock.

Of course the above are simply what may be called prices at random. Whatever your notion of a white waist, or as to the price, it can be met in our ample variety.

### *Women's Hats and Their Little Cost.*

Take a good long look into our Millinery Parlors today and note the beautiful specimens there that will cost you a very small sum.

There will be on sale today Hats and Toques trimmed in various bewitching ways, and the popular prices are $5, $7.50 and $10. Not a mere handful, but as many as 1,000—each hat possessing an individuality of its own.

Your Decoration Day Hat—you know the day is coming around rather swiftly. How about the hat? Are you satisfied with what you have? If not, then see what we are offering for $1.50 and by easy range up to $18.

Then there are the Untrimmed Hats, a splendid collection in all shapes and all colors, especially for women who like to trim up their own hats. These Untrimmed Hats are sold for 50c, $1, $1.50 and up to $7. The higher priced ones are from Paris and the shapes are exclusive with us.

Today we put on sale a special lot of children's Broad Brim Sailor Hats——broken sizes and lots—white, mixed and plain straws, neatly trimmed and ready for use, for $1 each, reduced from former price of $1.50.

We will also have a sale of those faddish Tuscan Burnt Straw Broad Brim Hats for children—beautifully trimmed in ribbons and flowers—$5 for Hats that sold regularly for $7.50 and $10.

Boys' and Girls' Caps, match any style of coat, 35c each and up to $5.50.

### *Women's Neckwear.*

Stocks take precedence over all neckwear for women, and we are now showing these Stocks in what may be called almost endless variety.

Of Linen, plain and embroidered, washable—50c and up to $1.50.

Of sheer Mull stitched and open-work 50c and up to $4.50.

Of white and black Taffeta, $1.00 and $1.25.

Of Chiffon, white and colors, hand-made, $2.50 to $4.50.

Of Lace, $3 and up to $8.

For today there has been prepared especially a lot of beautiful Stocks which will be found marked 25c and 50c each. On special table for quick selling.

Among the other lines of new neckwear we mention today are the following:

Irish Lace Sets—collars and cuffs—$6 to $10 a set.

Linen and Mull Sets—collars and cuffs—50c to $3.75 a set.

Lace Top Collars, $1.50 each and up to $6.

Chiffon and Liberty Silk Boas and Ruffs, $2.75 and up to $25.

### *Outdoor Games.*

Everything from Golf to Archery—sold in the Athletic Department of the sixth floor—sold below usual ruling prices for such goods.

Lawn Tennis Rackets, 75c to $8.
Lawn Tennis Balls, 25c to 50c.
Lawn Tennis Nets, $1 to $3.
Baseballs, 5c to $1.25.
Baseball Gloves, 25c to $2.50.
Baseball Mitts, 25c to $3.50.
Baseball Bats, 5c to 75c.
Baseball Masks, 50c to $2.50.
Croquet Sets, $1 to $8.
Archery Sets, 50c to $1.
Tether Ball, $2 for the game.

FOR GOLF—

Iron Clubs, $1.50.
Wooden Clubs, $2 each.
Caddy Bags, 75c to $5.50.
Haskell Balls, $6 a dozen.

### *Kodaks, $1 to $75.*

And no matter how little you pay for a Kodak here, it will take a good picture—be sure of that.

We sell no kodaks but those made by Eastman, because Eastman's are better than any other kind on the market.

The Kodak Department is easy of access, situated immediately to the left as you enter the lower Penn avenue doors.

For good work and expert work in the way of Developing, Printing and Mounting, let us show you what we can do. All work guaranteed, and prices lower than you suppose.

### *Get Your Palms and Ferns Today.*

Nothing quite so cheerful around the house as plants, and the ones we have on sale are nicely potted. Then there are the Hanging Baskets, filled and all ready to hang. If you come this morning we will have your plants home for you this afternoon.

Palms for 40c, 75c, $2 and $3.25 a pot.
Beautiful Boston Ferns, $1 and $2 a pot.
Rubber Plants, 75c and $1 a pot.
Hardy Ivy, 15c a pot.
Begonias, 15c a pot.
Fern Pans, 50c each.
Hanging Baskets, $1 each.

### *Women's Lisle Stockings, 25c a Pair.*

These would be special at 35c.

We also have children's at the same price. And we may as well say that this special price of 25c could never be made now were it not that we ordered these stockings some 8 months ago especially for this Summer's trade.

For women there are Black Lisle Stockings in lace effects, such as open-work ribs and all-over designs.

A correct stocking to accompany the oxford. Perfectly fast color.

For children we have the same stocking in both black and white.

### *Veiling, 15c a Yard.*

Regular price, 25c to 50c.

A few more pieces of those excellent value Tuxedo Net, plain and chenille Veilings.

These Veilings are of the same grade that you took so readily the first part of the week.

# SENATOR QUAY GOES BACK EAST

## Spent Part of the Day in Pittsburgh and Spoke of Penrose as Possible Chairman.

## INTERESTED IN TECH SITE

### Republicans of Third and Fourth Districts Suggest Candidates for Delegates to State Convention.

Senator M. S. Quay spent a few hours in Pittsburgh yesterday and left for the east in the afternoon. He had a long talk with Francis J. Torrance. He did not meet T. S. Bigelow, and spent the time of his stay in the Allegheny National bank.

Quay is interested in the fight on the technical school site in councils, and is acquainted with the hopes of the Republicans that the stand the Citizens' party is taking will result in a new alignment of political forces before the county election in the autumn and a possible triumph of the Republican party.

Senator Quay on Max G. Leslie's proposition that Republican candidates shall not accept the indorsement of other political bodies, said:

"Under the Foght ballot that matter is entirely eliminated. There will be no party columns."

Senator Quay confirmed the report published exclusively in The Gazette yesterday that Senator Penrose is likely to succeed him as state chairman.

The Republican association of the Third and Fourth legislative districts met last night in the Republican headquarters in Sixth avenue and suggested candidates for delegates to the Republican state convention. The meetings were attended by the committeemen, one from each ward composing the district. In each meeting there was a discussion of the question whether the technical school site should be acquired by direct purchase or by condemnation proceedings, and every man was unanimous for direct purchase.

The meeting of the Third district was presided over by Archibald Mackrell, and Samuel Jamison was secretary. The following delegates were suggested: John S. Lambie, Eighth ward; Adolph Edlis, Seventh ward, and William Hunter, Thirteenth ward. Alternates, Howard J. Owens, Sixth ward; Paul Carson, colored, Eleventh ward, and John Golden, Thirteenth ward. The district is composed of the Second, Third, Sixth, Seventh, Eighth, Eleventh and Thirteenth wards.

At the meeting of the Fourth district, composed of the First, Fourth, Fifth, Ninth, Tenth and Twelfth wards, Henry Godfrey of the First ward was suggested as a delegate to the state convention and Andrew McGraw as the alternate. Eugene Swartzwaelder was chairman of the meeting, and Jeremiah Heasley, secretary.

The president judges of the common pleas courts will probably meet today to select a jury commissioner to fill the vacancy caused by the death of Daniel J. McCarthy. As McCarthy was a Democrat, only Democrats are eligible. The candidates are B. H. J. Carnegie, Alderman John A. Martin of Pittsburgh and William Dillon of Braddock.

## NINE WERE REJECTED.

### Nearly One-Fourth of Police and Fire Bureau Applicants Failed to Pass.

Of the 74 applicants for positions on the police and fire bureaus 41 were examined yesterday by City Physician Alex A. E. McCandless. Thirty-two had the physical requirements and nine were rejected. It is said these men will receive appointments, as Chief Miles Humphries of the fire bureau and Supt. John P. McTighe of the police bureau are badly in need of men.

Capt. Samuel J. Scott announced that the following passed the police mental examinations, there being 56 names on the list: Luke Connor, Harry Cooper, Peter A. McCormick, John F. Toole, Peter O'Mally, Charles F. Schonbein, John J. Neigent, William D. Moore, John A. Larkin, William H. Weaver, G. W. Saddler, George F. McGinniss, Harvey Beck, Allen G. Goss, John T. Mitchell, Patrick Fitzgerald William S. Dillard, James Mitchell, Charles J. Rupp, William Silvus, B. S. Bellew, H. J. Darragh, Reese Jenkins, Henry Carter, H. M. Besselman, John W. Bennett, T. A. Salley, Jasper H. Stoker, Matthew Cassidy, Frank Barrett, John J. Dunn, Patrick Mullin, John H. Barnum, George S. Paner, T. J. Clancy, H. M. Dixon, Thaddeus Herbert, Robert Simmons, J. W. E. Phillips, George J. Hester, Peter S. Toole, Edward W. Levy, Albert Thompson, William Maxwell, James A. Noon, Joseph Hall, Frank P. Brown, James Carney, L. A. Caruthers, Casper Mayer, Edward Brown, James J. Cosgrave and Robert B. Wallace.

The following were added to the firemen's eligible list:

G. H. Austin, Ed. Braman, Peter Tenney, Mark J. McGraw, Frederick Ober, C. B. M. Gratton, John J. McConnell, W. J. Garrity, R. J. Clark, G. F. McKenzie, John Keeling, David O. Evans, James Fitzsimmons, E. J. Emmett, W. C. McGill, C. F. J. Frank, R. J. McCluan, William Watson and John Quinn.

**A Practical Plan for Pensioning Employes.**

NEW YORK, May 8.—The Gorham Manufacturing Company, the prominent silversmiths of New York and Providence, R. I., has recently put into operation a practical plan for pensioning their 2,500 employes in factory and stores which has been most favorably commented upon by leading sociologists.

This plan provides that any employe whose record is satisfactory to the company may be placed upon a permanent pension roll, provided he has served the company for at least 25 years, and receive thereafter as long as he lives, a pension equal to 1 per cent of his wage at the time of retirement for each year of service. Thus, a man who has been with the Gorham company 40 years will receive an annual pension payable in monthly installments, of 40 per cent of the amount he was being paid at the time he retired.

Ample provision has been made by the company to create a permanent pension fund without taxing the employes for the purpose. This is one of the most generous, and at the same time practical, plans yet devised for profit-sharing on an acceptable basis.

## Cathedral Is Sacked By Sacrilegious Thieves

The sacking of St. Paul's cathedral, now in the course of demolition, by boys and young men, has caused the placing of a guard about the edifice while the work is going on. Persons loitering about the church have been taking everything that was not nailed down. Not satisfied with taking what was loose, they cut down one of the trees in the yard. Police Supt. McTighe notified the officer on the beat to look out for the maurauders, and two extra officers have been detailed to guard the cathedral and grounds until everything of value has been removed.

## CONTRACTORS DEFY DIRECTOR M'ILVAIN

### Started Work in Stockton Avenue, Allegheny, Ignoring Orders.

In defiance of E. J. McIlvain's order that work be stopped in Stockton avenue, Allegheny, the Pennsylvania Asphalt Paving Company is proceeding with the contract it has with the city, and the firebrick with which the street had been paved is being carted away. A strip of the old Stockton avenue park, 25 feet wide, has been torn up and trees in the park between Sherman and Marion avenues were chopped down yesterday.

Director McIlvain said yesterday: "That work is being done despite the fact that I ordered it stopped. The bond of the company is not properly drawn, and until this is done the Pennsylvania Asphalt Company will get no order from me to continue the work."

When City Solicitor Stephen G. Porter approves the company's bond I will order the grading and setting of curb on Stockton avenue, but no concreting or asphalting will be done until the street car lines have been completed. I have notified the Pittsburgh Railways Company to proceed at once with the laying of its tracks on Stockton and Marion avenues."

## STRIKING RIVERMEN LOSE THEIR LICENSES

### St. Louis Inspectors Make a Decision of Importance to Men Working on Boats.

Persons holding licenses from the government cannot remain idle without good excuse and at the same time hold their licenses, is the decision rendered by United States Inspectors of Steam Vessels William G. Lundbeck and Archibald Gordon of St. Louis in the case of the Wiggins Ferry Company against the striking marine engineers. It is said the decision is based on the same grounds as the famous Wabash temporary injunction. The licenses of 30 striking engineers at St. Louis were revoked.

The engineers around St. Louis made a demand for a raise of wages, which was granted. The second demand the company refused to grant, and also refused to treat with the agent sent to represent the engineers. It developed at the hearing that the second request was made merely to force the company to interview an outside agent and recognize the union. The engineers testified that they were satisfied with the wages paid after the granting of the first raise.

Improperly digested food upsets the whole system and makes the blood impure. The stomach is weak and needs a tonic. Try the Bitters. It positively cures Sick Headache, Sour Stomach, Constipation, Biliousness, Indigestion, Dyspepsia or Kidney Troubles.

# PLANT PURCHASED FOR COAL WORKS

## Pittsburgh Concerns Awarded a Portion of the Valuable Contracts.

## UP-TO-DATE EQUIPMENT

### Orders for Electrical Machinery. Opening Up a New Field in West Virginia—Cleveland and Boston Capital Invested.

Contracts have just been awarded by Engineer William Glyde Wilkins for the equipment of the mines of the United States Coal and Oil Company in Logan county, West Virginia. Several of the contracts were secured by Pittsburgh concerns. The total cost of the equipment now arranged for will be over $75,000.

To the General Electric Company of this city Engineer Wilkins awarded the contract for two 300-kilowatt alternating-current generators, one 200-kilowatt direct-current generator, three electric mining locomotives and a number of small motors. The Ball & Wood Engine Company of Elizabeth, N. J., secured the contract for two 450-horse power and one 300-horse power Corliss engines to operate the generators. The Atlas Engine Company of Indianapolis will furnish eight 150-horse power tubular boilers. The Aultman-Taylor company of Canton, O., has the contract for four sets of screen equipment for the tipples, and the Arctic Machinery Company of the same place will install a complete artificial ice plant. Bellinger Bros. of this city will supply two chain car-hauls to elevate the cars from the mines to the tipples, and Strong, Carlisle, Hammond & Co. of Cleveland have the contract for the machine tools for the shops.

The United States Coal and Oil Company, which will own and operate the mines, has recently bought 30,000 acres of coal and surface land in Logan county and will open up a new and very fertile field. Work on the new mines is already well under way and when they are in operation they will have a capacity of 6,000 tons of coal a day. Within a year the company expects to double this output. The Chesapeake & Ohio River Railroad Company is now extending its Guyan River branch to Logan Court House. The Island Creek Railroad Company, an underlying company of the United States Coal and Oil Company, will let the contract this week for five miles of railroad to extend from the terminus of the Chesapeake & Ohio at Logan Court House to the company mines. This will give direct outlet to the trunk lines and will make it very easy to get out the coal.

A. F. Holden of Cleveland is president of the coal company, which is made up of Cleveland and Boston capitalists. In order to develop its property fully the company has recently built a complete saw and planing mill and will cut a large part of the timber on the land. Over 200 miners' houses are to be started at once and a large store building and club house will follow in a few weeks.

**Says Mash Is Bad for Milk.**

Meat and Milk Inspector Jacob J. Murphy of McKeesport charged dairymen in and about McKeesport with feeding their stock almost exclusively upon brewery mash, which gives cattle a fat and sleek appearance, but, he says, does not improve the quality of the milk. He says he will bring the matter to the notice of Mayor Falkenstein and try to have him put a stop to the practice.

**Building Bank Account**

is easy when the foundation is laid. You are both architect and builder. It's good building wisdom to plan when materials are low; it's good banking wisdom to begin an account while money is plenty. A single dollar starts the work at the Allegheny Trust Company, 415 Federal street. We have no end of snug accounts that began with a modest dollar. Ours is a strong, well-managed bank. We will welcome your account and do our share toward helping it grow. Four per cent interest, compounded semi-annually, on savings accounts, 2 per cent on checking accounts, are but two of the many advantages offered.

Saturday, May 9, 1903.

The order issued against the marine engineers bears strong resemblance to that issued some time ago against the employes of the Wabash, though there are appreciable differences. It appears their real demands were acceded to upon presentation, but that they made supplementary demands for the sole purpose of forcing recognition of the union. The union was not recognized, nor was the demand, and the employers have asked an injunction to prevent a strike. The court has issued a preliminary restraining order, and in view of the final opinion in the Wabash case, dissolving the injunction on a question of fact, it will be very interesting to note the final outcome in this case.

A new airship Richmond is in the field which has surpassed all of Santos-Dumont's performances. The machine was constructed for the Lebaudy brothers of Paris and was tested yesterday under unfavorable conditions of wind and weather, responding to every wish of its navigators. It proved to be really a dirigible balloon. While it did not sail directly in the face of the wind it did go about three-quarters against a pretty stiff breeze. It answered the helm faithfully and made creditable speed, covering a total distance of 37 kilometers in an hour and a half. It goes far to demonstrate the feasibility of floating balloons under control for useful purposes, though it does not warrant dreams of general travel through the air.

The Irish land bill has passed second reading in the British house of commons by an overwhelming majority. Only 26 votes were cast in the negative. In addition to government members, the measure was supported by Liberals and Irish Nationalists. The bill was sharply criticised, even by some who voted for it, and it is probable it will be amended before final passage to meet some of the objections, but not in any way to alter its scope or purpose. The English people seem to think if they can purchase peace and the good will of Ireland at the price proposed they will be quite generally indorsed in this country by all except the extreme home rule advocates. The serious question is whether the peace and good will really will be delivered upon payment for the land.

As a result of the postal inquiry, Mr. Machen, superintendent of rural free delivery, was relieved from further duty yesterday, pending closer investigation into charges against his conduct of the department. As Postmaster General Payne gets closer into the matter he finds that his department throughout is honeycombed with irregularities at best and it may be by actual frauds at the worst. He is, however, proceeding carefully, and the probabilities are that when the investigation is completed the postoffice department will be in better condition than it has been for many years. We have no doubt those who deserve it will be prosecuted vigorously, and we hope the final outcome will be a system for the department less susceptible to abuses than that which has prevailed.

Select councils' failure to get a quorum yesterday afternoon and evening puts a stop upon the plan to pass the purchase ordinance by that body and send it complete to common council before any further action could be taken upon the condemnation measure. The unavoidable absence of one select councilman in New York had its effect. However, this failure to start the measure from the select council end does not affect the main question. All of the facts favor direct purchase, under the option, of the site that has been fully approved by Mr. Carnegie, as any other course will entail serious delay and may, indeed, jeopardize the final realization of Mr. Carnegie's most generous plan. In any ordinary case, as The Gazette said the other day, we would be disposed to support Director Bigelow in his desire for condemnation proceedings. But in this particular case there has been too much delay already and the expert testimony is all to the effect that the price of $350,000 is less than the value of the property.

China has raised an alarm about the reoccupation of Manchuria by Russia, and Japan at least seems anxious to second the Chinese protest. Secretary Hay is sufficiently impressed to send to President Roosevelt for advice on the attitude to be assumed by the United States. As a matter of fact, Russia began to evacuate Manchuria, submitting at the same time certain demands upon China in consideration of its retirement. Encouraged by protests from the powers, China refused all of the demands, good, bad and indifferent. Russia denied making the demands to which the United States objected, but the United States and the other powers neglected to notify China to accept the others, particularly one affecting sanitary reforms. Russia is moving back apparently until the proper demands are acceded to, as it has a perfect right to do, on the ground that the occupation was to restore order and secure protection for all foreign interests. We still suspect that China is playing upon the prejudices of other nations to best Russia in a diplomatic encounter, though it may be admitted that Russian diplomacy also partakes of the slippery oriental character at times. In any event the United States is likely to fare as well, or better, under Russian control of the territory as under Chinese control.

## *A Rebuff for the Kaiser.*

The collapse of the Bagdad railway syndicate and the indefinite postponement of the project is a setback for one of the kaiser's pet schemes and incidentally reveals the true inwardness of recent diplomatic maneuvering in which royal visiting played a prominent part.

The Bagdad railway scheme dates back to 1888. The project of building a railroad from Constantinople to the Persian gulf was broached many years ago. De Lesseps at the head of a French syndicate tried to obtain a concession for the purpose but failed. England tried to obtain such a concession in 1878, but was defeated by Russian influence. Russia's negotiations on her own account were also unsuccessful, but through the shrewd management and personal blandishments of the kaiser Germany succeeded in doing what other European powers failed to accomplish and obtained the concession in October, 1888.

The Bagdad railway is to connect with the Anatolian railway, which extends from Constantinople into Asia Minor. Starting from Konich, on the Anatolian line, the Bagdad railway has about 1,000 miles to go to reach Bagdad, and thence a line of about 400 miles will reach the Persian gulf. The construction of the road would provide a route to the far east five days shorter than the Suez canal route, and it would open up for commercial development one of the most fertile regions of the world, lying between the Tigris and the Euphrates, the traditional site of the Garden of Eden. So vast an undertaking is too heavy for Germany's own resources and the kaiser has for many years been endeavoring to obtain international financial support and guarantees. English favor was of cardinal importance, as England pays large sums of money to French and Italian railways for the transmission of the mails to the east, connecting with the Suez canal route through the Mediterranean ports. By paying the same amounts to the Bagdad railway as a postal subsidy much quicker service would be obtained. The official sanction of the British government and the pledge of a postal subsidy would facilitate the placing of the necessary loans. British support was reckoned upon, syndicates of financiers were organized at European financial centers to handle the loan, and it is stated that some American capitalists were also interested. But at the critical moment the British government officially refused to have anything to do with the project, the allotment of 25 per cent of the bond issue offered to British financiers was declined and similar declinations came simultaneously from European financial centers. Nothing was lacking to make the affair a distinct and emphatic rebuff for the kaiser's plans, and the circumstances indicate that it is the outcome of new European alignments which have an important bearing upon international politics.

The significance of the affair is that England has taken advantage of the occasion to pay off Germany for her behavior of late years. Ill-feeling between the two countries has been growing since the beginning of the troubles in South Africa and has been specially pronounced in the attitude of the German press. It is so steadily and openly proclaimed that the downfall of the British empire is the national aspiration of Germany; that British public opinion has been aroused on the subject, and the idea has been growing that it behooves England to cultivate the friendship of France and the other Mediterranean powers and to keep on good terms with Russia. King Edward's recent visits to Italy and France are an expression of this change of policy whose significance is now disclosed in a dramatic way. For once German diplomacy has been at fault in anticipating the course of events, for it is hardly possible that a date would have been set for the issue of the Bagdad railway loan if there had been any idea that plans had been matured for such a hard throwdown of the scheme. The outcome must be peculiarly mortifying to the kaiser, since at one stroke not only are his cherished plans discomfited, but a new grouping of national interests is revealed which will give him plenty to think about. England's present leaning toward France disturbs the balance of power in a way that is full of serious concern for Germany and is a serious check to the kaiser's ambitious designs.

## *The Citizen Soldier.*

In a paragraph in The Gazette of yesterday Gen. Willis J. Hulings, a brigadier general of United States volunteers at the close of the Spanish war, and now, as before, colonel of the Sixteenth regiment, N. G. P., referred approvingly to a proposition of the National Military association at its meeting at Columbus, O., for the improvement of the state militia organizations. Congress at its next session will be asked to pass a law providing that each militiaman shall be given $1 for each drill he attends and fined $1 for each drill he misses. In the opinion of Gen. Hulings, than whom there is no more enthusiastic or painstaking citizen soldier, the influence of such a provision would tend to bring state troops to a par with the regulars. Since the Spanish war's lessons have been assimilated by our national commanders there has been as notable an awakening to the need of fostering and building up the state militia organizations as there has been to the need of building up a strong navy. Provision has been made for arming and equipping the state troops as the regulars are armed and equipped, and for their inspection and encouragement by officers of the regular establishment. The object of the war department is to bring the national guards of the states to a degree of efficiency approximating that of the United States troops. The secretary of war and the adjutant general of the army and other officials of the war department and officers of the regular army participated in the proceedings of the National Military association and doubtless they approved the proposition that will be submitted to congress. Therefore we may expect that the support of the administration will be given it and that congress, realizing the necessity of promoting the efficiency of the state troops, will appropriate the required sum of money to defray the additional expense incident to making soldiers equal to the best of the men on whom state and nation must rely in time of stress. Our raw material is unexcelled, and it is well worth all it will cost to train and discipline it. It is estimated that congress will need to appropriate $1,000,000 for the purpose mentioned, and it will be a good investment. The citizen-soldier is poorly rewarded for the time he gives to his soldier duties. The rewards will not be much added to by the small sum that it is proposed to give him for attendance on drills. It is not, however, the money payment that will inspire him to increased effort, but the assurance it conveys that his effort and service are appreciated.

## *The Business Situation.*

The volume of bank loans is usually accepted as an indication of the needs of the business community, and bank exchanges, when analyzed by groups, are often used to determine the general character of business. Taking these indices as a guide, one is justified in the belief that the present needs of the country are unprecedentedly large, and that commercial and industrial, rather than speculative, operations are absorbing funds. According to the reports of all the national banks in the country, the aggregate loans in April amounted to $3,403,000,000, an increase of $231,000,000 over the corresponding period last year and $491,000,000 over the total for two years ago. These figures are, of course, exclusive of the state banks and trust companies. The clearing house returns show that at the large speculative centers there is a falling off in bank exchanges, while at manufacturing centers there is an increase. In Pittsburgh the increase during the past two or three weeks has been averaging about $2,000,000 a day. While the eastern money market has been tending toward ease and rates have declined, interior money markets remain firm, and the outlook is for a continuation of these conditions.

Railroad earnings constitute another very reliable barometer of business, and the reports made during the past week showed astonishing gains. These increases have been coming so regularly and the public has become so familiar with the old story that it hardly appreciates the extent of the expansion. Eleven principal lines made reports of gross earnings for the last week in April which, compared with the corresponding week three years ago, showed gains running from 36 per cent on southern roads to 108 per cent on western roads and 75 per cent on northeastern systems. In 1900, the date with which these comparisons are made, it was generally felt that the country was on the top crest of the wave of business activity. This feeling is all the stronger now, and while there are no signs of hesitation in legitimate trade, there are very marked symptoms of distrust in financial and speculative circles. In a sense this is a wholesome thing, because it naturally begets a degree of conservatism which prompts business men to make preparations for the unexpected.

The two unfavorable factors which developed in the situation during the past week were the spread of labor troubles and the unseasonable weather which retarded farm work at a season when every day is precious. In New York building operations have been brought almost to a standstill by strikes and lockouts. In the west there are evidences of more strained relations between labor and capital, and at some points a sort of armed truce exists between the contending interests. This state of affairs merely adds to the feeling of conservatism that is gradually creeping over the country and increases the disposition to look forward to the possibilities of the coming year when presidential campaigners will be on the alert for "issues" to serve a temporary purpose. The crop bulletin of the weather bureau showed that some slight injury had occurred to winter wheat, that the damage was a little more noticeable in some portions of the cotton belt and that corn planting had been delayed. The course of the markets, however, except in the case of cotton, which advanced to the highest price of the year, did not indicate any serious apprehension as to the future of cereal crops.

The event of the week in foreign financial circles was the floating of the Transvaal loan. The total issue was $175,000,000, and of this $150,000,000 bearing 3 per cent was offered at par. London reports the loan over-subscribed 20 times, and the new security already quoted at a premium. The proceeds of this loan will be used to restore some of the wastes of the South African war. While the success of the loan indicates rising credits abroad, the effects were to some extent neutralized by the maintenance of a 4 per cent minimum rate of discount by the Bank of England. While this Bank of England rate, like our weekly statement of the associated banks of New York, has become more or less of a financial fetisch, still it exercises an influence, because the governors of the bank are in close touch with the great courts of Europe and are supposed to be able to better calculate the future requirements of the money market and maintain a position accordingly.

It will be an unfortunate lapse of courtesy should the American medical brethren make a personal attack upon Dr. Lorenz, the Vienna expert whose visits to this country have attracted such widespread attention.

Defiance, O., has lost a long contested law suit brought to compel the city to pay some bonds. This is another instance in which defiance gets worsted by the law.

Some man has prophesied that a Democrat from New York state will be our next president. This may evoke something of a flutter from Wolferts Roost.

New York is preparing to celebrate during the week of May 24 the 250th anniversary of that city's incorporation. Gilday old thing!

Baltimore has had almost as much fun during the past week as it did when they had a pennant winning baseball team down there.

President Schwab's re-election to the head of the big steel combine has put that "declining health" rumor entirely out of business.

Michigan cucumber growers are to form a combine. Another instance in which cucumbers bring about the doubling up process.

The big cane growers' convention, in session at Macon, Ga., is naturally having a sweet time of it.

The police have so far not succeeded in taking the head off that "barrel" murder mystery.

It is still believed in some diplomatic quarters that Russia is electioneering for a licking.

The bricks that Mr. Bryan is throwing at Grover Cleveland are not gold bricks.

J. P. Morgan is in Europe, but Monte Carlo is still running on full time.

Even Kentucky is getting to be a little ashamed of her own shame.

### Mr. Carnegie's Ideas.

From the New York Times.

The address delivered by Andrew Carnegie as president of the British Iron and Steel institute is as unique among documents of this character as the man who delivered it is unique among ironmasters. To the representative capitalists of the iron and steel industries it will come as something of a revelation. Whatever they may think of his views on the subject of participation in the earnings of a business on the part of those who are mainly instrumental in its upbuilding, the fact remains that no success in the history of British industry is comparable to that which Mr. Carnegie made in and near Pittsburgh. This gives him the right to describe his own methods and express his views with a confidence which dispenses with all apologetic qualifications. Mr. Carnegie has been consistent to a principle throughout. That principle has been to recognize talent and capacity, to put those who possess them in a conspicuous degree in responsible places and to reward them adequately by making them participants in the profits of the business. How this plan worked in the case of the 40 or more young "geniuses" who at various times became partners in the Carnegie business the world knows from other evidence than that which his statement furnishes. * * * * * Mr. Carnegie has great faith in the principle of participation in the profits of successful business by those whose skill and industry are the foundations upon which it is built, and his views respecting it will commend themselves to the approval of all right-minded persons. Even stronger is his faith in the partnership principle which in his own experience worked out results so incomparable.

### IN THE EYE OF FAME.

The Rev. Dr. Buntington, rector of Grace church, will act as honorary chancellor of Union college at the forthcoming commencement in place of Gov. Odell, who was unable to accept the honor.

Queen Wilhelmina, patroness and founder of the incubator institute at The Hague, has been sued for 2,500 guldens by Francis Gerhurd because the latter's boy baby was exchanged for a girl while in the oven.

The kaiser has recently become a land owner in Switzerland, by means of a legacy. A wealthy German merchant bequeathed to the emperor a whole alp, known as the Iffigen Alp, in the Canton of Berne.

Dr. H. H. Rodman of New York, who was surgeon of the hospitalship Maine, has been presented by the British war office with the war medal and clasp for the South African war, and also with the medal for the China war.

Prof. Hugo Munsterberg of Harvard is to receive from the state department at Washington a special credential as one of the three distinguished scientists who are going to Europe for the world's fair commission to insure the success of the scientific congress which is to be held in St. Louis.

The marquis of Anglesey was visiting an orphan home in Sweden a few months ago, when suddenly a little girl laid hold upon his arm and addressed him as "daddy." Without hesitation he accepted the situation invented by the infant, prevailed upon the authorities to let him adopt her, and she is now at Anglesey castle.

### Reliance Must "Find Herself."

From the New York World.

The heads that shook because the new cup-defender Reliance was on record as getting the worst of a "wee bit glide" with the Columbia were shaken too soon. It is to be remembered that Reliance has yet to "find herself," and that she can hardly be expected to do so in a wind not fast enough to take her over the course in anywhere near cup-race time. That her challenger, Shamrock III., has been able to keep away from Shamrock I. from the beginning has nothing to do with the case. The Lipton boat has had wind, water and, except for that mast-smashing incident, good luck at her trials.

There is no reason as yet why the public should not share the hope and confidence of the owners and builders of Reliance. There is little likelihood that Designer Herreshoff, knowing how faithfully Builder Watson has drawn the best hints from his previous work, has either allowed himself to fall backward now or to be tempted into risky departures from approved lines.

### Public Ownership.

From the New York Press.

The fighting in Illinois for the permissive right of cities to engage in such public services as the operation of street railroads and lighting plants, following so closely the contest in the New York legislature against the grabs of franchises, is bound to have a salutary awakening effect upon the people. Municipal ownership when coupled with municipal operation has not been the success which its advocates hoped it would be in cities of the old world, in which civic government was much further removed from party politics than it is in this country, but there can be little doubt of the value of such legislation as a check upon the outrageous exactions of corporations with whom, in its absence, cities must deal. The right to choose between the extortion of a monopoly and the experiment of municipal ownership would be a weapon with which the authorities might demand reasonable terms.

### BALLADE OF THE STOWAWAY.

Take heed all ye that book to sail
Forth to the summer season's idea,
And on the swift outgoing mail
Speed down the harbor with the tides,
A clever stowaway abides
Somewhere 'tween decks, there's ne'er a doubt;
And whosoe'er the fact derides,
Cupid appears the first day out.

While others sleep, he dares to scale,
Unseen, the steamer's lofty sides;
And, wary of the watchman's hail,
To some concealment quickly glides.
What though the captain scolds and chides?
Behold! with saucy flaunt and flout,
With bold grimace he forward strides:
Cupid appears the first day out.

The fearless fellow will not quail,
But, like a dauntless knight, presides
Unchallenged still from rail to rail.
He has a secret, that he prides
Himself 'tis rare that he divides—
But with a knowing smile and pout,
Te you alone the imp confides,
Cupid appears the first day out.

L'Envoi:

O nibnis and sea-going guides,
Keep ye a sharp watch all about;
For, though a little while he hides,
Cupid appears the first day out.

—FRANK WALCOTT HUTT, in Town and Country.

## The Quiet Observer.

ERASMUS WILSON.

Parrots, pugdogs, cats and such
Can't ennoble woman much;
Trained in business, she may gain fine flats
and farms,
May by learning be renowned,
But she'll be a queen uncrowned
If she holds a little baby in her arms.
—THOMAS K. WILLIS.

How about this?

It seems like the trend of things is against the baby and in favor of the poodle and parrot.

There is the fact, for instance, which is the ideal domicil of young folks who marry. It provides shelter and some of the other comforts of life, but it is no place for babies. In fact a baby is out of place in a flat.

However, the average young wife does not regard that as a serious objection, while the elderly bachelor-built husband, considers it one of the most attractive features of the place.

About the truth of the whole matter is, sad to tell, that baby is being crowded out. Even now poodles are allowed in flats and rooms on which are signs in big letters: "No Children!"

Oh, Well! If you think a poodle is better than a baby you ought to have the poodle.

* * * * *

Of course any woman naturally loves a baby. At least, that used to be the way, and every wife felt herself slighted if heaven did not favor her with a few.

But times have changed more or less. Women prefer kissing, and caressing poodles to loving and nursing babies.

This does not apply to all women, for there are some—let us say many—who earnestly desire to become the mothers of men and women who will not only be an honor to them but an honor to themselves and a help to the world.

It is probably true, however, that every woman who is properly mated, as well as married, has a desire, if not an ambition, to add the golden title of mother to that of wife.

Mismating, or marrying for other reasons than love, is the principle cause of the declining popularity of babies.

It is convenient at times to be childless, and free from the incumbrance of a growing family; and there comes a time when it is sad to be alone in the world without chick or child to call your own. It were even a satisfaction to keep a little grave green. Then there would be some one waiting with a welcome over yonder.

Somebody's baby is borne away
By angel hands to the upper day.
Somebody's baby—I know not whose,
Somebody's pet—so hard to lose.
Somebody's life is dimmed by blight,
Somebody's heart is aching tonight.
Somebody's arms are empty now.
Somebody's soul to God must bow.
Somebody's baby—O, why should it be
God in his tenderness passed by me?
In His infinite love and care will I rest,
And more closely clasp my babe to my breast.
—ALICE MAY DOUGLAS.

* * * * *

Dear Mr. Q. O.—There is one woman right here in Pittsburgh who knows just what she wants, and 'tis neither a fashion plate that she may study the graceful, willowy figure—not woman—or one of the gowns that adorns a wax figure, but just a quiet tip on the stock market to enable her to double or treble a couple of thousand in the near future.

I wonder if you can give it her?

Now, Mr. Q. O., there are a few women in your own city, as well as elsewhere, who have an ounce or two of common-sense, and are not always pining for a "fairy" form, handsome gowns and jewels with which to adorn themselves, and I do not believe there are many true American girls longing for a castle in a foreign country with the counts, dukes, etc., thrown in, to lavish on them their admiration.

Of course women like admiration, and why shouldn't they? Men wouldn't like them if they didn't, would they? Do the opposite sex not like it?

However, it very often depends upon how the admiration is bestowed, and by whom, as to whether it is accepted and appreciated, or laughed at when the admirer is out of sight and hearing.

I wonder if the men who seem to make a business of pouring empty compliments into pretty pink ears, ever stop to think what the listener tells her chum in the privacy of her own boudoir. Many a laugh is enjoyed at their expense while the admirer is telling his friend what soft nothings he said to so and so, and how pleased and flattered she was at his attentions?

Now, I have told you what one woman wants, but it is too hard a task to tell what women in general want, or men either, for that matter. It would be easier to tell you what women should have to make their lives happy, as they could be divided into classes.

If domestically inclined, and she does not feel able to cope with the world and fight her own way, but would prefer someone to do it for her, someone whom she loves above all else, then a husband would be what she needed to make her happy and contented. I mean that if a woman marries a man whom she loves deeply and fervently, and finds that man to be what she thought him, a pure, true and noble man, and he marries her because she is the only woman in the world for him, then life for them will be one long dream of happiness and contentment.

If, on the other hand, she marries him for a home, for someone to give her a place to live in, something to eat and to wear, then a life of unhappiness is hers as well as his, but he can at least find pleasure outside his fireside.

There are many women, as well as men, who marry without caring whether love enters into the bargain or not, as we all know.

There is also a class of women to whom marriage does not appeal—the women who for many reasons feel that married life would not bring them the happiness and contentment that other pursuits would, and for them to marry would bring them unhappiness, discontent, and separation and a spoiled life. They should remain single.

Then there are many women who do not seem to meet their affinities, or the men they feel they could love very deeply, were they to emerge from the dark shadows of the valley of somewhere and they prefer to travel life's pathway alone, and many of them find that pathway a very pleasant one, in preference to marrying a man for whom they feel only friendship and high regard.

Are they wise or foolish not to take the gifts the gods offer? GREENY.

P. S.—I believe that were it possible not to make a mistake in the mating, every true, noble woman would say, give me a husband, a home, and a child, or perhaps it would be better to say, a husband, a child, and we will make the home, and 'twill be paradise on earth.

* * * * *

Well, have you any clearer ideas now as to what women want than you had before reading "Greeny's" letter?

The postscript to her letter shows that she is a real woman, and her flow of language indicates that open heartedness and willingness to speak out which characterizes the woman who helps to keep the world moving.

And those are the women who get on in life comfortably and leave it without regrets or repinings.

A woman of this type is almost certain to make the acquaintance of some of the best fellows on earth, and usually when she finds one who is all all-right, she marries him. To her he is the capital prize, and she takes him to herself and keeps him safely in her heart and affections. And he doesn't kick nor struggle very much to get away, if any at all.

What need she care for great wealth, or a palace, or a sumptuous flat. No, no flat for her, particularly one with that horrid sign above the door: "No babies allowed." Her home consists not of brick and mortar, boards and nails, but of a cheery corner where she may meet those she loves, talk of good things, and plan to make life even happier by making it more tolerable for those who are weak and helpless.

She's a beauty, she is! Not as pretty as a peach, perhaps, and maybe not as fragile as a dandelion, yet she is all right, all right, and handsome, too. Yes, even as beautiful to look upon as an houri, or anything most beautiful.

### An Unfailing Crop.

From the Oil City Blizzard.

One crop which is immune from frosts is the snake crop. The reptiles simply remain in a dormant condition until warm weather, when they speedily unfold under the influence of the sun and the presence of the fisherman.

### A Significant Omission.

From the Oil City Derrick.

Dr. Cleveland was not reported as kissing any babies during his recent trip to St. Louis. This ought to put a stop to the absurd tale that he is hunting for another presidential nomination.

## Talked of in New York

GEORGE C. JENKS.

(By Private Wire to The Gazette.)

NEW YORK, May 8.—At a funeral in New York today the general tribute to a dead hero did credit to the people of this city. William McNally, a young fireman who lost his life while doing his duty in the midst of a blazing hell, will be remembered in New York for many years after other men who stand much higher in the social scale have been forgotten. McNally did only what hundreds of firemen in Manhattan may be called on to do any night. He was in an upper room of a house on fire, and was thinking only of saving lives that he knew to be in danger, when he found himself cut off, and, as he lost consciousness, doubtless believed that his time had come. A comrade dashed in after him, and brought him to the ground alive. It was hoped that McNally would recover, but the flames had stamped him for death and he passed away in a hospital after a few hours of agony. The body of this everyday hero lay in his casket before the altar in the Church of St. Catherine of Sienna in First avenue, far east on the East Side this morning, and several hundreds of sorrowful men and women bent their heads as the solemn sentences of the requiem mass were chanted by priest and chorister. In the mass of mourners were a hundred sailors from the battleship Iowa, in which McNally used to be a "Jacky," while firemen, policemen and others who knew and loved the young fellow were there to testify their sorrow and admiration. There was a long procession behind the hearse as it left the church on its way to the cemetery. New York is busy in the daytime, but as the funeral passed along there was a hush and people whispered to each other that this was the funeral of "the brave young fireman, William McNally, who gave up his life in the line of duty."

### Caller from Pittsburgh.

J. C. Tibbetts, who is connected with the Reliance Life Insurance Company of Pittsburgh, of which Judge J. H. Reed is president, is in New York on personal business. He was a caller at The Gazette bureau today.

### Bennett Executors Qualify.

P. J. McNulty of the Bijou theater, Pittsburgh, who has been in New York for the last two days on business connected with the adjustment of affairs under the will of the late H. M. Bennett, has about finished his work and intends to be home tomorrow. He and James W. Platt of Pittsburgh with John Hawkins of Freehold, N. J., have qualified as executors of Mr. Bennett's will under the laws of New York. They already had qualified under Pennsylvania laws and nothing now remains to interfere with the final settlement of the provisions of the will.

### Going to the Races in Coaches.

Four-in-hand coaches are so common in Broadway and Fifth avenue tonight that one might wonder whether time had turned backward in its flight and substituted coaches for trains. The explanation lies otherwhere, however. Morris park races are in full blast, and there is no pleasanter way of getting up to West Chester than in a roomy coach, swinging easily on its springs with plenty of room for outside passengers and a skillful whip handling the ribands. When the coaches come back from the races each day they cannot be got out of sight immediately—because your coach needs a lot of room to turn around in, and they stand outside livery stables and in side streets generally, sometimes for an hour or two. So coaches are becoming almost as familiar as automobiles to the vision of evening strollers up town.

### Almost a Bottomless Pit.

When one stands at Forty-second street and Broadway and looks down into the immense excavation of the subway he gets an impressive reminder of the magnitude of the work that has torn up Manhattan for the last two years. The hole is of enormous depth. It goes down at least 100 feet. So far down is the bottom of the pit that the subway, which shoots off in one direction in a tunnel of its own, is comparatively just below the surface, although it is far enough down to escape the network of pipes and wire conduits that embrace the throbbing arteries of a great city's subterranean life. There is to be an enormous building erected over and in this vast chasm. It will be a new "flatiron" skyscraper, probably more imposing than that already in existence in Twenty-third street. As one looks into the granite-ribbed hole today one realizes how deep the modern builder goes for foundations and cellar room.

### Mowbray Has No Case.

Howard Gould's former valet Mowbray may as well cease his efforts to compel his former employer to provide for him for the rest of his life. The appellate division of the supreme court decided today that Mowbray had no case. The valet lost an eye and was otherwise injured by fireworks owned by Mr. Gould some years ago and insists that on that account his employer had no right to discharge him. There were accusations of drunkenness and insolence brought against Mowbray by Mrs. Gould and Mowbray had to go. The lady was formerly the beautiful Katherine Clemmons, the actress, who will be remembered by Pittsburghers as starring in "A Lady of Venice" at the Duquesne theater a few years ago.

### Not an Unusual Thing.

New York takes all kinds of crooked public jobs as part of its habilities. There is seldom much outward indignation when it is found that some contractor has been playing both ends against the middle for his personal profit at the expense of Father Knickerbocker. So the partly verified report that the new $6,000,000 Croton dam has a foundation of disintegrated limestone has been received with only mild wonder and dismay. It is true that the original story seems to have been an exaggeration of the truth, but that does not seem to bring any more relief than the first report caused distrust. Father Knickerbocker is calm and he will not allow his placidity to be easily disturbed.

### Arbor Day in the Metropolis.

Arbor day is always a pleasant anniversary in Gotham. City children cannot plant trees as so many of their fathers do in country places, but every school in Greater New York today was embowered with plants, cut flowers and shrubbery, while the fragrance of lilac and apple blossom permeated the atmosphere in all of them. Patriotic songs and recitations were rendered and the vigor with which they were thrown out by sturdy young lungs was good to hear.

### Discussing a Remote Contingency.

Patriotism is as rampant in New York, in spite of its self-concentration, as in Pittsburgh or any other city where people have time to remember they are Americans. Tonight everyone seems to be talking about the remote possibility of a war with Russia and of the chance it will give young men to get to the front for a little of the hot work that was seen by a privileged few at the time of the "misunderstanding" with Spain five years ago. Mingled with the hopeful remarks of the young men who would like to take part in a sharp engagement or two with an enemy, whether Spanish, Russian or any other nationality, are fears that the whole trouble will fizzle out, that Russia will get out of Manchuria, and that Uncle Sam will carry his point so easily that there will be not a smell of a fight. And probably the last aspect of the case is the true one.

### Pittsburghers in New York.

The following Pittsburghers are registered at the New York hotels today:

**Waldorf-Astoria.**
J. Mosher.

Mrs. Mahoney.

### Pittsburgh Push.

From the Washington Star.

Pittsburgh is now enjoying a real estate boom. That city seems inclined to neglect nothing that promises profit.

## Political Drift.

Speaking of the Baltimore city election the Philadelphia Inquirer (Rep.) extracts comfort from the evidence that the Gorman-Rasin machine has lost its grip. It says: "Whatever may be the result of the effort to oust Congressman Wachter as mayor of Baltimore on the ground that he was defrauded of many thousand votes, the fact remains that the Rasin machine has been smashed and that Mr. Gorman's grip on the state of Maryland has been materially loosened. Only a few hundred votes separate McLane, the Democratic candidate, from Wachter, and the latter claims that the vote as actually cast was largely in his favor and would have been greater still had it not been for the action of thugs and roughs who defeated the will of the people by every sort of political brigandage and fraud."

\+ \+ \+

The Cleveland hold upon the Mugwump sympathies has not weakened, as is illustrated by the following from the New York Evening Post (Ind. Dem.): "The extraordinary turning of Democratic sympathies to Mr. Cleveland is a fine tribute to character. It shows that such solid parts and services as his can not be permanently obscured by a storm of calumny and detraction. All that he has had to do has been to wait quietly for the whirling of time to bring him its revenges. Where all was execration, all is now acclaim. It is a kind of foretaste of the way in which history makes the scales swing even, which few buffeted men have been permitted to enjoy in their lifetime. Mr. Cleveland is entitled to take thorough satisfaction in the inclining to him angle of his party's thoughts and hopes. Beyond its personal significance, there is cause for gratification in a great political organization showing signs of returning unity. It has been running after false gods. It has been filling its belly with the east wind. Now it is beginning resolutely to pull itself together, to think that it might be just as well to try to win the country's confidence once more, and to cast about for a real leader. It is not strange that there should be mention of the name which was so long a tower of strength and a symbol of victory. His as for the actual nomination of Mr. Cleveland for the presidency next year, that is a matter, we presume, about which his serene philosophy is not at all disturbed. Under the circumstances, it is something which neither he nor his friends can take very seriously."

\+ \+ \+

While the Washington Post (Ind. Dem.) has never been a very warm friend to Grover Cleveland it welcomes his boom for the presidency as a means of dissolving the Bryan hold on the party. It says: "Mr. Cleveland's boom is certainly emphasizing a few important phases of politics just at the present time. One is the eminence of the gold wing and the influence Mr. Cleveland and his friends wield over public sentiment. The cry for his leadership in another presidential campaign will weaken the Bryan prestige in many parts of the country, and undoubtedly have a powerful effect upon the next Democratic national convention. It will help very materially to swing the Democracy back to its ancient moorings at the time when it was occasionally invigorated by a triumph at the polls."

\+ \+ \+

Here is a thought about the 1904 probabilities that may be worth watching. It is from the St. Louis Globe Democrat (Rep.) which says: "If Tammany should carry New York city next November, its mayoralty nominee would be an exceedingly attractive man for the national Democracy. All, or nearly all, of the elements which were arrayed against Tammany in 1901, when Seth Low was elected mayor, will, it is safe to predict, be in the combination against it this year. If the wigwam should overcome this alliance the head of its ticket would naturally figure in the Democratic mind as a man of destiny. The case of Cleveland, who, as mayor of Buffalo, started out on his conquering career, would be cited in his favor. A cry would arise from Texas to Maine for his nomination in 1904. No party in the country's history was ever scanning the political horizon so keenly for a man of destiny as the Democracy is at this time."

\+ \+ \+

Quoting the oft repeated statement that "the silver question alone divides the Democratic party," the Washington Star (Ind. Rep.) begs to differ. It says there are other issues and concludes: "Leaving silver entirely out of the question, therefore, what shall be said about those other issues? What sort of deliverance is necessary all along the line in order that the party may present a reunited front to the common enemy after eight years of division, with all the bickerings and heartburnings that inevitably attend a vigorous and soulful family row?"

\+ \+ \+

Third term talk has no terrors for the Springfield Republican (Mug.). It rages after this fashion: "The no-third-term tradition, how it has lost its weight of late! Of what consequence so small a tradition when greater laws have trampled down? The government of the United States is violating the Thirteenth Constitutional amendment in one of its far-away provinces—deliberately and openly. Half-a-dozen southern states have set aside the Fifteenth amendment, and according to the supreme court there is no power to call them to account or enforce the laws. The enjoyment of empire have led to the violation of article 4., section 3, clause 1, of the Constitution, which is still going on under aegis of congress. The principles of the Declaration of Independence have been so far flouted by the recent policy of the nation that it has become a common thing to hear them combated and ridiculed in public speech."

### Civic Centers.

From the Boston Herald.

One of the suggestions in connection with schemes for remodeling the east side of New York, which it appears must soon be brought about through the new avenues of communication with Brooklyn that are building, is that a number of the civic centers be established. It may not at once appear what a civic center means. Practically, it means the grouping of the public buildings and public grounds that are necessary for, or appropriate to, one of the subdivisions of the city. A recognized public necessity now in a local park and playground. The idea is that this shall be central, as nearly as may be practicable, for a certain ward or district, and that around it, or near it, shall be placed the principal school building, the local public library building, public baths, a court house, if necessary, and, in short, whatever public institutions are provided for that section of the population. It is believed that by such grouping not only public convenience will be served, but that an architectural ensemble may be established that will have positive educational advantages

# BRICKLAYERS STRIKE TODAY

## About 50,000 Western Pennsylvanian's Will Be Idle as a Result.

## CAUSED BY MASONS

### Men Will Go Out to Compel the Disbanding of Alleged Unpopular Union—Brickmakers Also Quit.

All the union bricklayers in Western Pennsylvania, the members of the International Stone union, the members of the National Association of Brick and Tile Makers of America, their helpers and the clay miners and their helpers, which are affiliated with the American Federation of Labor, will all have laid down their tools by noon today. The entire trouble is on account of unionism. Fully 50,000 men will be idle until a settlement has been effected, and all construction work will be stopped.

A mass meeting was held last night by the two bricklayers' locals and the stone masons in the bricklayers' headquarters, No. 510 Wylie avenue.

The contention dates back to June 1, 1901. At this time a dissension arose among the members of the International Stone union, resulting in a division of members. The faction leaving the International Stone union organized the National Stone Masons' union. Since that time the two associations have been at loggerheads. The animosity has increased in intensity until the stone masons of one union would not work with the members of another.

BRICKLAYERS STARTED IT UP.

In order that the bricklayers would not get into trouble in following the work done by either stone unions they held a mass meeting to devise a plan to settle the contention. For three hours the matter was discussed and finally a resolution was passed deciding that the members of the seceded organization must join the International Stone union. It was further decided that all bricklayers remain on strike until the contractors agreed to engage none but the original organization.

Delegates will visit all places where bricklayers are at work and inform them of the action of last night's meeting. There are said to be 7,000,000 brick to be set at Trafford City, Stewart station, and unless the masonry is done by the members of the old organization the bricklayers will not touch a brick.

Another grievance was brought before hte mass meeting last night. The bricklayers at work on the new Allegheny General hospital reported that the National Fire Proofing Company had engaged laborers to set terra cotta. This work belongs to bricklayers. A committee was sent to the officials of the company regarding the matter and the company agreed to give the work over to the bricklayers.

BRICKMAKERS ALSO WENT OUT.

The members of the National Association of Brick and Tile Makers of America, their helpers and the clay miners and their helpers, will quit today at noon. So far neither side has made any effort to adjust matters. The Harbison-Walker Refractories Company officials refused to discuss the matter with the union men. They said they were willing to treat with the individual workers, but not with representatives of labor unions.

The chief complaint is that the trust had discriminated against union workmen. The various locals throughout Pennsylvania, Ohio, West Virginia and Kentucky, having a membership of about 25,000, met yesterday and decided to obey the request of the executive officials and quit at noon today.

The trust never has signed any union scale, its plants all being open factories, employing union and non-union labor alike. The contention is not only against the trust, but against several independent firms.

# MANILA'S WALLS TO STAND.

## Secretary Root Vetoes Governor Taft's Proposal to Raze Historic Defenses.

WASHINGTON, May 8.—The proposed destruction of the walls about the city of Manila has brought out a protest from a number of patriotic societies in this country, and, after considering the matter, Secretary Root has given instructions to Gov. Taft not to disturb the walls.

Manila is now the only "walled city" in the orient and it is Secretary Root's intention to have it preserved. It is quite likely that the moat outside the wall will be filled up as a sanitary measure.

# READJUSTMENT OF OFFICIAL SALARIES

WASHINGTON, May 8.—(Special.)—Another lot of Pennsylvania postmasters had their salaries readjusted today by the postoffice department. The list follows: Chicora, $1,400 to $1,500; Claysville, $1,300 to $1,400; Conneautville, $1,400 to $1,500; Conshohocken, $2,400 to $2,200; Crafton, $1,100 to $1,300; Derry station, $1,300 to $1,500 Dunbar, $1,500 to $1,600; East Brady, $1,600 to $1,400; Edgystone, $1,900 to $1,800; Elizabeth, $1,100 to $1,400; Chambersburg, $2,500 to $2,600; Clarion, $1,900 to $1,800; Clifton Heights, $1,700 to $2,000; Connellsville, $2,500 to $2,600; Coraopolis, $1,800 to $2,00; Cresson, $1,200 to $1,500; Dubois, $2,500 to $2,900; Duquesne, $1,900 to $2,000; East Downingtown, $1,500 to $1,600; Edwardsdale, $1,100 to $1,000; Elizabethtown, $1,400 to $1,600.

# EAST END TO BE FREED FROM SNEAK THIEVES

The police bureau is determined to break up the sneak thieving which has been going on throughout the East End and officers patrolling that section of the city have received instructions to keep a sharp lookout for all suspicious persons. A large number of plain clothes men are making the rounds of the residence section.

**Women Elect Officers.**

WAYNESBURG, PA., May 8.—(Special.)—The annual convention of the Pennsylvania Women's Baptist Foreign Missionary society closed today. A prayer service was conducted by Mrs. Claudia Gregg of West Newton, Pa. The following officers were elected: President, Mrs. M. P. Tustin, Philadelphia; first vice president, Mrs. Reymer, Pittsburgh; state secretary, Mrs. H. N. Jones, Philadelphia; treasurer, Mrs. Mary L. Barnes, Philadelphia.

**Jr. O. U. A. M. Anniversary.**

The 15th anniversary of the organization of the Junior Order United American Mechanics, will be celebrated in the Grand opera house Sunday evening, May 17. The Rev. Dr. T. N. Boyle will deliver an address and there will be vocal and instrumental music. Next Monday Iron City council, No. 171, will observe the anniversary at their hall, No. 1923 Carson street, South Side.

**Field Day at Geneva College.**

Supt. Joseph B. Richey of the McKeesport public schools will have charge of the field day exercises of Geneva college at Geneva park today. Pupils of all the high schools of the Beaver valley are to participate, and many thousand persons are expected to be present.

**Arrested for Making a Speech.**

John Polivitch, Ross Clouse and T. Manachura were arrested yesterday afternoon charged with violating a city ordinance. The three were together in Webster avenue and Polivitch was making a political speech to a number of Italians.

# PERSONALS

"The future of Idaho as the greatest state in the far west is assured," said Gov. John T. Morrison of that state, while in Pittsburgh yesterday. Gov. Morrison is a native of Pennsylvania, and was the guest of his brother, William Z. Morrison, a professor at Shadyside academy. He spoke in glowing terms of the prospects of future development of the state of which he is the chief executive. Gov. Morrison participated in the dedication exercises of the St. Louis exposition buildings, and came east to visit his old home in Brockwayville, Pa., from which place he came to Pittsburgh. Last night he returned to his home in Boise City, where he said houses are heated by natural hot water as it boils up from the ground.

Enoch W. Pitts, cashier of the Peoples National bank of McKeesport, who has been the grand treasurer of the Royal Arcanum for the past four years, will be re-elected without opposition at the bi-ennial session of the grand council in Wilkesbarre next week. Treasurer Pitts and his sister, Miss Lillian Pitts, Representatives J. D. Foster and Charles Baird, T. D. Gardner and wife, Regent M. B. Smith and B. E. Pritchard, all of McKeesport, will leave for Wilkesbarre next Monday night. Versailles lodge, to which the McKeesporters belong, is one of the largest and most important in the state, having about 375 members.

Edward Whitson, a lawyer and politician of North Takima, Washington, was a guest of the Dorset hotel yesterday. "Roosevelt will receive the unqualified support of Washington for the presidency in 1904," said Mr. Whitson. "The Democrats of the state lean toward the Bryan wing of the party, but I doubt very much that they will be for him next year. Everything is so prosperous in the west that the people will hardly vote for a change in the administration." Mr. Whitson spent yesterday with Col. James M. Guffy, with whom he is interested in Kentucky oil fields and left last night for his home.

W. B. Leisenring, representing a New York firm of oculists and opticians, passed through Pittsburgh last night. He is going to Manilla to open an office for his firm. He stated that the number of people in the Philippines that have eye trouble is remarkable, and that the facilities there are insufficient to treat all the sufferers. He said that New York oculists were awakening to the fact that the Philippines have eye trouble as well as Americans, and they are preparing to engage in the business there. Col. Seller's eye-water for Asia was not so visionary after all.

Officials of the United States Steel Corporation, headed by President W. E. Corey of the Carnegie Steel Company, returned to the city last evening from Columbus, where they made an inspection of the cold plants of the United States Steel Company. No report has yet been made as to the result of their trip.

John Alburger, a prominent merchant of Philadelphia, was a passenger on the limited last night for Chicago. Mr. Alburger is interested in the importation of silks from China, and stated that he believed the day would come when Russia would absorb that country. He believed it would be the best thing that could happen to China.

H. F. Spicer of Philadelphia, major general of the Pennsylvania division of the United Boys' brigade of America, registered at the Hotel Lincoln yesterday. He will remain here several days.

Mrs. J. E. Schwab and her son, Charles Schwab, nephew and namesake of C. M. Schwab, the steel magnate, are registered at the Schenley.

**Neighbors Visiting Pittsburgh.**

The following visitors from nearby towns registered at Pittsburgh hotels yesterday:

Duquesne—Warren McCreary, Butler; S. R. Dresser, Bradford; F. R. Shryock, Meadville; F. L. Beebe, Youngstown, O.; W. H. Clingerman, Scottdale; John Reis, New Castle; W. M. Peterson, Wheeling, W. Va.

Henry—Frank S. Senior, Steubenville, O.; Edwin Robinson, Fairmont, W. Va.; James M. Miller, Ellsworth; George H. Hyde, Ridgway; M. E. Moore, Connellsville; D. E. Davis, Youngstown, O.

Seventh Avenue—V. A. Henderson, Altoona; A. J. Stewart, Washington; J. T. Godfrey, Alliance, O.; E. H. McConnell, Grove City; H. R. Mattern, Franklin.

Griswold—B. F. Spencer, Wellsboro; A. H. Stackhouse and D. G. Amber, Altoona; William Hoffman, Steubenville, O.

Monongahela House—George B. Gortz, Charleston, W. Va.; Frank D. Russer and R. Rose, Youngstown, O.

Lincoln—C. L. Elliott, Altoona; M. M. Wilson, Clarion.

Victoria—H. H. Camp, Vandergrift; E. L. Clark, Youngstown, O.; T. L. McGranahan, Wheeling, W. Va.

Anderson—S. H. Simpson and C. W. Coulter, Oil City.

Newell's—E. R. Sheyre, Parkersburg, W. Va.; James Price, Sharon; H. A. Turtwangler, Greensburg; J. A. Evans, Beaver.

# YOUNG FAULKNER QUITS.

## Leaves the Army in Consequence of Alleged Irregularites in His Accounts.

WASHINGTON, May 8.—Secretary of War Root has accepted the resignation of first Lieut. Charles P. Faulkner of the Eighth infantry, "for the good of the service." Faulkner, while serving in Alaska, was charged with misappropriating funds belonging to enlisted men and also with being short in his accounts. The money losses were made good by the young man's father, ex-Senator Faulkner of West Virginia. Leniency was shown because of the good record of the officer in the Philippines. Faulkner received a commission in the regular army during the Spanish war.

The secretary has ordered a court-martial to try Lieut. J. F. McCarthy of the Nineteenth infantry, who is charged with duplicating his pay accounts, and who tendered his resignation. McCarthy is under arrest at Fort Leavenworth.

# FILLED VACANT JOBS.

**County Commissioners Appoint a Number of Registry and Property Assessors.**

The county commissioners yesterday made a number of appointments, filling all the vacancies in the county among the registry assessors and the property assessors. The commissioners say that only vacancies were filled, and there are no recent discharges. The appointments were:

Registry assessors—H. W. Bakley, Third district, Wilmerding; Martin Newcomb, Third district, Fourteenth ward, Pittsburgh; Jacob Mertz, Fifth district, Sixth ward, Allegheny; J. F. Bresnan, Second district, Sixth ward, McKeesport; Charles Kane, First district, Fifth ward, McKeesport; John M. Jordan, Second district, Cornopolis; D. J. Buckley, First district, Sharpsburg; John D. Harper, Fourth district, Coraopolis, and Edward M. Island, Third district, Cornopolis.

Property assessors—Stephen Bulger, Lower Versailles township; John T. Baker, Clairton, the first assessor ever appointed there; George V. Dale, Ingram, and Joseph B. Britchard, Twenty-first ward, Pittsburgh.

# WOMEN SAY OF PE-RU-NA:

"I am Healthy and Happy Once More."

Miss Hattie Grace, 254 W. Forty-sixth St., N. Y., writes:

"PERUNA HAS CHANGED ME FROM A FRETFUL, IRRITABLE, NERVOUS WOMAN, INTO A HEALTHY AND HAPPY ONE. NOTHING SEEMS TO WORRY AND TO FRET ME ANY MORE. SINCE EARLY WOMANHOOD I SUFFERED WITH BEARING DOWN PAINS AND NERVOUSNESS. I WAS THIN AND WORRIED, BUT PERUNA RESTORED ME. THOSE WHO KNEW ME BEFORE CANNOT UNDERSTAND THE CHANGE, BUT I CAN SUM IT ALL UP IN THE BLESSED WORD PERUNA."

**A Heart to Heart Talk With Women By Dr. S. B. Hartman, M. D.**

If all the sick mothers, invalid daughters and diseased sisters in this broad land would take the following ladies' simple and direct testimony to heart and do as they have done, no pen could describe the benefit that would follow.

There are so many women, especially married women, who drag themselves wearily around from year to year without any particular disease and yet miserable beyond description.

They ache and tremble and throb, growing more nervous, tired and debilitated every day.

For this class of sufferers Peruna is the most perfect remedy in existence. It relieves, it soothes, it quiets, it strengthens, and no tired, overworked woman in the land should be without Peruna in the house for a single day.

Those women who desire to consult Dr. Hartman may do so in all confidence. He has an experience of over 50 years in the treatment of women's diseases and gives his advice entirely gratis. Thousands of women have been cured by correspondence.

Dr. Hartman has written a book especially for this class of women. It is entitled "Health and Beauty," and will be sent free upon application. It gives invaluable advice for the maid and matron.

**A Letter from Minnesota.**

Mrs. Pauline Winters Hausen, 211 Twenty-ninth avenue, West, Duluth, Minn., writes:

"I want to say a good word for Peruna, as it has cured me of severe female trouble combined with nervousness. For two years I used remedies without lasting benefit. Four bottles of Peruna cured me entirely. I feel better than I ever did before, which I owe to Dr. Hartman and Peruna. Dr. Hartman has answered every letter that I sent him free, and does for every one who applies to him."—Mrs. Pauline Winters Hausen.

**A Letter from Mrs. Senator Warren.**

The following letter from the wife of the late governor, and now United States senator, F. E. Warren of Wyoming, was received by the Peruna Medicine Co.:

"Washington, D. C.,
"148 Wyoming St.

"To the Peruna Medicine Co.

"Gentlemen: In the sacred cause of humanity I wish to bear testimony to the great efficacy of your valuable medicine, Peruna. I am never without it, either in my home or in my travels. It is truly a great triumph of scientific medicine. I am constantly troubled with colds, cough, etc., but thinks to your good medicine, Peruna, I always find a prompt cure. I have recommended it to my friends, every one of whom reported most enthusiastically of its good work.

"Notably, one gentleman in my home, Cheyenne, who had tried many medicines under different physicians and had given up hope and his business. After taking a portion of the second bottle he was enabled to walk a mile at a time and has now resumed his business. I believe no medicine ever brought before the public has effected so many permanent cures as Peruna."—Mrs. F. E. Warren.

**A Letter from Missouri.**

Mrs. Martha Frederich, Cole Camp, Mo., writes:

"I feel it my duty to write and tell you of the good your Peruna has done me. I was subject to female weakness. For six years I suffered more or less. We had consulted various doctors, who gave me relief, but no cure.

"I have suffered a great deal, and my husband had very large bills to pay. In despair I decided to try Peruna, and the first bottle taken according to directions gave me relief.

"I have had no backset since then. Since we have used Peruna a doctor has seldom been in our house.

"It would take a book if I were to tell all the good that Peruna has done in our family."

**A Letter from Ohio.**

Mrs. Mary J. Houston, 218 Washington avenue, Columbus, O., writes:

"It is through the mercies of God and your Peruna that I have been cured. I have been a constant sufferer from bowel and stomach trouble for the last five years. Last winter I was better, then took worse. I sent for a doctor and requested him to tell me what was the matter. He told me I had bowel consumption. I then consulted with six physicians, and at this time was almost dead. I took three kinds of patent medicine, but without any relief.

"The minister at West Jefferson called to see me and seemed to think I had but little longer to live. I was then sent home to Columbus. When my cousin advised me to use Peruna. I said: 'If Dr. Hartman can cure me he can raise the dead.' I think he can, for I am cured: can eat fruit or anything I want. This I have not been able to do for years. I am also cured of heart trouble, which I had for 12 years. I began taking Peruna the 18th of last August, and have taken five and a half bottles. I am perfectly cured and feel as though I were only 19. I only weighed 84 pounds, and now I weigh 132. My case was catarrh of the bowels; and I hope that any who are suffering with the same will give Peruna a trial. Thanks to Dr. Hartman, as I would have been in my grave had it not been for Peruna."—Mary J. Houston.

**A Letter from New Jersey.**

Mrs. Sarah Frye, 204 Sylvan avenue, West Asbury Park, N. J., writes:

"I have not words to express my gratitude for the wonderful cure that Peruna has done for me. It is a Godsend to all suffering women.

"Peruna has done wonderful work for me. I was sick over half of my life with systemic catarrh. I want this letter published far and wide, as I was a great sufferer, but today I feel as well as anybody can feel. Nearly all my life I have spent nearly all I could make and scrape for doctors, but none of them did me any good; but since I started on your Peruna one year ago I have at last found relief.

"I had begun to think that I was not going to get well, but thank God I am all well today. I hope and pray you may live long to help others as you have helped me."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

"Instead of being a walking drug store I am growing fat and doing well. I will never be without Peruna and Manalin."

Notice of funeral later.

LAMAR—On Wednesday, May 6, 1903, at 2 a. m., JOSEPH LAMAR, SR., in his 75d year.

Funeral from his late residence, No. 176 S. Main street, on Saturday morning at 9 o'clock. Solemn requiem mass at St. Martin's church at 9:30. Friends of the family are respectfully invited to attend.

NEAL—On Thursday, May 7, 1903, at 8:40 a. m., EMMA M., widow of John W. Neal, in her 41st year.

Funeral services at her late residence, 262 Welsh avenue, Wilmerding, Pa., on Saturday afternoon at 2 o'clock.

[Gallipolis (O.) papers please copy.]

THOMPSON—On Wednesday, May 6, 1903, at 10:20 p. m., MRS. CATHERINE STEWART THOMPSON, relict of Robert S. Thompson, in her 90th year.

Funeral services at her late home, in Shaler township, on Saturday morning at 10 o'clock. Carriages will leave H. J. Anderson's livery stable, No. 216 North avenue, Millvale, at 8:30 a. m. Interment in Unionvale cemetery.

# SIX ITALIANS ARE HELD FOR MURDER

## Vito Laduca, Formerly of This City, Among Those Accused.

## ONE MAN IS MISSING

Giovanni Zacconi, Whom the Police Are Looking for, Also Implicated by the Coroner's Jury.

THE PITTSBURGH GAZETTE BUREAU, Herald Building, Herald Square. NEW YORK, May 8.

Six of the Italian suspects in the barrel murder mystery, including Vito Laduca, who was recently in Pittsburgh, were held today by the coroner's jury as accessories to the crime and a seventh man is being looked for.

The verdict of the jury was: "We find that Benedetto Madonia came to his death on April 14 from incised wounds of the throat, inflicted by some person or persons unknown to the jury, and we find as accessories thereto Tomasso Petto, Guiseppe Fanaro, Guiseppe Morello, Pietro Inzerillo, Antonia Goneva, Vito Laduca and Giovanni Zacconi." The last man is the one who has not been arrested.

That the prosecution will not have to depend upon the testimony of the stepson of the murdered man, whose dread of Mafia vengeance is apparently so great that he became uncertain as to the identification of Benedetto's watch, found in a pawn shop, where, it is alleged, Petto placed it, a ticket having been found on him when he was arrested. Within a few days the case will be presented to the grand jury.

C. P. GRENEKER.

Vito Laduca, one of the Sicilians under arrest in New York on suspicion of having been connected with the "barrel" murder mystery, was arrested in this city yesterday by Detective Edward Barry and Secret Service Agent William P. Walsh on January 17, under suspicion of having been connected with a counterfeiting gang then operating here. As there was not sufficient evidence to sustain the charges made against him he was released and went to New York. He is a well-known counterfeiter, however, and it is believed he went to New York to raise money to defend two Sicilians arrested here for passing counterfeit money.

## ALCOHOLISM KILLED A SIX-YEAR-OLD BOY

### Spasms Were So Violent That Both His Ankles Were Dislocated.

[SPECIAL TELEGRAM TO THE GAZETTE.]

GREENSBURG, PA., May 9.—From excessive whisky drinking, George Edenbo, the 6-year-old son of John Edenbo, a tenant of the A. B. Moore farm, east of Greensburg, died this morning after 20 hours of agony. He was seized with spasms so violent that he dislocated both ankles. A sale was held at the Moore farm yesterday and the child secured a bottle of whisky, from which he drank heavily.

He was put to bed after being given an emetic, but after the primary effects of the whisky had worn off he was seized with violent convulsions. Doctors worked all the afternoon and a great part of the night in their efforts to counteract the effects of the whisky, but the little fellow, racked and weakened by spasms, sank into the final slumber. Coroner Wynn determined that he died of alcoholism.

## WORKERS ARE IDLE.

### Building Operations in New York at Standstill Because of Labor Troubles.

NEW YORK, May 8.—(Special.)—Almost the last of the surplus sand and lumber was used today on building operations here. Monday will hear hardly the sound of a hammer on millions of dollars worth of incompleted structures. Among buildings which must suffer by the trouble is the new custom house at Bowling Green. Only a half dozen men were working there today.

Work has ceased on a dozen school buildings. Next fall the city will, in consequence, return to the congested condition for which a remedy has been sought so long.

## MUST NOT DUPLICATE.

### Duff Manufacturing Co. Secures Injunction Against Buckeye Jack Co.

NEW YORK, May 8.—(Special.)—In the United States circuit court today an injunction was granted by Judge Lacombe, in a suit brought by the Duff Manufacturing Company of Pittsburgh, Pa., enjoining the recently organized Buckeye Jack Manufacturing Company and its agents, from duplicating the catalogues, testimonials or other advertising matter of the defendant and from offering for sale or selling jacks made by the Buckeye company, as "Barret" jacks.

The Duff company is the largest manufacturer of jacks in the world.

## GOVERNOR WILL AID STRIKE SETTLEMENT

OMAHA, NEB., May 8.—A plan for the settlement of the strike, which now involves more than 3,000 teamsters, restaurant workers, freight package handlers and members of the building trades, was reached late this afternoon, in which Gov. Mickey will be a prominent figure. The plan provides for the appointment of a committee of seven from each side who will sit with Gov. Mickey as chairman.

## ANGRY SCHOOLBOY FIRES BUILDING

NEW YORK, May 8.—(Special.)—Because he was angry with his teacher Eddie Luke of Brooklyn set fire to the Butler street public school yesterday. This morning he was arrested. His teacher sent him to the principal to be disciplined and on his way from one room to another Eddie found a closet filled with paper and books. He threw in a lighted match and fled.

**Bribery Charge in Massachusetts.**

BOSTON, May 8.—The committee on rules of the Massachusetts senate today decided to report to that body resolutions of the senate to investigate charges of bribery made by George J. Raymond of Boston. Mr. Raymond alleges that a senator last year offered for a money consideration to prevent the passage of a bill which affected Mr. Raymond's business.

**Trolley Parks Open Sunday.**

Calhoun, Oakwood, Southern. New amusements. Calhoun has Pawnee Bill's Wild West Banda Rossa, H. F. Blaney and Pleisig Duo. Oakwood—Second Brigade band and Cunningham, illustrated songs. Southern—Guenther's Greater Pittsburgh band and H. J. Lindsay quartet of southern warblers. Free.

# STREET CAR MEN END CONVENTION

## Officers Elected and Chicago Chosen for Next Place of Meeting.

## PROTEST TO PRESIDENT

Resolutions Passed and Sent to Roosevelt Objecting to Placing U. S. Mail Signs on All Cars.

The eighth convention of the Amalgamated Association of Street Railway Employes of America closed last night. The meetings commenced Monday in the Victoria hotel. The officers for the ensuing term were elected as follows: President, W. D. Mahon, Detroit; first vice president, A. W. Morrison, St. Louis; succeeding O. S. Walker, Dayton; second vice president, B. Cummings, New Orleans; third vice president, J. C. Colgan, Chicago; fourth vice president, D. Miller, Toronto; fifth vice president, J. Kelley, Lynn, Mass.; sixth vice president, J. E. Thomas, Lima, O., and seventh vice president, J. J. Thorp, Pittsburgh. Last year there were only three vice presidents, but on account of the organization spreading it was decided to increase the number to seven. Regin Orr, of Detroit, was elected secretary.

The executive board consists of Daniel Dillworth, Detroit, chairman; W. Reeves, Pittsburgh; C. O. Pratt, Cleveland; W. Jacobs, Louisville; D. Reed, Chicago; William Fitzgerald, Troy, N. Y.; F. Feigh, Ypsilanti, Mich.; M. St. Clair, Toronto, and R. Cornelius, San Francisco.

It was decided to hold the next convention in Chicago in October, 1905. Since the organization was effected the meetings have been held in May, but the change was decided upon on account of it being a more suitable time for the traction men to leave. The convention decided to make Detroit the national headquarters.

An important subject considered yesterday was in regard to the using of street cars for carrying United States mail. It was argued that all street cars have the "U. S. Mail" sign attached, while only a small portion of them carry mail. The following telegram was sent to President Roosevelt, being the resolutions adopted on the subject by the convention:

Whereas, Undisputed proof of the open and flagrant abuse of the United States mails by different street car companies and postoffice officials, notably in New Orleans and San Francisco, have been brought to the notice of the eighth biennial convention of the Amalgamated Association of Street Railway Employes of America; and,

Whereas, The purpose of said abuses is to deprive the members of our organization of their sacred rights by having postoffice officials hold up and rifle letters of the members of this association for the purpose of giving undue information, contrary to the law, to street car companies, to the detriment of our members, and of street car companies by placing United States mail signs, contrary to the ruling of the postmaster general, on cars not carrying mail, in time of trouble between street car companies and our association for the express or designed purpose of restraining our members from enjoying the rights due them. Therefore, be it

Resolved, That this, the eighth biennial convention of our association, by unanimous vote condemn the action of the postal officials for their negligence in not enforcing the postal laws governing delivery and transmission of mail, and that the committee appointed to bring this matter to your attention ask your excellency, as the chief executive of this nation, to use your good offices in demanding of the postmaster general and his subordinates that the postal laws be enforced and these abuses corrected.

## POLICE CHIEF OUT ON BAIL

### Glassport Officer Charged With Breaking Woman's Leg With His Mace.

Chief of Police Edward S. McGowan of Glassport was held in $1,000 for court yesterday by Alderman P. S. Langsdorf of McKeesport, on a charge of aggravated assault and battery. Mrs. Mary Reno of Glassport is in the McKeesport hospital where one of her legs is to be amputated as a result, it is said, of an attack made by Chief McGowan.

The chief is said to have beaten the woman with his mace until her limb was fractured and the bone splintered so badly that it will not unite. The chief had begun a crusade against the proprietors of speakeasies and he attempted to arrest the Reno woman on suspicion. She refused to open the door to him, but lifted the window. Chief McGowan is said to have thrust his arm under the window and to have used his mace upon the woman's body while she attempted to keep him out.

## RAILROADS BLAMED.

### Leaving Coal Cars Uncovered in Yards Tempts Children to Steal Says Mrs. Schoeff.

DETROIT, May 8.—The concluding session of the meeting of the National Congress of Mothers this afternoon was a conference on "Child Saving Work." It was opened by Mrs. Frederick Schoepff of Philadelphia, who said in part:

Railroads are more or less responsible for crime among the juveniles of the large cities. Coal cars are allowed to remain uncovered or unguarded in the freight yards, and thus children are tempted to steal coal.

A law should be created prohibiting junk dealers trafficking with juveniles, and no child should be allowed to deal with pawnbrokers.

I would recommend that the best women of a community attend the sessions of the juvenile courts and thus give the judges and complainants to understand that the children have friends who are interested in their condition. Women of influence will thus hold the juvenile court judges in restraint, and just decisions will be rendered.

## DISCUSSED DOCTRINE.

### Lutheran Ministers Receive Report of Incorporation Committee.

At the tihrd day's session of the German Evangelical Lutheran synod of Missouri yesterday there was a discussion of the paper by the Rev. A. E. Fry, which on Thursday aroused the theologians at the meeting. Mr. Fry defended the faith against the encroachments of modern theological schools and attacked the teachings of Prof. Harnack of Berlin.

The report of the committee on the incorporation of the synod was still under discussion when the synod adjourned and final action was deferred.

## M'KEESPORT DEBT NOT TO BE INCREASED

The committee on finance of the McKeesport councils at its meeting last night turned down the ordinance introduced by Councilman Charles C. Abbott to increase the indebtedness of the city $400,000. George S. Lysle, chairman of the committee, had to cast the deciding vote. It had been intended to expend $115,000 for repaving Fifth avenue and Walnut street; $125,000 for a city light plant; $100,000 for a city hall; $30,000 for a poor farm and the balance for other improvements. It is likely the matter will be brought up again.

## DECLINES A CALL TO BRADDOCK CHURCH

The Rev. Arthur Lewis, pastor of the Leechburg Protestant Episcopal church, who was nominated rector of St. Mary's Protestant Episcopal church, Braddock, the memorial from Charles M. Schwab to his wife's mother, Mrs. Mary E. Kinsey, has declined the appointment. The Rev. William Stengel of New York city has been asked to take charge of the congregation. He will reply tomorrow. The former rector, the Rev. George A. Dyess, accepted a call to the Protestant Episcopal church at Bellevue in March.

**Young girls at this period of life, or their mothers, are earnestly invited to write Mrs. Pinkham for advice; all such letters are strictly confidential; she has guided in a motherly way hundreds of young women; and her advice is freely and cheerfully given.**

School days are danger days for American girls.

Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

**Lydia E. Pinkham's Vegetable Compound** has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

**A Young Chicago Girl "Studied Too Hard."**

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of **Lydia E. Pinkham's Vegetable Compound and Liver Pills.** When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give **Lydia E. Pinkham's Vegetable Compound a** trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more.—LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill."

**"Miss Pratt Unable to Attend School."**

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much **Lydia E. Pinkham's** wonderful **Vegetable Compound** has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness."—MISS ALMA PRATT, Holly, Mich.

**Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life.**

**$5000 FORFEIT** if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.
Lydia E. Pinkham Medicine Co., Lynn, Mass.

White Wear Sale Closes Today.

HORNE-STEWART CO
DRY-GOODS
Saturday, 9 May, 1903

NO cessation of effort that the last day of the advance opening of summer millinery and warm-weather wear shall equal the first in attraction to the big sister, but today is especially for particular young people and perplexed mothers.

Warm Weather Wear for Boys
The quickest way to tell it is to write down "everything for summer and a department all their own" with no perplexities beyond those that come from quantity.

SUMMER TIES
If they were as long these new string and four-in-hand ties for boys would cost as much as those for men—they are just as good and are made for boys and to please them. 50 cents and..... .25

SUMMER SHIRTS
Negligee Shirts in Madras, Percale and the extremely new Matapolana, white and colors, 1.50 and..... 1.35

SUMMER CAPS
Not an old cap in the department—new styles in cheviots, cassimeres and coverts, 1.75, 1.50, 1.25, 1.00, .75 and..... .50

SUMMER WAISTS
This refers to the "Star" Blouse Waist—light madras and oxfords, white and colors, 1.25 and... 1.00
Military Blouse Waists in Madras and Mercerized, 1.50 and 1.35.

2 TO 6 YEARS
1.25 Little Boys Russian Blouse Wash Suits, new colorings, new conceits in fashioning and making, 1.25, 1.35, 1.50, 1.75 and by easy steps up to..... 10.00

2, 2½ AND 3 YEARS
1.25 Little Tots Wash Kilts in white and colors from 1.25 to 4.50.

2½ TO 12 YEARS
75c Sailor and Military Blouse Suits, regulation and Peter Thompson shapes, confined styles and exclusive patterns, 75, 1.00, 1.25, 1.35, 1.50 and thence gently up the grade to..... 6.50

3 TO 16 YEARS
25c Wash Pants, galateas, ducks, linens, crashes, knee and middy styles from 25 cents to..... 1.25

Childrens Day

The best way to know is to spend an hour knowing the welcome's there with no one to tease you to buy. Type can't make you understand and nothing will please us better than your finding out.

For Young Girls and Children
From the daintiest to the most serviceable dresses and coats for children and young girls and the satisfaction of knowing they are priced right and nobody has better.

WARM WEATHER WRAPS
Light Tan Covert Coats for girls from eight to fourteen years..5.50 to 15.00
Silk Coats for girls from three to eight..... 5.00
Silk Coats for girls from four to six..... 14.00 and 15.00
Silk Coats for girls of six..... 7.50
Pique Coats for girls from two to eight..... 5.00 and 8.75
White Mohair Reefers, all white, and in white faced with red or blue..... 8.75

SUMMER DRESSES
Childrens White Dresses in Persian Lawns, three to ten years..... 3.50, 5.50 to 10.00
And an endless variety of little dresses in lawns, madras and all the popular materials and in the darker colors for school and play from..48 cents to 2.00
Peter Thompson styles and effects in White, Blue and Natural Linens, including duck and the mercerized fabrics.

CHILDRENS MILLINERY
And who shall write of the millinery and how shall it be said? The dainty, delightful designs must tell their own story in their own way at the store—the day is theirs to make their summer bow, and they will fail you not nor the store that stands sponsor for them.
No harm in saying the childrens hats range from 50 cents up to 5.00 in hats ready-to-wear, and in dress hats for as much or as little as you will want to pay.

A Coat Bargain
Little coats in flannels, broadcloths, plain and trimmed, in blue, tans and reds. Selling every day at 5.00 and 6.00. Saturday..... 2.95

Shop by mail 233-235 FIFTH AVENUE Buy by phone

# TUNNEL PART OF TRACTION PLAN

## Independent Street Railway Lines Believed Allied to River Project.

## BIGELOW TO BE IN BOTH

### Pittsburgh's New Lines Will Cross the Proposed Tunnel in Spring Alley and Reach It at Foot of Webster Avenue.

The plan to tunnel the Allegheny river is connected with the scheme for independent street railways in Pittsburgh, for which charters were secured last winter. Both, it is understood, are to be backed at the right time by T. S. Bigelow and the Mellons, who as yet have not appeared in the case.

In addition to the Pittsburgh capital interested in these plans there is New York capital behind both. A large portion of the preliminary work of both corporations has been carried on in the metropolis, where the plans have been worked out with much secrecy.

E. G. Daum, one of the reputed directors of the Pittsburgh & Allegheny Subway Tunnel Company, said yesterday that the company proposes to construct a tunnel from North avenue and Sandusky street, Allegheny, to Grant street, Pittsburgh. Two street car tracks are to run through the tunnels. If this is done it will in two places come within striking distance of the proposed lines of the new Pittsburgh traction interests. One line of this comapny runs down Spring alley as far as Eighth street, so that it would cross the tunnel. Another comes down Webster avenue to its lower end, thus reaching practically the tunnel at that point.

CONNECTION BY ELEVATORS.

The connections between the surface line and the tunnel would necessarily be by elevators. That the promoters of the new Pittsburgh lines would look forward to obtaining a shere of the big traffic between the cities was to be expected, but few had foreseen that the method of doing so would be by tunnel beneath the river. The bridges are all occupied by the Pittsburgh Railways Company, however, and unless a new bridge is erected the only alternative is a tunnel. The original cost of construction of this is greater than that of a bridge, but the cost of maintenance is much less and on the whole it has been the experience of railroad companies that a tunnel is more economical than a bridge.

While the Bigelow interest has been carefully concealed in both of these enterprises, there is no reason to doubt and every reason to believe that as soon as matters assume such shape that he can take an active part, Mr. Bigelow will duly appear. The political alliance of Bigelow with Mayor Wyman of Allegheny holds that part of the traction project in shape, for Wyman seems to control entirely the tunnel plan.

OFFICERS OF TUNNEL COMPANY.

The tunnel company has completed an organization by the election of Robert L. Henderson of Allegheny common council as president; John H. Armstrong, as vice president; H. W. Hespenhelde as secretary, and Amos Blum, treasurer. The directors include Mayor James G. Wyman, Dr. Andrew Easton, John H. Armstrong, Robert L. Henderson, George Johnston, H. W. Hespenhelde, Robert Clough, Amos Blum, George Gosnasky, S. Lennox and E. G. Daum. Mayor Wyman is also chairman of the executive committee. The capital of the company was increased from $250,000 to $5,000,000 it is said, at a mysterious meeting held Thursday evening. None of those connected with the company will discuss the meeting.

All reports about the new tunnel are denied by those who are taking the brunt of the publicity so far. Some of those reputed elected to office at the tunnel company meeting Thursday night deny having attended.

The denial of S. S. Leslie, the principal promoter of the new Pittsburgh traction interests, is more guarded. He says that to date not a cent of money has been put into the projects by T. S. Bigelow or the Mellons, but what the future will develop, he says, is not to be told. He states also that there is no connection between these lines and the tunnel line and claims to be entirely ignorant of the plans of the tunnel promoters.

## MORE HOTELS NEEDED.

**Local Committee Making Plans to House Visiting Railway Conductors.**

Delegates to the twenty-ninth biennial convention of the Order of Railway Conductors arrive here on every train. Hotel accommodations will not be sufficient to house all the visitors and arrangements are being made whereby the rest may be cared for in private homes.

The committee on officers met yesterday and hope to have their report ready for Monday morning. The committee is composed of W. F. Theilhoff, Broofield, Mo., chairman; E. C. McCullow, Salt Lake City; W. W. Cooke, New Orleans; R. B. Evans, Ft. Wayne, and W. C. Gurney, Oneota, N. Y.

The ladies' auxiliary of the order met in Arnfeld's hall, Penn avenue, last night and initiated several new members. They also completed arrangements for their convention which meets at the same time as that of the conductors.

## MAY CARNIVAL MATINEE.

**Crowds Expected at Cathedral Lyceum This Afternoon—Some Fine Attractions.**

For the benefit of those who have been unable to attend the May carnival at the cathedral lyceum in the evenings, it will be open for a matinee this afternoon at 1:30 o'clock. Last night a large audience was in attendance. Many new attractions have been secured, among them the living half-lady, who has consented to remain in Pittsburgh until the end of the carnival, she being on her way to the St. Louis exposition.

Eggs will be used to throw at the "nigger head" tonight instead of baseballs. On the Midway there will be a goat race, a sack race and a three-legged race. Goo-Goo, the baby elephant, and the educated grouse will still be on exhibition. This is the last day of the carnival and a great crowd is expected.

## WANT A LIBRARY.

**Wilkinsburg Residents Favor the Acceptance of Mr. Carnegie's Offer.**

Wilkinsburg citizens last night launched a movement to have the borough council accept the offer of Andrew Carnegie for a $50,000 library and to select a site. The Rev. Dr. O. W. Smith presided. As the council has not made appropriations for the coming fiscal year, it is desired that provision be made for the library site.

The following committee was appointed to canvass the town and learn the sentiment of the people: P. J. Pierce, cashier of the First National bank; Samuel H. McKee, C. S. Marshall, John D. Hoffman, W. H. Wills, Maj. R. M. Ewing, A. W. Duff, S. H. Jackson, John J. Campbell and R. H. Freeman.

The matter will be brought before council on Monday night by Dr. O. W. Smith, J. J. Campbell and W. G. Stewart.

## USE OF HAIR DYE CAUSED INSANITY

CUMBERLAND, MD., May 8.—(Special.)—Samuel Bennett of Hyndman, Pa., has been taken to an insane asylum near Harrisburg, having become suddenly insane, the cause being attributed to the use of hair dye. Bennett's physicians thinks that the dye penetrated the brain. He is of fine physique and appearance. In lucid intervals he realized his condition and asked to be taken to an asylum.

# ESCAPED PRISONER WAS TAKEN AFTER SIX YEARS

## Spent Half His Life in Prisons and Broke an Indiana Jail—Recognized and Rearrested on Release from Eastern Penitentiary.

After serving 25 years of his life in prison in the United States, William Wright, alias Watson, alias Mason, alias Sippy, 55 years old, was committed to the Allegheny county jail last night by Deputy Warden Wrank Seewell, of the Indiana state prison at Michigan City, Ind., for the night, and he will be taken to that city this morning to serve out a four years' term. Wright escaped from the institution in 1897, where he had been only a few months.

Wright was convicted of larceny. While working in the prison yard he secured a ladder and scaled the wall. He visited several of the large cities, and in Philadelphia was again arrested for larceny. He was sentenced to the eastern penitentiary for seven years. Owing to good behavior he was given the benefit of the commutation law and his sentence expired last Thursday.

Warden James P. Reed, of the Indiana state penitentiary, while making an inspection of the eastern institution, saw Wright there and recognized him. The Indiana prison official secured requisition papers for Wright, and when released on Thursday he was rearrested by Deputy Warden Seewell. He is also wanted in other cities for crimes committed.

# HOSPITAL TOO FULL TO RECEIVE PATIENTS

## Man Lies for Days in Boarding House Suffering With Smallpox.

Walter Moore, aged 19 years, a mail clerk running between Pittsburgh and Erie, was removed to the Allegheny municipal hospital yesterday suffering with smallpox. The man was stricken with the disease on Monday last and was confined to his boarding house at No. 718 Liberty street until yesterday, despite the fact that the case was reported to the Allegheny bureau of health on Monday.

Mayor Wyman yesterday received a telephone message from an unknown person, who said Moore had laid in the house since Monday with no medical attention. Superintendent McLaughlin of the bureau of health was summoned by Mayor Wyman. McLaughlin explained that the municipal hospital was full and there was no room for more patients. The annex to the building was completed, but property holders of the Twelfth ward have an injunction from court that prevents the removal of smallpox patients into it.

City Physician D. L. Jamison, who was attending the man, denied the story published yesterday that Moore had received no care. Dr. Jamison declares he personally attended the man every day and urged Superintendent McLaughlin to have him removed to the hospital. The doctor said:

"I must confess that the authorities are somewhat lax in the enforcement of the regulations governing the treatment of infectious diseases, but I guess it can be blamed on the fact that we have not enough inspectors or quarantine officers. Our appropriation is not big enough to carry on the work as it should be done when the city is in danger of an epidemic of smallpox."

Mrs. Mary Yohe, who runs the boarding house at No. 718 Liberty street, said she had been giving Moore all the attention he got, although Dr. Jamison called once a day and furnished medicine. In the house with Moore were 21 roomers, all of whom escaped from the house without being able to take their belongings with them.

## ARRESTED FOR ROBBERY.

### George Nurple Charged With Looting Hays Station Last Wednesday Night.

George Nurple, who it is alleged was recently released from the Western penitentiary, where he served a long term for robbing W. C. Temple's residence in the East End, was arrested at Park and Frankstown avenues, East Liberty, at 2 o'clock this morning by Detective Richard Kelly and sent to Central police station. He is charged with robbing the Pittsburgh, Virginia & Charleston railroad station in Hays borough Wednesday night. At Central station he refused to discuss his identity until recognized by Sergt. George O'Neil.

Nurple confessed he is one of the Nurple brothers who are well known to the police of this section. It is said he has been living at Homestead under an assumed name since his release from the penitentiary five weeks ago. Recently he ordered a large consignment of jewelry and clothing from a Chicago firm. When he was notified that the goods had arrived at Hays station it is alleged he broke into the place and robbed it. Goods belonging to other firms which was left in the station was also tampered with. Nurple is 38 years old.

## THAYER'S POLICIES TO BE CONTESTED

BOSTON, May 8.—(Special.)—It is likely that the insurance companies which had issued policies aggregating $485,000 on the life of Edwin N. Thayer will contest payment. Thayer was 28 years old and all the insurance had been taken out within 18 months. He died on the night of May 1 in the Hotel Lennox in this city. Two days before Thayer was arrested on the charge of forging mortgages and pledging them for loans on the Boston banks.

**Aged Woman Run Down.**

Mrs. Margaret Furguson, 80 years old, of Vine street, was knocked down by a team of horses driven by John French, at Dinwiddie and Wick streets, yesterday afternoon. She was cut about the face and her foot crushed. French, who it is alleged was driving at a high rate of speed, was arrested.

## NEW SOURCE OF REVENUE.

### New York Official Will Make Street Sweepings Source of Large Income.

NEW YORK, May 8.—(Special.)—Basing his conclusion upon the result of experiments, Commissioner Woodbury of the department of street cleaning predicts that in five years New York will light half its area by energy derived from the incineration of the waste material picked up in the streets.

Mr. Woodbury has turned into fuel material heretofore regarded as the most worthless of all the waste products of the city. While it has cost the city from 10 to 30 cents a cubic yard to dispose of it in the past, bids are now being made for its purchase by the Manhattan Elevated and the Metropolitan Street Railway Companies. With a crude experimental plant Commissioner Woodbury has opened a mine which will produce the equivalent of 10,000 tons of the best anthracite coal annually.

**To Build Brick Plant.**

CUMBERLAND, MD., May 8.—(Special.)—Incorporation papers have been filed by Mayor Warren C. White, C. L. Bietz, F. A. Blank, John C. Shaffer and Henry Panpe, all of Cumberland, for the Cumberland Granite Brick Company, with a capital stock of $30,000. The works will be erected in Cumberland. All the machinery to be used in the plant has already been ordered and the works will be in operation within three months.

**Sued Her Stepmother-in-Law.**

FINDLAY, O., May 8.—(Special.)—Emma Marvin today began action against her stepmother-in-law for $5,000 damages for alienation of her husband's affections. Mrs. Marvin claims that her husband's stepmother has offered him money and various properties if he would leave his wife, finally claiming that Mrs. Marvin was false to him. Upon the promise of the properties in Findlay Marvin left his wife.

**Heating Company Chartered.**

Articles of incorporation were filed at Dover, Del., yesterday for the McCauley Heating Apparatus Company of Pittsburgh, the object of which is to deal in heating apparatus of all kinds. The incorporators are C. L. Drake, O. M. McElroy, Ernest W. Malcolm and C. H. Haldeman of Pittsburgh. Its capital stock is $25,000.

# SERVICES HELD WITHOUT BODY

## Sad Rites in Home of Drowned Man With the Corpse Over a Mile Away.

## SMALL BABY WAS KILLED

### Sister of Child Was Hauling It in a Buggy, Which Got Away and Threw Out the Little One. Coroner's Cases.

Funeral services were held last night at the late residence of William Caruthers, No. 518 Dawson street, Allegheny, while his body was at Willison's undertaking establishment, more than a mile away. The aged mother of the dead man and a few friends and relatives were there and mourned the dead.

The body of Caruthers was found in the Ohio river near New Cumberland, W. Va., on Wednesday, and arrived in Allegheny yesterday. Caruthers was 36 years old, was working for the Monongahela River Coal Company and on February 2, while helping repaid a broken wheel on the steamer Thomas Rees, was thrown into the river and drowned. It is said the machinery was started through negligence of someone in the engine room while Caruthers was working in a dangerous position.

The arrival of the man's body at Willison's undertaking rooms was attended by circumstances unusually sad. His aged and widowed mother visited the place yesterday morning to claim the body of her only son, and was told by the undertaker that the box in which the body was shipped could not be opened. The body had been in the river so long that it was not fit to be exposed.

BABY KILLED IN AN ACCIDENT.

An investigation yesterday by Deputy Coroner Frank J. Rowan revealed the cause of death of Hilda, the 16-months old child of John and Josephine Litschge of No. 143 Lincoln avenue, Millvale. The child had been taken outdoors by a 10-year old sister and placed in a baby carriage. The baby carriage was at the top of a flight of stone steps and while the elder child left it a second to close a door it rolled down the steps, throwing out the baby and causing injuries that resulted in death.

A body was found in the backwater of the Ohio at McKees Rocks yesterday morning and was taken to the morgue. It is thought to be the body of an Italian. Several hundred people viewed the body in the hopes of identifying it, but without result.

The unknown colored man who was struck by a train at Bessemer station on the Baltimore & Ohio railroad Thursday night and killed was identified last night as Alex. Herdon. He was formerly employed by Ferguson & Co., railroad contractors of this city. He came from the south.

The inquest into the death of Stanko Gojacwich, who was killed on the South Side on April 21, was held yesterday by Coroner Jesse M. McGeary, and it was established that another murderer has escaped from the city. The jury rendered a verdict that Gojcomich's death was due to an assault and recommended that his assailant be apprehended and held to await the action of the grand jury on a charge of murder. The eight men who were arrested by the police on the South Side, were released from custody. The detectives have no knowledge who committed the assault.

B. Abatifanac, 29 years old and married, of Connellsville, died at the Passavant hospital yesterday afternoon of typhoid-pneumonia. The man was brought from Connellsville yesterday and died 20 minutes after his admission to the hospital.

George Biko, 31 years old, died at his home, No. 2348 Forbes street, yesterday, of injuries received on April 28 by being struck by a Baltimore & Ohio train at Brady street.

## ENGINEERS FINISH A WABASH SURVEY

CRAFTON, W. VA., May 8.—(Special.)—The engineers of the Wabash railroad have just made a survey of a line from the mouth of Tastera creek at Moatsville, W. Va., to the head of that stream on Tanjel mountain to the northeast of Belington. It is stated that the Wabash is mapping out a line across the country from Moatsville to Mt. Rose on the West Virginia Central & Pittsburgh railway. It is claimed that the route will save many miles in the line from Pittsburgh to the coast.

We Manufacture Pianos

And as we have

ONE PRICE SYSTEM

it is decidedly to your interest to do your music shopping with us.

The Artistic

KLEBER PIANO

is only $375.00.

Every one who examines OUR Men's Clothing recognizes at once a remarkable combination of quality and low price, and a purchase INVARIABLY means complete satisfaction. Details.

Men's Ten Dollar Suits.

Certainly, not a great deal to pay for a stylish, serviceable suit—but a great deal of satisfaction in paying. There's no question about it—you could look the town over and not find a better value—if you want maximum worth in DEPENDABLE clothing, the highest degree of satisfaction at an extraordinary, money saving price, don't hesitate, buy this suit at once. Come in thibets, fancy worsteds, cassimeres, black and blue diagonals in all the latest styles and effects, marked at the astonishingly low price of..... $10

Men's Eighteen Dollar Suits.

Superior style is the distinguishing characteristic of these fine ready-to-wear suits—suits your tailor would charge you at least $30 for. Styles and fabrics are faultless, including all the new effects in cassimeres, worsteds, clays, serges, thibets and other well-known materials. Nicely tailored; broad, athletic shoulders (made natural); moderate shapely back; military front; long, narrow collar and lapel—all combine to give you that grace, dignity and comfort you so much desire. Perfect FIT guaranteed in every case, marked at the attractive price of..... $18

Men's Twenty-Five Dollar Suits.

It's a mistake—a great mistake to think you must have that new suit made to order. Especially when you can purchase such a choice, perfect-fitting suit as this at such a REASONABLE sum. These clothes are altogether different products than you've been accustomed to see in other stores—and the difference is in our favor. Made by skilled, artistic craftsmen, executed into the most exclusive effects; finely tailored throughout, lined with Princess serge or Farmers' Italian satin, equal in every respect to the suit you'd pay $50 for at your tailors', here priced..... $25

Men's Trousers, Special Sale.

The very acme of value-giving is reached in this sale of Men's high-grade Trousers. Can be had in popular materials in all the latest effects; regular $4.50 and $5 values, marked your UNRESTRICTED choice at..... $3.50

Men's Top Coats.

Many cold days slip in during this changeable weather. Wouldn't it be advisable to get a neat, up-to-date top coat, especially when we're NOW offering them so cheap? In well known materials in box and three-quarter lengths—bargains indeed at the prices asked..... $10 to $25

# ATTEMPT MADE TO DESTROY CITY

## Additional Quantity of Explosives Are Unearthed at Salonica.

## NEW OUTBREAK FEARED

### It Is Believed That the Bulgarians Have Many Secret Mines. Attack Made to Provoke Reprisals from Turkey.

[Associated Press Cable to The Gazette.]

SALONICA, May 8.—An additional quantity of explosives has been discovered here and many mines are believed to exist. A fresh outbreak is feared.

The attempt made Wednesday by a band of Bulgarians to blow up a powder magazine at Monastir caused a panic in the town. The shops and bazars were instantly closed. It is believed the attack was made with the view of provoking reprisals. The military authorities, however, cordoned the Mohammedan quarters and prevented the Mussulmans from getting out. All the consulates were furnished with guards. The attacking party, which was surprised by Turkish troops, ultimately fled, after a number of men had been killed or wounded.

The Turkish troops have occupied Ipek, Albany (the headquarters of the sultan's reform commission, which was threatened by hostile Albanians), without opposition.

The 22 Albanian chiefs, leaders of the opposition to the reforms who were recently arrested at Prisrend, Albania, have been banished to Mosul, Asiatic Turkey.

TOULON, May 8.—Following the receipt of cipher orders by Admiral Pottir, the French flagship Pothua and the armored cruiser Latouche-Treville sailed for Salonica early today. The cruiser Galilee is ready to proceed to the same port.

ST. PETERSBURG, May 8.—Notwithstanding the recent serious events in Macedonia the Russian foreign office does not regard the situation as being disquieting, basing its belief in its unshaken faith in the loyalty of the other powers particularly concerned.

B. & B.
"Edith" Silver Polish
supplies a long felt want.
Coal smoke—fumes of natural or artificial gas, etc., etc., need possess no terrors to housewives.

# KENTUCKY STATESMAN OPPOSED TO CLEVELAND

## Believes Anti-Third Term Sentiment Too Strong to Be Overcome.

[Special Telegram to The Gazette.]

WASHINGTON, May 8.—Ex-Senator William Lindsay of Kentucky, a close friend of Grover Cleveland, says:

"If the Democrats could elect anybody, Mr. Cleveland would be the man, but I do not expect to see him at the head of the ticket. The anti-third term sentiment is as strong as the written law.

"I should like to see the Democrats sagacious enough to pick out as strong and pure a man in 1904 as George Gray of Delaware. He would probably be beaten, but he would emerge from the battle with honor and the party would be in good condition for the next contest."

# TEN BODIES ARE FOUND IN EGGLESTON TUNNEL

## Report Current That 19 Men Are Dead and Three Fatally Hurt.

[By Associated Press to The Gazette.]

BLUEFIELD, W. VA., May. 7.—Further information from the Eggleston tunnel disaster shows that 10 dead bodies have been recovered from the debris so far removed. It is claimed that there still remain several bodies in the tunnel which there is no hope of being taken out alive.

A report current here today, was to the effect that 19 men in all were killed while three were fatally injured and several slightly hurt.

The tunnel has been the scene of several serious accidents and has given the railroad company considerable trouble in the past few years.

# WORKMEN TO TURN OUT.

## Braddock Toilers Will Parade at Dedication of Schwab School.

The employes of the Edgar Thomson steel works and of the blast furnaces and foundries of the Carnegie Steel Company at Braddock will participate in a body in the big parade at Homestead on Saturday of next week, to be given in connection with the dedication of the Schwab Manual Training school. The entire plant will be shuot down on that day. There are 4,500 workmen at the plant and it is expected that a large proportion of these will turn out. The Braddock Carnegie Free Library band of 55 pieces will head the Braddock division.

All of the Braddock steel workers have a warm feeling for Mr. Schwab, developed when he was general manager of the Braddock works.

**Washington, D. C.**

The Pennsylvania Railroad Company will run their second and last spring excursion to the national capital leaving Pittsburgh on Thursday, May 21. Train leaves Union station at 8 a. m., with Pullman parlor cars and day coaches to Washington without change. Sleeping cars on "9" and "10" p. m. trains. Rate for the round trip, $9; good 10 days and good to stop at Baltimore.

# DECLINES TO ACCEPT PLACE SO FAR AHEAD

## Senator Penrose Says No Decision Has Been Reached on State Chairmanship.

[By Private Wire to The Gazette.]

PHILADELPHIA, May 8.—Senator Penrose, when asked today if he expected to succeed Senator M. S. Quay as chairman of the Republican state committee said that so far as he knew no decision had been reached. He did not contradict the story that Col. Quay had asked him to accept the honor.

Very little credence is here given to the story that Senator Quay has pledged Thomas S. Bigelow his support of John P. Elkin's gubernatorial candidacy three years hence.

So many things occur, politically, in such a period of time that neither the friends of Col. Quay nor Gen. Elkin believe that Quay's promise, if it was given, would constitute an asset susceptible to immediate hypothecation.

CHESTER D. POTTER.

# REMOVAL OF INSTITUTION.

## Committee Appointed by Western Theological Seminary to Consider Question.

The removal of the Western Theological seminary from its present location in Allegheny will be considered by a committee of the board of trustees and a report will be made back to the full board. This was decided on at a meeting of the board yesterday afternoon and the following were put on the committee: Dr. W. J. Holland, chairman; Calvin Wells, J. McF. Carpenter, John M. Buchanan, James I. Buchanan, and D. McK. Lloyd. The board also re-elected the present officers of the seminary.

The standing committees were reappointed and the Rev. Dr. F. W. Sneed was chosen to fill the vacancy caused by the death of the Rev. Dr. J. J. Beacom, and Mr. W. W. Blackburn to fill that caused by the death of Gen. William A. Robinson. J. McF. Carpenter was chosen to take the place formerly held by William R. Thompson. Provision was made for a course of lectures on missions. The Benjamin Rush Bradford farm in Beaver county was ordered to be sold and the money invested to establish a Benjamin Rush Bradford scholarship.

**Special Music for Lutherans.**

In honor of the German Evangelical Lutherans, who are in this city at a conference, Organist H. P. Ecker of Allegheny has prepared a special program for his recital in Allegheny Carnegie hall tomorrow afternoon at 3 o'clock. Two Bach numbers have been placed on the program, one being a fantasia on Chorales. Miss Charlotte Clark, elocutionist, and Carl Hammel, violinist, will assist Mr. Ecker. The first part of the program for the concert this evening and tomorrow afternoon at Pittsburgh Carnegie hall by Organist Edwin H. Lemare, is drawn from the romantic and modern school of composers. The second part is given to the Widor symphony.

**Calhoun, Oakwood, Southern**

parks open tomorrow. Preliminary concert season. Calhoun—Pawnee Bill's Banda Rossa of Pawnee Bill's Wild West, H. F. Blaney and the Fleisig duo. Oakwood—Second Brigade band and Cunningham, illustrated songs. Southern—Guenther's Greater Pittsburgh band and H. J. Lindsay quartet. New amusements. Go out. Free.

# COLLECTOR CRUM WILL GET NO COMPENSATION

## Treasury Department Withholds Fees of President Roosevelt's Colored Appointee.

[Special Telegram to The Gazette.]

WASHINGTON, May 8.—W. D. Crum, collector of the port of Charleston, appointed against the protest of the white population of that community will not be paid sanlry or fees, under a ruling made by the treasury department today. His only chance of pay for his services will be by act of congress.

The treasury department has decided that the appointment of Crum, after the senate adjourned without acting on the appointment, was contrary to law. Nothing in the law will prevent Dr. Crum from serving as collector, but the law withholding emoluments of the office is very explicit.

The question came up on the April accounts which were submitted by the colored collector. This involved his fees. The department has written him that these fees will be withheld under section 1,761 United States revised statutes, providing: "No money shall be paid from the treasury as salary to any person appointed during the recess of the senate, to fill a vacancy in any existing office, if the vacancy existed while the senate was in session and as by law required to be filled by and with the advice and consent of the senate, until such appointment has been confirmed by the senate."

# TRAIL OF THE CIRCUS.

## One Boy Missing and Another Shot as Result of Wild West Performance in Homestead.

Arthur Richards, 14-year-old son of Thomas Richards, is missing from his home in Tenth avenue, Homestead. It is thought he followed a wild west show that visited Homestead Thursday. The boy started for school Thursday morning and has not been seen since.

Arthur Schwartz, aged 6 years, son of Henry Schwartz of Homestead, was painfully burned about his face and right eye by a quantity of powder fired from a toy pistol yesterday while he with several companions were emulating the Indians in the show.

**No Attention to Scandrett's Order.**

No attention is being paid to the order of Director Thomas E. Scandrett of the public safety department of Allegheny, that no liquor shall be sold illegally in the city. A few of the biggest clubs that have been doing business for years are still closed up, but the speakeasies are quietly doing a nice traffic and in all the disorderly houses beer and wine are sold openly.

**Naturalists to Tramp the Woods.**

The second of this year's series of field days of the Andrew Carnegie Naturalists' club, will be held today. The club will start from Carnegie library at 9 o'clock this morning and members must be provided with lunches and car fare and materials for work. The trip probably will be to the woods back of Aspinwall. In case of bad weather a meeting will be held in the lecture room of the library.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought.

BABIES ON FIRE

With Itching, Burning, Scaly Humours

Find Instant Relief and Speedy Cure

In Cuticura Soap and Cuticura Ointment

When All Other Remedies and the Best Physicians Fail.

Send for "Cuticura Skin Book."

PARKER'S HAIR BALSAM

Promotes the growth of the hair and gives it the lustre and silkiness of youth. When the hair is gray or faded it BRINGS BACK THE YOUTHFUL COLOR. It prevents Dandruff and hair falling and keeps the scalp clean and healthy.

THE AMERICAN WOMAN'S CROWN

GLITTERING, gleaming, flashing, scintillating—entrancing the eyes by their splendor, no wonder the Crowns of the Rulers of the World displayed on our second floor hold one almost spellbound by their magnificence.

Is it temerity to parallel these royal coronets with our own products?

We think not. So alongside these impressive symbols of monarchical power we array another set of crowns—less dazzling, less pretentious, less costly, but far more beautiful from the American point of view—the lovely confections of braid, lace and flowers that are destined to adorn the heads of American women—every one of whom is born a queen.

While some of these charming Trimmed Hats of ours are priced as low as $5, we desire in this connection to center attention on the higher grade Dress Hats in the glass cases which represent the fullest expression of millinery art. All the new popular braids, malines, chiffons and laces form the foundations, while the garniture consists of the ostrich products, aigrettes, crush roses, fancy buckles, lace drapes and foliage. Are you interested in the price-marks—$10, $12, $15 and upward to $25.

$7.50 Silk Petticoats For $4.85

Every fastidious woman will hail with delight this timely money-saving opportunity to be fashionable. These petticoats come in a fine grade of all-silk Taffeta with that rustling quality so much sought for this season. They are made full width with accordion-pleated flounces, ruffles, etc. More than a dozen different shades, including black-and-white and all the niceties of finish. Although the regular price of these garments is $7.50, for Saturday selling we have reduced 75 of them to ..... $4.85

Style is not the only thing to consider in buying clothing

TO be sure, it is a most important essential—but the cloth is even more important; tailoring still more. Style may sell a suit or overcoat; but good tailoring and wear bring the man back again when he needs new clothes. And that's what we're constantly striving for; not for temporary profit, but to so perfectly satisfy every customer as to make him a stanch friend. "The best possible value for the customer's money"—that's the principle which goes into the warp and woof of every garment, and into EVERY stitch.

Over 7000 suits and top coats at 8.50

None worth less than $12.00.

The man who must get the greatest possible service out of his clothes will be delighted with these stylish up-to-date suits and top coats.

The suits at 8.50 can be had in new mixtures, fancy cheviots, fancy worsteds, fancy cassimeres, overplaids, homespuns, black thibets, clays, blue serges, etc.—in the strictly correct 3 and 4 button single-breasted sack styles.

The overcoats at 8.50 include nobby styles in short covert cloth box top coats, latest light and dark tans, greenish mixtures, &c.—also the longer coats in black thibets, unfinished worsteds, fancy mixtures, &c.,—the showy parts sewed with double thread silk.

$2.50 & $3 pants 1.98

No man who wants to combine style and quality with economy can afford to ignore this offer. Cheviots, cassimeres and worsteds are the materials—the styles are right up to date, and we have all sizes to fit all men.

Over 10000 suits and top coats at 13.50

None worth less than $18.00.

The business and professional man who must be well dressed at all times cannot find the slightest fault with these splendid garments.

The suits at 13.50 come in fashion's most approved 3 button double-breasted and 3 and 4 button single breasted styles, with bluntly rounded or nearly square corners and broad athletic concave shoulders—in blue serge or any material you want.

The overcoats at 13.50 are likewise all that fashionable dressers can wish for—the collars and lapels are all made by hand—thousands of stitches—the styles include about everything that's fine and fashionable from the extremely short to the extra long.

Coachmen's liveries

It's an undisputed fact that we sell by far the greatest number of coachmen's liveries, stable suits, coats and pants to match, riding pants, &c. The reason for this is to be found in the garments themselves.

Over 15000 suits and top coats at 20.00

25.00, 30.00 and up to 35.00.

The society man wanting the very swellest attire for dress occasions must admit this clothing to be on a par with the custom made.

These garments have as much individuality and style as most skilled and clever tailoring can produce—they are made on the order of the exclusive styles of a fine merchant tailor, with the same high grade of workmanship.

We matched every pattern, every seam, almost every stitch, in the making of these swellest of swell garments. As for the fit, it cannot be improved upon by ANY tailor, no matter how many "trying-ons" he may give you.

$4.50 & $5 pants 3.00

Many merchant tailors charge $6 and $7 for "made-to-order" trousers that cannot compare with these in stylishness of cut, superiority of tailoring and perfectness of fit. Any style. Any material.

Men's summer shirt sale

All the remaining quantities of that recent large purchase of shirts will be placed on sale today. These shirts are all splendidly made with all the new improvements, from splendid quality madras cloth, light and dark colors, also a lot of pleated bosom plain white shirts—choice this sale 39c

Quaker city shirts—sold exclusively by us in this section of the country, none to equal them under $1.50, new effects arriving daily in all styles and all materials—choice 1.00

Pleated bosom shirts—made of corded French madras, white ground and fancy figures, made with narrow side pleats, one pair of separate cuffs, $2 values for 1.50

Manhattan shirts—a new lot just received, made from the celebrated Anderson madras, in new gray and stone color effects, plain or pleated bosom, separate or attached cuffs. Price 2.00

Stylish suits for boys for any occasion

WE give you a new interpretation of the term "money-saving" today, for the following offers place economizing opportunities before you which have never been equaled in this city.

Boys' fine novelty suits

including stylish Russian blouse and sailor effects, made from nobby serges and neat striped all-wool worsteds; also a large assortment of single and double breasted and Norfolk plain colored material suits. Very special price for this sale only 3.90

3500 boys' all-wool suits worth $4 and $5, reduced to 2.85

This lot of suits we have determined to dispose of at once; although they are new, up-to-date styles, our stock is so large we are forced to make quick reductions. Each garment included in this offer is full of snap and style—made from fine blue and black thibets, unfinished worsteds, blue serges, clay worsteds and fancy cheviots, in single and double breasted styles; also sailor and Russian blouse styles with standing or sailor collars, made from homespuns, serges and other Choice materials, all sizes, 2½ to 16 years. Choice for only 2.85

Boys' fine dress suits

Extremely stylish and appropriate for any occasion, for confirmation, graduation or dancing. 3-piece and fancy novelty styles, also fine Norfolk and summer outing suits—really worth up to $7.50, special price this sale. 5.00

A hat often proclaims the man

Why not wear a Stetson hat? They have no superior under $5.00; have been sold for a half a century as one of the highest types of the hat-maker's art. We are Pittsburgh headquarters for this celebrated make, and carry in stock every new or staple shape—many new and pleasing effects in derbies and soft Panama shapes now being shown for the first time. Price 3.50

Hats that will appeal to the man who usually pays $4, are these sold under the names: Bradford, Gretna, Aileen, and English in derbies and Rosalia, Adair and Edgewood in the soft hats; they are the proper caper for the young or middle-aged men. We are now showing many new colorings which will please you. Price 2.90

TODAY'S LEAGUE GAMES.

Cincinnati at Exposition Park.
Boston at Brooklyn.
Chicago at St. Louis.
Philadelphia at New York.

The lucky victory secured by the Cincinnati Reds over the champion Pirates on Thursday proved such a surprise to the Kelley band that it had not recovered from the effects yesterday, and celebrated by handing the champions the second contest of the series as a gift pure and simple. The final count was 9 to 4, for the locals didn't have to exert themselves in the least to secure the victory.

There was a crowd of 5,000 baseball lovers over at Exposition Park to witness the second bout, but on this occasion the side issues were cut out, and the players stuck to their legitimate business, which is the playing of baseball. Many of the spectators remembering the trouble of the day before expected to see more warm arguments among the players, but in this they were disappointed, as the game moved along without a single jar from start to finish. This was probably due to the prompt action taken by President Pulliam, who suspended Hans Wagner for three days for creating a scene on the field on Thursday.

Neither Wagner nor Manager Clarke knew of the suspension until the umpires appeared on the field ready to call the game. Hans was out in uniform indulging in preliminary practice with his team, and when it was time to start the game he was notified of his suspension by Umpire Holliday, on whose report the suspension had been made. Both the player and manager were indignant and asserted that the umpire must have sent to the press a highly colored account of the affair. Manager Clarke insists that Wagner only followed out his duty as a player, and slid into the base when Morrissey was trying to block him off. They claim it was the Cincinnati player and not the Pirate who was at fault.

The suspension of Wagner necessitated the playing of Merritt in right field, and this did not prove a wise move, because it was Merritt's error that allowed the Reds their two runs in the sixth inning. He got under Kelley's long fly all right and had a fine chance for a double play, but dropped the ball. However, the weakness of the champions, due to the absence of both Wagner and Sebring, was overcome by the blunders of the other fellows, who played ball like a lot of amateurs.

The principal Red offenders were Shortstop Corcoran and First Baseman Beckley, whose blunders would bring a blush of shame to the cheeks of a schoolboy player. Manager Kelley also took a hand in the blundering business, and he was aided and abetted by Cy Seymour. It was Kelley's drop of Merritt's fly in the first inning that put the Pirates on their way to three runs. Seymour's error in the third on Bransfield's drive gave them one more run, and errors by Corcoran and Beckley in the seventh produced four more tallies. The other run made in the eighth was legitimate, as Leach reached first by forcing Clarke at second, and he scored on Merritt's three-base hit to right.

Eddie Doheny was the Pirates' pitcher, and his work was extremely clever. However, in the ninth inning the visitors got the hang of his delivery and managed to get two runs on a quarter of singles by Donlin, Beckley, Corcoran and Seymour. Some of the nervously inclined spectators had visions of another finish [illegible] made by Chicago on Wednesday last, [illegible] followed he could be depended on [illegible] by striking Ewing out and [illegible]

The Pirates were concerned, the [illegible]etty one, the team doing some [illegible] particularly Leach, Bransfield and Ritchey. Ewing pitched [illegible] the visitors, but the support ac[illegible] was something fierce. It was an [illegible]re enough for the Reds, who could [illegible]ld, bat nor run the bases. The score:

### VICTORY FOR ALLEGHENY.

**Bailey Pitches Well and Beats Washington High School.**

The Allegheny High school defeated the Washington High school yesterday at Washington, 13 to 5. The base-running of Allegheny was a feature. Bailey pitched good ball and kept the hits scattered, while McClain was hit freely. Errors coming at critical stages of the game also helped to defeat Washington. Score:

### BYERS MET DEFEAT.

**Pittsburgh Golfer Went Down Before Washington Player.**

WASHINGTON, May 8.—(Special.)—E. M. Byers of Pittsburgh was defeated today in the match play in the open golf tournament of the Chevy Chase club by F. O. Horstman of the home club, by 4 up and 4 to play in the first round.

Mr. Horstman went out in the bogey figures of 37, while Mr. Byers required 40, and was 4 down at the turn. Coming back Mr. Horstman beat bogey at four holes and was one stroke under bogey at the fifteenth hole, where the match was decided.

### ROY HAYES BEATS M'MAHON'S RECORD

WASHINGTON, PA., May 8.—As the result of a record made in a test of strength this afternoon Roy Hayes of the junior class and captain of the varsity football team, is counted as the strongest man at Washington and Jefferson college. Hayes made a record of 3,178, beating the former mark of 3,032 held by William J. McMahon of Pittsburgh, now a student at Yale university. Hayes ranks about tenth in the United States, according to the system of measurements and weights adopted by all the colleges in the country.

Washington and Jefferson will meet Waynesburg college at baseball here tomorrow afternoon.

**Bowlers Defi Accepted.**

NEW CASTLE, PA., May 8.—(Special.)—A challenge has been issued by two local bowlers, who wish their identity to remain a secret unless articles are signed, to bowl Sullivan and Maloney of Youngstown, O., six games for from $100 to $500 a side. The only specification the local men make is that three of the games be bowled here and the other three at Youngstown, the highest total number to win. Sullivan and Maloney recently issued a statement offering to meet any two bowlers in Western Pennsylvania for money, provided the games would be rolled at Youngstown.

### PROMINENT WINNERS IN SHADYSIDE MEET

Ahl, at the High Jump.

Kohne, Winning Half-Mile Run.

Charlie Ahl, Winner of the Meet.

### CHARLIE AHL CAPTURES THE ANNUAL FIELD MEET

**Popular Athlete Best Point Winner in Shadyside Academy Event.**

Charlie Ahl, one of the most popular all round athletes ever at Shadyside academy, justified the prediction to some extent yesterday afternoon that he will prove a worthy successor to "Swell" Armstrong, by capturing the annual interclass meet held by Shadyside at Schenley park. That he would win this meet, which is primarily a trial out preparatory to the big meets which are to follow, it was confidently expected by his friends, but he was pressed hard by Carl Borntrager, captain of the Shadyside team and Edgar Kaufmann.

Ahl is a '04 man; Borntrager '05, Kaufmann '03. Three handsome trophies are given the first three men.

Under a rather stiff wind which swept up the back stretch of the track the day was an ideal one for a track and field meet, and served to bring out a fair crowd of students, among whom were many young girls. The events were closely contested and ties in some of them resulted. Summaries:

100 yard dash—Ahl, scratch, won; Straub, handicap, 1 yard, second; Schultz, 1 yard, third; Hall, fourth. Time, 10:15.

220 yard dash—Ahl, scratch, won; Kann, 2 yards, second; Daggett, 20 yards, third. Time, 24 3-5.

440 yard run—Schultz, 10 yards, won; Straub, 5 yards, second; McCutcheon, 5 yards, third; J. Schmertz, 10 yards, fourth. Time, 54 2-5.

One-half mile run—Kohne, 25 yards, won; Kaufmann, 20 yards, second; Kann, 25 yards, third; Boyd, 40 yards, fourth. Time, 2:10 4-5.

Mile run—Borntrager, 40 yards and Kohne, 10 yards, dead heat; Snowden, second; McCutcheon, scratch, third. Time, 5:40.

120 yards high hurdles—Straub, 3 yards, won; Ahl, scratch, second; C. Schmertz, scratch, third; Borntrager, 5 yards, fourth. Time, 19 1-5.

220 yards low hurdles—C. Schmertz, scratch, won; Ahl, scratch, second; Schultz, 5 yards, third; Borntrager, 5 yards, fourth. Time, 29 4-5.

One-half mile bicycle race—Borntrager, won; McKaig, second; Curry, third. Time, :16 4-5.

Shot put—Ahl, scratch, won, distance 36 feet; Pew, 1 foot, second, distance 33 feet 6 inches; Pierce, 1 foot, third, distance 32 feet 7½ inches; McCutcheon, 1 foot, fourth, 32 feet 5 inches.

High jump—Ahl, scratch, won, distance 5 feet 3 inches; Pew, scratch, second, distance 5 feet 3 inches; Ahl, 20 feet, second, distance 92 feet 11 inches; McCutcheon, 10 feet, third, distance 85 feet 10 inches; Kaufmann, 20 feet, fourth, distance 80 feet.

High jump—Pierce, won; height 5 feet 1 inch; Pew and Sheppard tie for second, height 4 feet 11 inches; Ahl and McCutcheon tied for third, height 4 feet 9 inches.

Broad

# NEWS OF THE HOME AND THE SOCIETY WORLD

SOCIETY WOMEN'S CLUBS WOMEN'S CORNER

THE "Midsummer Night's Dream" will be presented by the pupils in Miss Gleim's school in Negley avenue on either of two Friday evenings, May 22 or May 29. The earlier date is the one preferred by the young actresses, but the latter will be the probable date selected. The play will be presented in the tennis court in the rear of the school, where, with a background of trees the wooded scene of the play near the city of Athens will be presented, the players giving the most appropriate scenes of the well-known Shakespearean play.

Several rehearsals have been conducted this week and the cast has been almost completed. The play will be preceded by a dance of the shepherdesses, in which the Misses Dorothy Dilworth, Marion McGinley, Gladys Bradley, Susie Hoffman, Margaret Brown, Ella Herbert, Anna Hays, Margaret Parker, Mary Brown and Lois McGinley will take part. The dance of the fairies will be given by the Misses Margaret McClintock, Miss Snyder, Allie Earl and Alice Brown.

The cast includes: Titania, the queen of the fairies, Miss Frances Siviter; Oberon, the king of the fairies, Miss Florence Harper; Puck, or Robin Goodfellow, Miss Ernestine Craig; Helena, Miss Gerda Fisher; Hermia, Miss Elsie McIntosh; Demetrius, Miss Helen Walton; Lysander, Miss Margaret Hays; Hippolyta, queen of the Amazons, Miss Florence Reineman, and the five mechanics—Quince, the carpenter, Miss Agnes Dempster; Snug, the joiner, Miss Christine Swenssen; Flute, a bellows-mender, Miss Emma Lappe; Snout, a tinker, Miss Dorothy Slocum, and Starveling, a tailor, Miss Elizabeth Stewart.

The play, which is being rehearsed under the direction of Mr. Broderick, will be presented in costumes and with the grounds prettily lighted, the fairy scene in the woods will be exceedingly dainty.

**Children's Carnival.**

One of the prettiest affairs of last evening was the children's carnival at Duquesne garden under the direction of Austin McFadden. About 75 children, from 4 to 12 years of age, participated in the various scenes and dances. One of the prettiest was the first, a Japanese scene, which included the fan-tan dance, a lullaby, "My Dainty Dragon Fly" and several other songs and dances. The little ones were dressed as Japanese lads and lassies and made a most charming appearance. Another exceptionally picturesque scene was the Turkish. There were also street and plantation scenes and several graceful floral ballets.

Among the little ones who took part were Lillian Goldberg, Frieda Greenwood, Gertrude Henning, Laura Reitz, Florence McClain, Bessie Taylor, Hazel Waters, Alma Young, Beatrice Rea, Albert Eyler, Myles Bryan, Glen Lewis, Edgar Schairer, Edward Eyler, Horner Little, Roy Bennett, Joseph Young, Russell Beck, Gilbert Noon, Carl McWilliams, George Lenkhardt, Willie Rea, Ruth Hazel Elgin, Hazel Roney, Margaret Crawford Smith, Eddie Bernhardt, Lonnie Fallett, Claude and Edward O'Herron, Bessie Roxbrough, George and Frances Charles, Anna Belle Little, Earl Hancher, Lawrence Orr, Gertrude Miller, Annie Cooper, Jane Eaton Foreman, Charlotte Tompkins, Louise Roxbrough, Earl Lindsay, Katie Barkowitz, Bernadetta Bayer, Elvira Hobson, Marie Hutchison, Hazel Hundreiling, Marie Hutchison, Ethel Keefer, Lucy Patterson, Amelie Porter, Josie M. Shedrake, Edith Tinkler, Marie Reineman, Josephine Paul, Evaline and Gertrude Barr, Edna Sellers, Emma Bell, Verna Toliy, Amelia and Forest Porter, Esther Wall and Madeline Party.

**For College Scholarships.**

Two of the most successful amateur plays given in a long time in Pittsburgh, were presented yesterday afternoon by the members of the Omega Psi society of the Thurston Preparatory school in Shady avenue. It was followed by a sale poster exhibition and a sale of candies and fancy articles. They were two short comedies entitled "A Pretzel Pickle" and "The Greatest Plague in Life." The first was a bright little play in which the cast was as follows: Mrs. Pease, Miss Mary Ona Thompson; Sadie Bean, Miss Edna Sloan; Jenule Frost, Miss Ruth Carothers; Mrs. Gabble, Miss Edith Allerton; Bessie Snow, Miss Rhea Reineman; Sissy Gabble, Miss Annye Wilson, and Juno, Miss Aimee Weil. It was followed by "The Greatest Plague," in which Mrs. Bustle was impersonated by Miss Helen Thompson; Mary Bustle, Miss Mary Brainard; Grandmother Bustle, Miss Vera Hamilton; Biddie O'Rafferty, Miss Mary Everson; Kittie Clover, Ceora Thompson; Miss Moonshine, Katherine Worcester; Miss Bridget McGuire, Miss Frances Huseiton, and Hazy Black, Miss Myrtle Hargrave. The plays were followed by a successful poster exhibition and candy sale.

The object of the Omega Psi society, which is made up entirely of seniors, is to raise money for scholarships for worthy young men and women. One young man was sent last year to the Boston Polytechnic school and still another to the Western university. The proceeds of the present entertainment will be used to complete a half-scholarship of a senior at Vassar college.

**Going to College.**

Vassar, Smith and Wellesley will be entered next fall by this year's seniors in the Thurston Preparatory school. The graduation class this year consists of 15 girls. Misses Edith Allerton, Nancy Bingeman, Fannie Hamilton, Ruth Potter, Vera Hamilton, Leah Williams, Katherine Worcester, Helen Beatty, Dorothy Evans, Marie Vincent, Elinor Carpenter, Ruth Carothers, Helen Thompson, Jean Mochiy and Myra Jacobs, all of whom will go to college in the fall. The first seven girls will enter Vassar, the Misses Beatty, Evans, Vincent and Carpenter will go to Smith, and Miss Carothers to Wellesley. The class exercises of Thurston will be held on Friday morning, June 5, and will be followed by a luncheon to be given by Miss Thurston, at the Kenmawr hotel.

**College Men's Concert.**

The Washington and Jefferson Glee association gave a very enjoyable concert at the Pittsburgh Conservatory of Music, Dithridge street, last evening, before an enthusiastic audience composed of students, graduates and their friends. The orchestra was under the direction of S. W. McNulty. D. A. Chalmers is leader of the glee club. The program consisted of solos by members of the glee club and orchestra and some especially good numbers were presented. Mr. Chalmers' baritone solo, "Let All Obey Their Rulers," evoked so much applause that he was obliged to respond by singing Ethelbert Nevin's song "Mighty Lak a Rose." The program concluded with Zickel's "Jolly Student," sung by the glee club, accompanied by the orchestra.

**Washington County Golf Club.**

The Washington County Golf club will open the season today with a big tournament for members only. The grounds have been placed in fine condition and improvements made in the club house, which will be formally opened. The women of the club will give a golf tea with the opening of the grounds and season.

**Studio Tea.**

The second at home of the Art Students' league was held from 3 until 6 o'clock yesterday afternoon, at the studio in Emily street and Craft avenue, Oakland. There was a full and appreciative attendance to view the work of the girls. Mrs. Frank J. Hearne presided at the table in the little oriental tea room and was assisted by Mrs. Harry Palmer Pears, Miss Anna Craig and Miss Jane Robb. Mrs. Warrington Warwick will pour tea this afternoon, when the final at home will be held.

**Aid Society Musicale.**

The Young Woman's Aid society of the Third Presbyterian church, Fifth and South Negley avenues, will give a musicale at the residence of William Young Brady, Maryland and Kentucky avenues, Thursday evening, May 14, at 8:15 o'clock. Mrs. G. A. Samuels, Mrs. William Alfred Herron, Miss Grace S. Williams and Mrs. Frederick Jones are the committee in charge. The proceeds are for the charitable work carried on by the society. N. B. Yuille has charge of the program.

**Musical Farewell.**

A very enjoyable affair was the gathering last evening at the home of Mr. and Mrs. Joseph Knox in Frederick avenue, Sewickley. The evening was principally devoted to music, the informal program being presented by Miss Marion Gaston, Miss Anna Findle, Mr. Knox and Mr. Howard Miller. There were about 30 guests present. Mr. and Mrs. Knox will spend the summer abroad and will leave Sewickley within a few weeks.

**First Tally-Ho of the Season.**

The first tally-ho ride through the Sewickley valley this season was taken yesterday by about a dozen young women, who started at 10 o'clock in the morning, down through the valley, took dinner at Economy and returned to Sewickley in the evening. Among those in the party were Miss Abby Christy, Miss Ethel Christy, Mrs. Dewitt B. Nettleton, Miss Springer Harbaugh, Miss Rebecca Miller, Miss Mary Chaplin and Miss Daisy Miller.

## MISS GALLAND TO STAR.

### Actress to Play Dorothy Vernon in Dramatization of Charles Major's Latest Novel.

"Dorothy Vernon of Haddon Hall," Mr. Charles Major's latest novel, like his story "When Knighthood Was In Flower," is destined for a stage career, and Miss Bertha Galland is the star in the title role, in an elaborate production of the play. Mr. Paul Kester, who made the stage version of "When Knighthood Was In Flower," is also to dramatize "Dorothy Vernon of Haddon Hall," and is already at work on the play at his home in Virginia.

Mr. William Lewers, at present a member of Miss Julia Marlowe's company in "The Cavalier," in which he has the title role, has been engaged by Mr. J. Fred Zimmerman, Jr., Miss Galland's manager, for her leading man, and he will have the part of Sir John Manners.

Mr. Zimmerman will produce the play at the Chestnut Street opera house, Philadelphia, on September 28 and New York will see it early in the season. By arrangement with Mr. Daniel Frohman, Mr. John J. Donnelly will have business charge of the engagement.

## KAIN'S HEALTH BROKEN.

### Archbishop of St. Louis Will Go to Baltimore Sanitarium for Indefinite Stay.

ST. LOUIS, May 8.—(Special.)—In the almost vain hope of restoring his shattered health, Archbishop Kain will go to Baltimore, where he will enter the St. Agnes sanitarium. His visit in the east will be indefinite and the archbishop says that he may never return. His departure is equivalent to resignation from the St. Louis archbishop.

Bishop Glennon of Kansas City, the new coadjutor, will arrive in St. Louis tomorrow and assume active management of the archdiocese.

## GIRLS BROKE DOWN DOORS OF FACTORY

LANCASTER, PA., May 8.—Eighty boys and girls, employed in the spinning room of the Columbia silk mill at Columbia, struck today for an advance of 33 1-3 per cent. The company locked the strikers in the spinning room, but the boys got out by means of a fire escape. The girls then battered down the doors and left the building.

**Mrs. Parkhurst Is President.**

HARTFORD, CONN., May 8.—The convention of the American McCall association closed today. Officers were elected as follows: President, Mrs. Charles H. Parkhurst, New York; vice presidents, Mrs. James A. Garfield, O.; Mrs. Henry A. Laughton, Western Pennsylvania; Mrs. W. W. Seeley, Southern Ohio; Mrs. James F. Sione, Pennsylvania; treasurer, Mrs. Abraham R. Perkins, Philadelphia; general secretary, Miss Harriet Harvey, Philadelphia.

AN EFFORT to acquaint all people interested in work for children with the purpose of the juvenile court is being made by the women composing the juvenile court department of the permanent civic committee. The probation officer, Mrs. Alice B. Montgomery, has been invited by the Children's Aid society to make an address at its convention in Meadville, June 4. Mrs. Montgomery will at the same time go to Oil City to speak before a general conference of the Federated Women's clubs of that section of the state. In a few weeks an open meeting will be held in Pittsburgh, probably at the Twentieth Century club, when the work of the court will be carefully explained to all who are interested. Invitations will be issued to the members of the Children's Aid society, the Humane society, the Home for the Friendless, the Newsboys' Home association and philanthropic organizations throughout the city which are affiliated in the work for the children. Mrs. J. L. Anderson was appointed chairman of the committee to arrange for this meeting.

The juvenile court department met yesterday morning in the Civic club rooms, transacting business deferred from the previous meeting, held the Friday before. Mrs. Montgomery was present and made a number of suggestions, the result of her investigations of the last few weeks. Pending the formal opening of the juvenile court and the establishing of a house of detention the women will work together quietly, strengthening their fences, securing the money necessary for the support of their work, and enlarging the field of those interested and gaining new friends.

**Rescue Home Mission.**

The regular quarterly meeting of the Rescue Home association will be held next Tuesday afternoon, May 12, at the home, No. 12 Third avenue. This is the first meeting of the association in its new quarters, which through the generous donation of friends is being comfortably furnished for the work of the association. Mrs. A. C. McLain of North avenue, Allegheny, the president, will make the principal address and interesting reports will be presented by the different officers, who include Mrs. Charles Somers and Mrs. Martin Prenter, vice presidents; Mrs. L. D. Rigden, recording secretary; Mrs. Henry Wittmer, corresponding secretary; Mrs. Samuel Sloan, donation secretary and Mrs. A. L. Drum, treasurer.

The association has a large associate membership who, with the members of the board and officers, are doing a widespread work throughout the city. A resident matron is at the home and a missionary. Many women have been enabled to return to their homes in different parts of the country, two are in the city and are taking a course in a training school for children's nurses, and another is about to start out as a district nurse. An industrial school is the newest feature of the work which the association is endeavoring to do. The president and the members of the board are working zealously to establish the school that the women may be taught useful trades.

**Close of Concert Season.**

The Mozart club will close its 25th season of concert work with its appearance at Carnegie Music hall next Friday evening. The program is somewhat lighter than the club has heretofore presented this season and represents a mean between the oratorio and ballad concerts given by the club. The largest number on the program is the Dubois cantata "The Seven Last Words of Christ," for solo voices, chorus and organ. Edwin H. Lemare will play the organ accompaniment and the vocal soloists will be Miss Anne E. Griffiths, soprano; Morris Stephens, tenor, and George Knox, baritone. Three new wagner numbers of widespread popularity are to be sung by the chorus, the march-chorus from Tannhauser by the full chorus, the "Spinning Song," from the Flying Dutchman, for ladies' voices, in which the incidental solos will be sung by Miss Griffiths and Mrs. J. A. Hibbard, and the "Pilgrim Chorus," from Tannhauser, which will be sung by the male chorus of the club. Miss Griffiths will contribute a group of songs by Schoenberger, Nevin and Goring Thomas and Mr. Lemare will play a very interesting organ number by E. T. Chipp, a fantasia on the Austrian national hymn.

**All Officers Re-Elected.**

The Women's club of Carnegie met last evening and listened to the rendition of a fine program. Mrs. Charles Bedell was chairman. Mrs. Herbert Johns gave a parliamentary drill. Mrs. W. Booth furnished music. Mrs. John McCaughin read an interesting paper on current events, after which came the annual election, all the old officers being re-elected.

**Third Annual Dinner.**

The third annual dinner of the Cornell club of Western Pennsylvania will be held at the Hotel Schenley next Thursday at 8 p. m. President Jacob Gould Schurman will be the guest of the club, and will make the principal address. Owing to the prominence of President Schurman and by reason of his work as a member of the Philippine commission under the late President McKinley, his visit to Pittsburgh will be a notable event in educational circles in this city. President Schurman will be entertained during his stay by the Cornell alumni in this vicinity.

**Vassar Girls Meet.**

The annual meeting of the Vasser Students' Aid society was held yesterday afternoon at the home of Miss Jane Robb Murdock, in Forbes street, Oakland. The election of officers and the annual reports were the principal business, the election resulting in the choice of Mrs. J. G. Doty of Bellevue, president; Mrs. Thomas Mellon Evans, vice president; Miss Fallie McKinley, secretary and Miss Anne Richey, treasurer. The two members of the board beside the officers are Mrs. Charles Arbuthnot and Mrs. William P. DeArmit. The Vassar Students' Aid society of Western Pennsylvania now has 50 members. They are scattered throughout the towns in this end of the state. The society supports a scholarship at Vassar which will again be open to ambitious girls next June.

**Election Today.**

The Twentieth Century club will hold its annual meeting and election of officers today. The following have been nominated: For president, Mrs. George A. Gormly; vice presidents, first, Miss Julia M. Harding; second, Mrs. William Thaw, Jr.; third, Miss Sarah H. Killikelly; fourth, Miss Kate C. McKnight; recording secretary, Miss Anne S. Phillips; corresponding secretary, Mrs. Samuel C. Grier; treasurer, Mrs. Samuel A. Ammon; directors for two years, Mrs. David G. Stewart, Mrs. William T. Wallace, Mrs. Alexander Laughlin, Mrs. William Walker and Miss Elizabeth S. Mitchell.

## MOVES THAT TUNNEL REPORT BE CONFIRMED

NEW YORK, May 8.—A. B. Boardman of the counsel for the Rapid Transit commission today appeared before the appellate division of the supreme court and moved that the report of the commission recommending the construction of the Pennsylvania railroad tunnel across Manhattan island be confirmed. He did not make any argument. Decision was reserved.

## Well Preserved

Women often astonish new acquaintances, who are introduced to a large family of strong boys and healthy girls, who call this young looking woman mother. It is popularly supposed that maternity is the foe of beauty, and the worn and faded face of many a mother seems to warrant the belief. But it is hard to believe that nature should compel a woman to sacrifice the rightful dower of her beauty in order to carry out a natural function of her being. And nature does not. The pains and sufferings incident to motherhood are, to a large extent, unnatural. This is proved by the use of Dr. Pierce's Favorite Prescription, which prevents and cures nausea, tranquilizes the nerves, encourages the appetite, induces refreshing sleep, and makes the baby's advent practically painless.

Mrs. Orrin Stiles, of Downing, Dunn Co., Wis., writes: "I have been intending to write to you ever since my baby was born in regard to what your 'Favorite Prescription' has done for me. I cannot praise it enough, for I have not been as well for five years as I am now. In July last I had a baby boy, weight 11 lbs., and I was only sick a short time, and since I got up have not had one sick day. I have not had any uterine trouble since I got up. I was not only surprised myself but all my friends here are surprised to see me so well."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

From old Egyptian ornaments the modern jeweler is culling many beautiful designs which he carries out in golds of various shades, both bright and dull, and in enamels. There is quite a cult for Egyptian jewelery at the present time, and the only word that can be said against it is that it is so distinctive in character it can be worn with no other kind of ornament. The only wrist bags that are now correct are made of unobtrusive, though costly and beautiful, materials. Some are carried out in invisible green leather or antique vellum tooled by hand, with dull gold and subdued colors such as blue, green and mauve. The best bead purses are executed in chine patterns with colored beads on a black ground, displaying bunches of quaint flowers.

**The Egyptian Jewelry Cult.**

Among the very pretty ornaments that women wear in their hair at the theaters and restaurants are the flexible paillette bows and wreaths that look so well. Snakes made of flexible paillettes are also enjoying a vogue. Their place is round the coil in the nape of the neck.

* * *

There's a novelty in "corset garniture." Shirt waist distender is not a nice enough name to apply to these etherealized affairs. Last year we thought the stuffed butterfly bow quite too cute a beauty aid, but fair ones who prefer to add such help instead of standing up straight find a pair of lace net rosettes quite the prettiest of accessories. These are tied together, and a little ribbon bow is in the center of each. The diplomatic saleswoman says they are valuable in breaking or concealing the line at the top of the corset—never a word as to their adding a goodly number of inches to the bust measurement.

**Corset Garniture.**

On every box. A Woman in Red. Never take another instead.

ELECTRO SilverPolish SILICON

When a dealer says another "is just as good" remember that's "shop talk" which means greater profit for him but loss for you. Its unlike all others, it's best.

DENTAL FREE WORK

JUST to introduce my new gauze Aluminum Plate—an entirely new method of making full sets of teeth—I make this most liberal offer. For one month I will make no charge for Dental work. Time is the item dentists charge most for. I will simply ask you to pay for dental material used. A word about my new gauze aluminum plate. It is the lightest material ever used in plate construction and gives perfect ease and comfort to the mouth. In fact it is a revelation to the dental world.

FINEST EQUIPPED DENTAL ESTABLISHMENT IN AMERICA

I GUARANTEE TO GIVE YOU BETTER DENTAL WORK THAN ANY OTHER DENTISTS WHO CHARGE HIGH PRICES.

I GIVE A 25-YEAR GUARANTEE ON ALL MY FULL SETS OF TEETH.

I can truthfully state that I have the finest and most completely equipped dental establishment in America. No expense has been spared—everything modern and up-to-date. All dental instruments thoroughly sterilized, thus avoiding danger of contracting decayed tooth poison.

MY METHOD OF PAINLESS EXTRACTING

Is a decided innovation in dental practice—being used by myself exclusively.

GOLD CROWN AND BRIDGE WORK—This branch of dentistry has been one of my special hobbies and I pride myself in the fact that I have yet to meet one dissatisfied patient. I execute Bridge Work (teeth without plates) in a manner that gives the teeth so natural an appearance as to deceive the most critical eye. I can save broken and decayed teeth by crowning them at a very nominal expense.

CONSULTATION AND EXAMINATION ALWAYS FREE.

WANTED — ELECTROZONE for house cleaning. Use ELECTROZONE in your house cleaning and you'll have a clean house—one that looks clean, one that IS clean. 50 cents quart bottle at druggists.

# POPULAR ACTRESS IN POOR HEALTH

## Della Fox Obliged to Leave Atlantic City to Consult a Specialist.

## HAS BEEN OVERWORKED

### Press Agent's Well Laid Plan to Secure Free Advertising for His Show Meets With Lamentable Failure.

THE PITTSBURGH GAZETTE BUREAU,
Young's Ocean Pier,
ATLANTIC CITY, N. J., May 8.

The condition of Della Fox, the actress, who has been at the Hotel Dunlop for several days, is causing alarm. Miss Fox was very ill when she came here, and her condition grew so bad that it was necessary for her to return to New York today. Miss Fox is entirely run down, so much so that she needs the constant attention of a maid. Tomorrow she will consult specialists in New York. She does not appear to be in condition to go on the road and it is said here that she must take a long rest before she again appears on the boards. The theatrical colony, by the way, is growing. As the shows close on the road the principals turn up here for several weeks' rest. Then they go to New York, make their engagements for next year and then come back for a good time.

THE SCHEME DIDN'T WORK.

There was an amusing occurrence here this afternoon. A press agent tried not only to bunco the newspaper men into believing that an officer had been too officious in arresting two of the chorus girls of Rice's side show, but he attempted to bunco the police as well, with the result that he did not get a line of advertising and incidentally run up an expense account. The press agent arranged with an actor to impersonate an officer and arrest two of his chorus girls for riding ponies man fashion on the beach. The girls made a great row, attracted a crowd, and the press agent and the actor went from one buffet to another on the boardwalk, pretending to look for bail. They gathered up newspaper men on the way, and when they had excited the whole town, they went to the newspaper offices and wanted "notices" printed. The police by this time had been informed of what was going on and called a halt. Then the press agent and the actor pretended that they had been imposed on by a fakir. The actor left town this morning.

FISH CATCHES A BALL.

A remarkable thing came to light today when the large net at the end of Young's pier was hauled in. Among the fish that are caught there daily are many known as "all mouths" on account of the fact that the mouth of this fish is the largest part of them. Whenever one is caught it has more or less smaller fish in its mouth, but the one today had more than fish. When it was tossed on the pier it ejected a baseball from its maw. How the ball got there was a mystery, until young men on the pier recognized the ball as belonging to a party of boys who had been playing on the beach last week, which had been knocked into the ocean. The fish "caught the ball," so to speak.

## HIGH SCHOOL GRADUATES.

**Commencement Exercises Are Held in Ohio Towns.**

EMPIRE, O., May 8.—(Special.)—The graduates at the High school commencement were Blair Hardesty, Edward Connor, John Willis, Elzie Yantilburg, Clara Huff and L. D. Geer.

RICHMOND, O., May 8.—(Special.)—The graduates from the High school were Paul P. Thompson, Tracy M. Watt and Nora P. Culp.

IRONDALE, O., May 8.—(Special.)—The graduates from the High school were Helen Downer, Zella Evans, Eva Downer and Mary Jones.

DELL ROY, O., May 8.—(Special.)—The graduates from the High school were Pearl M. Magee, Clarence W. Russell, Donald M. Elliott, Edgar R. Wilkin, Alvin V. Wetzel, Estella C. Marshall, Bertha L. Rock, Lawrence W. Booth and Ralph O. West.

**Bought 100,000 Acres.**

HUNTINGTON, W. VA., May 8.—(Special.)—Ex-Senator Johnston N. Camden and other prominent West Virginians, C. L. Kimball of Chicago and Frank Buhl of Sharon, Pa., met here today and consummated a deal for more than 100,000 acres of mineral land in Johnson, Letcher and Berry counties, Kentucky. The land is adjacent to the Cincinnati & Ohio extension through to Cumberland Gap, and it is believed in addition to valuable coal and timber, that oil abounds, and a thorough test will be made of the field.

**St. Louis Hangs Two Negroes.**

ST. LOUIS, May 8.—Henry Wilson and Sampson Gray, negroes, were hanged in the jail yard today for murder. This is the first double hanging here since Maxwell, who murdered Arthur Preller in the Southern hotel, and another murderer, were executed, August 10, 1888. Gray was condemned to death for killing another negro for money and Wilson was convicted for the murder of Thomas Mooney, a levee saloonkeeper.

**Pittsburghers Married in Ohio.**

STEUBENVILLE, O., May 8.—(Special.) John W. Sproul and Myrtle L. Ward, Pittsburgh; Cornelius Spillan and Mary Mayrington, Bethlehem; Walter H. Pitts and Ella Stafford, Carnegie; William J. Anderson and Eleanor E. McCabe, Robert H. Hamilton and Margaret Malone, Pittsburgh; Charles R. Clark and Bertha Larimer, Kane, Pa.; Edward A. Donely and Mary E. Connelly, Pittsburgh, were issued licenses and married here.

# News of Nearby Towns and Country

## ALLEGED BURGLARS TRAPPED IN A STORE

### Guard Had Surrounded Building and Three Men Were Captured Near Latrobe.

[SPECIAL TELEGRAM TO THE GAZETTE.]

LATROBE, PA., May 8.—As a result of a cleverly arranged plan three alleged burglars were captured at Kingston last night in a storeroom which they had just entered. The building was surrounded by guards and the burglars held while the Latrobe police were telephoned for. Officer Harry Fay went to Kingston and arrested the trio. They are all young men and gave the names of Albert Moore, Bert Smith and John Bird.

The attempted robbery took place at the general store of Harry H. Luce, superintendent of the Kingston silicis brick works. Several robberies have occurred at the store recently and always in the absence of Mr. Luce. Suspicion was directed to the men arrested, who live on Chestnut Ridge. Last night Mr. Luce announced that he was going to the circus at Latrobe. He boarded the evening train, but got off at Oakville and returned to Kingston, where he stationed a guard about midnight.

The men, it is alleged, were seen entering the store by the rear door, to which they seemed to have secured a key.

At the hearing before Justice R. B. Weaver this afternoon the prisoners were held for court in $300 each. Bird and Smith and Moore was taken to the Westmoreland jail. The charge preferred by Mr. Luce was felonious entering and attempt to commit robbery.

**Secret Resolutions Adopted.**

WHEELING, W. VA., May 8.—Four resolutions, the purport of which are a closely guarded secret among the delegates, were adopted at this afternoon's session of the National Brotherhood of Operative Potters. The resolution providing for a demand of 10 per cent increase in wages in all departments was defeated.

## The Death Roll.

**James M. Bailey Buried.**

Funeral services over the remains of the late James M. Bailey, for years one of Pittsburgh's most prominent business men, were held yesterday afternoon at his late residence, No. 827 Lincoln avenue, Allegheny. The services were in charge of the Rev. S. Edward Young, pastor of the Second Presbyterian church, of which Mr. Bailey had been a member all his life. The services were attended by many of Pittsburgh's well-known business and professional men, with whom Mr. Bailey had been closely connected in life. The Rev. Mr. Young, in delivering the eulogy, spoke of the high purposes of Mr. Bailey and of his great success in life. He said Mr. Bailey's charities were varied and known to but few, and many drafts received by home missionaries were so drawn that the recipient never learned the name of the sender. Among Mr. Bailey's leading characteristics was his benevolence and love of home, and Pastor Young said that in these times of progress one cannot help asking whether men like Mr. Bailey will live again. Mr. Young said that Mr. Bailey's devotion to the Second church had so endeared him to the congregation that he will never be admitted dead while memory lives.

**Daniel J. McCarthy's Funeral.**

The funeral of Daniel Justin McCarthy, the well-known editor and jury commissioner of Allegheny county, who died Wednesday evening, will take place this morning at 10 o'clock, requiem high mass being offered in St. Brendan's Roman Catholic church by the Rev. Father Molyneaux. Father Molyneaux will preach the sermon and the musical services will be elaborate. Mr. McCarthy was a charter member of St. Brendan's church and a member of the board of trustees. Several thousand people have visited the home at Braddock since his death. Many floral tributes came from all parts of the county. The pallbearers will be all close friends of Mr. McCarthy and members of the board of trustees of St. Brendan's church. They are Col. Thomas Cosgrove, Joseph M. Flannery, William McMullen, Cornelius Harinelt, Burgess James Percell and former Burgess John Brennan, all of Braddock.

**Joseph A. Kidd.**

Joseph A. Kidd, a former burgess of Williamsburg, Blair county, and a veteran of the Mexican and civil wars, died yesterday, aged 80. Mr. Kidd, in command of a squad of six men, was the first American to enter the City of Mexico in the capture of that city in 1848. Just as they entered one of the gates a shell exploded and every man in the squad but Kidd was killed. He leaves one son and four daughters.

**Mrs. William B. Keller.**

Mary E. Keller, 55 years old, wife of William B. Keller, died yesterday afternoon at her home, No. 6567 Lake street. Mrs. Keller was born in Indiana county and spent most of her life in Johnstown, Pa., removing to Pittsburgh less than a year ago. She was a member of the Lincoln Avenue Methodist Episcopal church. Six children and her husband survive.

**Webster M. Buhrman.**

Webster M. Buhrman, 40 years old, a farmer and dairyman of Kennedy township, died at his home at that place yesterday morning, after a short illness. He was a member of the Lutheran church in Kennedy township, and is survived by his widow and six children. He was a native of Maryland.

**Obituary Notes.**

John Hartling, Sr., aged 74, is dead at the family homestead in Beaver county, Pa.

Mrs. Emma Neal, 41 years old, widow of John Neal, and mother of Miss Elizabeth Neal, a teacher in the Wilmerding schools, is dead at her home, No. 242 Welsh avenue, Wilmerding.

Patrick Duffy died yesterday afternoon at his home in Carnegie of paralysis. He was born in Ireland and had lived in Carnegie about 20 years. He is survived by four sons and two daughters.

Charles A. Dorney, a wealthy retired furniture manufacturer, president of the Hickory Run Brick Company and owner of 12,000 acres of forest land in Monroe and Carbon counties, Pa., died yesterday at Allentown, Pa. He was 58 years of age.

James Tonge, a native of England, died yesterday at Parkersburg, W. Va., aged 78. He was the last survivor of the Virginia militia company which surrounded the scaffold when John Brown was executed at Harper's Ferry, was one of the men who captured John Brown and was in the front during the attack on the Harper's Ferry engine house when Brown was barricaded there.

## POLITICAL DEBATE HAD ABRUPT FINISH

### Democrat Quit Platform at New Castle Because His Remarks Were Restricted.

[SPECIAL CABLE TO THE GAZETTE.]

NEW CASTLE, PA., May 8.—The four-sided political debate last night at the New Castle Business College, between representatives of the Republican, Democratic, Socialist and Prohibition parties, closed abruptly when Attorney A. Martin Graham, the Democratic representative, left the rostrum before his address was completed. The debate was held under the auspices of the Lawrence County Prohibition alliance and the speakers were the Rev. W. L. Hayden, Prohibitionist; Attorney Walter S. Reynolds, Republican; John W. Slayton, Socialist, and Attorney A. Martin Graham, Democrat.

While Attorney Martin was speaking Prof. Smith interrupted and said it was out of order to say anything abusive of any other party. Attorney Graham said he could not tell why he was a Democrat unless allowed to show the corruption of the other parties. As he was to be restricted he begged leave to close his remarks, and then sat down. Quite a warm argument then occurred concerning whether the speakers should have been limited in the way suggested. No decision was given out as to the winner of the debate.

**Ellis Glenn Discovered.**

PARKERSBURG, W. VA., May 8.—(Special.)—Ellis Glenn, the woman who, it was alleged, masqueraded for several years as a man, and was afterwards the principal in a forgery trial here, who then was supposed to have left the country, has been discovered here clerking in a store. The supreme court of the United States having passed upon her application for habeas corpus unfavorably, Prosecuting Attorney Moss announced that she will be tried again at the term of court beginning this month.

**STATE AND NEIGHBORHOOD.**

LEECHBURG, PA.—The barn of Squire T. J. Ellwood was burned to the ground. The loss is estimated at $1,000. The fire was started by a boy striking a match, the head of which went through a crack in the barn.

BEAVER, PA.—The residence of ex-County Commissioner John E. Harton of this place was entered by robbers, who secured $45. Mr. Harton is ill and was sitting in his chair asleep when the theft was committed.

LATROBE, PA.—Harold, the 3-year-old son of the Rev. Ebenezer Flock, started to find the circus. The boy reached Loyalhanna, when he was taken in and the Latrobe police notified. He was returned to his home.

MONESSEN, PA.—Stephen R. Jagel, who is alleged to have robbed his employer, William Winstone, a dairyman of this city, of $117, was arrested at New Haven, Conn., on the advice of Chief of Police D. W. G. Cooper of this city.

YOUNGSTOWN, O.—The executive committee of the Furnace Workers' union decided to ask a 15 per cent increase for the workers in the Columbus district, 2,000 men. President James McMahon announced that the demand will be made within a few days.

MASSILLON, O.—The trouble in the Massillon district between the coal mine bosses and the leaders and sinkers, which resulted in the strike of the latter about a week ago, has been settled. Leaders will receive $3 05 and sinkers $2 80 per day.

GREENSBURG, PA.—The organized band of horse thieves who have been in this county for a month operated within a few miles of Greensburg and made off with three valuable horses. The county authorities are considering the offering of a reward for the capture of the thieves.

BEAVER, PA.—The new edifice of the First Presbyterian church of this place will be dedicated next Sunday. The dedicatory sermon will be delivered at 10:45 a. m. by Gen. E. T. Sweeney, late consul to Turkey, now of Indianapolis. The Hon. W. H. Graham of Allegheny will participate in the services.

GREENSBURG, PA.—Thomas S. Sloan of Greensburg owns a Japanese coin that is dated seven years after the birth of Christ. The coin was given to him by the late Rev. W. W. Moorhead, pastor of the First Presbyterian church, who received it from the Rev. William Speer, a returned missionary from the Orient.

PARKERSBURG, W. VA.—The residence of H. B. McKinney, which was burned at Williamstown, was probably the oldest house in this county. It was built in 1800 by Hezekiah Burkey, who was one of the jurors in the trial of Aaron Burr for conspiracy, and both Burr and Harman Blennerhasset had been guests at the house.

SHARON, PA.—The new trust company of Grove City, which is a branch of the Colonial Trust Company of Pittsburgh, has acquired a controlling interest in the Peoples National bank at the former place. It is probable the new company will run the bank as a separate institution for some time, but later a consolidation will be effected.

YOUNGSTOWN, O.—The organization of the Youngstown & Southern Railway Company, with a capital stock of $1,800,000, was effected here. The company proposes to build a line from Youngstown to East Liverpool, the work of construction having been already begun. The officers elected are: President, A. W. Jones; vice president, R. L. Andrews; treasurer, W. S. Anderson, and secretary, John H. Ruhlman.

## DECLARE POWDER PLANT IS A PUBLIC NUISANCE

### Citizens Ask Court to Prevent Rebuilding of Williamsburg Factory.

[SPECIAL TELEGRAM TO THE GAZETTE.]

HOLLIDAYSBURG, PA., May 8.—The Blair county court today heard the injunction proceedings instituted by 47 neighboring farmers, to restrain the rebuilding of the plant of the Crescent Powder Company near Williamsburg, this county, which was destroyed by a dynamite explosion on April 30, killing 10 persons and wounding a score of others.

The complainants testified that the powder plant was a public nuisance, and a menace to their property and lives. Mrs. Mollie Trees, an eye witness of the explosions, testified that the flames and smoke resembled the eruption of a volcano, and that there was a pillar of fire during their progress.

The company claimed that the farmers were blameworthy in purchasing properties near the powder house. The court continued the injunction and fixed June 8 for the final hearing.

## EX-SHERIFF'S SON LOSES BOTH LEGS

NEW CASTLE, PA., May 8.—(Special.)—Roy Douthitt was probably fatally injured this afternoon on the Pittsburgh & Lake Erie railroad at Thompson's run, when one leg was cut off at the thigh and the other at the knee, under a freight train. The injured young man, who is the second son of ex-Sheriff William Douthitt of this place, manager of the Thompson's Run Coal Company, was supervising the switching of several loaded cars when a sudden jerk of the train threw him under the wheels. He was graduated last spring from the New Castle High school and was a star on the local football team.

## ALLEGED MURDERER ESCAPED OFFICERS

GREENSBURG, PA., May 8.—(Special.)—Constable Charles Mitchell and Policeman Samuel Nelson of Connellsville went to White's mines after Charles Bell, the negro who is wanted by the Westmoreland county authorities for the murder of George Greenleaf at Mt. Pleasant. The authorities were notified that the negro was being protected by a friend at the mines. When the officers arrived they found a crowd of men congregated about a house guarding the fugitive. Mitchell and Nelson forced an entrance into the house, but the object of their search had fled.

**Willoughby Leaves Hospital.**

NEW CASTLE, PA., May 8.—(Special.)—William D. Willoughby, who killed the Wampum bank robber in a revolver duel April 18, was able this afternoon to leave the hospital here, where he has been confined by the injuries received at the hands of the three robbers. Willoughby has received a draft of $100 from the Ocean Insurance Company of New York and also was given $50 by the Wampum bank directors. A large purse will likely be raised for him in this vicinity. President William Patterson of the National Bank of Lawrence County, having announced he will personally give $100.

"A murrain on't! I took this for silver!" says Shakespeare's soldier at Corioli. He could never have taken base metal for silver had he lived in our day and recognized that the

GORHAM

trade-mark is the only definite standard of purity. If among the spoils of a captured city he were to find silverware thus marked he would know it to be not only of pure silver but of artistic design and admirable workmanship.

# STRAP-HANGERS HOLD ELECTION

## Enthusiastic Meeting for Better Street Car Service Held Yesterday.

## WILL ASK FOR CHARTER

### New Organization, Backed by Business Men, Will Take Steps to Compell Improved Traction Accomodations.

The first meeting of the Strap-Hangers' League of Pittsburgh was enthusiastically attended yesterday afternoon in the headquarters of the association in the Schmidt building. Officers and a board of directors were elected and steps were taken for filing an application for a charter this morning. The league's membership now approximates 1,000. The election of officers resulted as follows:

President, H. S. Rand, superintendent Metropolitan Life Insurance Company, Empire building; vice president, Charles H. Oliver, Pittsburgh representative of the J. P. Pearce Company; secretary-treasurer, A. W. Newmann; counsel, Edward Steuer; executive committee, the above named officers and A. H. Jeremy, caterer, Smithfield street; Edward L. Mellody, Hoosac and Alger streets; B. R. Kinsey of the F. S. Webster Typewriter Company, No. 432 Diamond street; W. R. Slocum, Fourth avenue and Market street; F. W. Bonar of the C. C. Mellor Company, No. 319 Fifth avenue, and Oscar Davis, Webster avenue.

Several business men have offered to contribute generously to a fund toward inaugurating a vigorous fight for street car legislation, but these good offices have been declined, the strap-hangers depending upon numerical strength and the moral influence of the trolley patrons to win their contention. After the charter has been granted, regular meetings will be held and careful note taken of the shortcomings in the service.

Members are being added at the rate of 200 a day. One caller at the office yesterday drew a paper from his pocket with a long list of names. "Here are 50 names," he said, "and I'll put my own down, which will give you 60 new members."

A few minutes later a young man came in wearing a button. He introduced a companion with these words:

"Sign up a new member quickly. I found him on the bumpers of a South Side car and dragged him off to get a button."

Among the new members signed yesterday was A. R. Reed of No. 3135 Brecknridge street, an uncle of Judge J. H. Reed, president of the Philadelphia Company.

## CALLERY WAS IMPRESSED.

### Sees the Need for Better Transporation Facilities in Allegheny City.

President J. D. Callery of the Pittsburgh Railways Company, accompanied by Councilmen Charles F. Kirschler and Thomas McHenry of the Fifth ward, and Anton Lutz, H. W. Hespenheide, Peter Huckenstein and Jacob Hetzel, prominent Alleghenians, yesterday went over the route of the proposed lines of the street railways company on Spring Hill and out East street.

The need of the new lines out in the hill districts has been felt for the past three years, and a number of Allegheny councilmen have been voicing the sentiments of their constituents to the officials of the Pittsburgh Railways Company. The party was driven over the routes covered by the franchises granted the Mellons two years ago and purchased subsequently by the Pittsburgh Railways Company.

After the trip President Callery expressed himself as favorably impressed with the transportation possibilities in the hill districts. He would make no statement regarding the plans of the company, but said he would send an engineer over the proposed lines. Should the company decide to build the lines, a massive steel bridge will be constructed over Spring Garden run, connecting Spring Hill with Troy Hill.

Councilman Kirschler has called a meeting of the corporations committee for next Wednesday, when action will be taken on the ordinances now in committee asking for an extension of three years on the present franchises held by the company. The ordinances will be presented to select council at its next regular meeting.

## PAYS $1,100 FINE TO LEAVE CITY

NEW ORLEANS, May 8.—Former President H. P. Pearson, Jr., of the New Orleans Railway Company, desiring to leave the city, went into the criminal court today and pleaded guilty to 11 charges of failing to provide screens in the street cars to separate the races. Mr. Pearson was fined $1,100. He gave his check for the amount.

## Happenings of a Day.

—F. B. Monata of Marchand street, East End, was fined $5 yesterday on a charge of annoying women at Penn avenue and Main street Thursday night.

—John Hittigan and George Spanobles of McKees Rocks were probably fatally injured yesterday while excavating for the new Pittsburgh Railways Company power house on Brunots island.

—The home of William Curtis at No. 10 Renwick street was damaged $5000 by fire, caused by a defective flue, yesterday afternoon.

—Anton Boloski, a Slav, aged 40 years, was sent to the city poor farm yesterday by the Allegheny department of charities. The man is insane and on Thursday threatened to kill himself and his wife.

—Eleven cases of contagious diseases were reported to the bureau of health yesterday. There were two cases of diphtheria, one of scarlet fever, six of typhoid fever and two of smallpox.

—Albert Pfammer of Chestnut street, Allegheny, and A. Bird of No. 30 Fifth street, Pittsburgh, bakers, were badly burned yesterday afternoon at the bakery of the Ward-Mackey Company, Thirty-first street and Liberty avenue, by a gas explosion in the bakeoven.

—Allegheny detectives yesterday afternoon picked up two pickpockets in Federal street, who, they say, are among the best in the country. They gave their names as Samuel Robinson and Joseph Hays, claiming to be from Chicago, but the detectives say they belong in New York.

—James Watt, 15 years old, of Altoona, was arrested in Woodland avenue yesterday, and when searched a 48-caliber bulldog revolver was found in his hip pocket. He said his parents were dead and that he stopped over on his way to Chicago to find his grandfather, whom he thought lived in West Pittsburgh.

—Mrs. Margaret Ferguson, 80 years old, was badly bruised by being knocked down by a team of horses at Wick and Diniwiddie streets yesterday. The driver was arrested on a charge of fast driving. He refused to give his name.

—The police have been asked to locate Robert Gray, 23 years old, married, living at No. 220 Taylor street, and Ethel, the 14-year-old daughter of Mrs. Tina Jackson, colored, of No. 1204 Poplar alley.

—William Elson, who was arrested Thursday on a charge of ordering $300 worth of groceries at No. 1905 Penn avenue for Mercy hospital without the knowledge of the hospital authorities, was fined $50 yesterday by Magistrate J. J. Kirby.

—William Race and his sister, Elizabeth, were badly burned yesterday morning at their home, Jane and South Twenty-second streets, by the explosion of gas.

—Fireman Joseph Getst had both his ankles broken yesterday by the breaking of a scaffold on which he and several companions were working at No. 32 engine house in Eighth street.

—While excavating for a new storage building in Penn avenue, near Ninth street, yesterday, workmen unearthed the remains of a human being. The skeleton was found about 10 feet below the level of the street.

## BIG AND STRONG
### Children

Children grow big and strong on proper food. Improper food makes them puny. A lady at Lebanon, Pa., writes: "Our little 3-year-old daughter will eat nothing but Wheat Meat for breakfast and I find that it is very nourishing for her. She was very puny, but since we began to give her Wheat Meat, she is growing big and strong. Of all the many different kinds of cereals we have tried, we like none so well as Wheat Meat." Mrs. Alice L. Hoke, Lebanon, Pa.

Wheat Meat is crisp, hearty, nutlike. Nothing else like it. 15 cents a package at grocers.

# RHEUMATISM
## Cured by Magic Foot Drafts
FREE on Approval—TRY THEM.

Don't take medicine—most medicine isn't fit to take—but let us send you on approval, without a cent in advance, a pair of Drafts to be worn on the soles of your feet. If they help you then send us one dollar. If they don't, send us nothing. They cure nine out of ten cases—on an average—probably they'll cure you. You certainly ought not to hesitate to risk a stamp or a postal when we are willing to risk the drafts. 50,000 persons wore Magic Foot Drafts last year, and we are still sending them on approval to every sufferer we can hear of.

The drafts cure rheumatism in every part of the system by drawing out and absorbing the poisonous acids through the tender soles of the feet. They act as a gentle counter-irritant also, stimulating the entire system. Don't suffer, but send to the Magic Foot Draft Co., A D 9, Oliver Bldg., Jackson, Mich., for a pair of Magic Foot Drafts as soon as the mails will bring them. They will cure you to stay cured. Ask for our booklet on rheumatism, which goes with every pair—free.

## WEIGH YOURSELF BEFORE USING.

Weigh yourself before commencing to use Mi-o-na, the great flesh-forming food. The wonderful sale of this preparation since first introduced in Pittsburgh, and the remarkable results following its use, have made Schilling Bros. Co. of Penn and Frankstown avenues, such enthusiastic believers in the great value of Mi-o-na that they give their personal guarantee to refund the money if Mi-o-na will not make thin people fat, cure indigestion and restore health.

This is a strong guarantee, but Druggists Schilling have seen so many of their customers who a few weeks ago looked like walking skeletons become plump and well, solely through the use of Mi-o-na, that they cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good, rich blood, tones up the weakened digestive organs, helps the food to digest, and makes permanent cures in the worst cases of indigestion.

No excuse for paying rent when you can buy a nice lot at such a reasonable price, and on the most liberal terms ever offered. It is said that everybody has an opportunity at some time during their life to better their condition. This may be your opportunity. Grasp it ere it is too late. You may never have another such chance.

## ARLINGTON PLACE

Is located only two miles from the Pittsburgh Postoffice, in the beautiful Hill Top district, away from the smoke, dust and noise of the city, and yet within easy access thereto. It only takes 20 minutes to reach the property on either the Mt. Oliver or on any of the Hill Top cars from Smithfield street and Fourth avenue. Ask for transfers to Arlington avenue. Ride to end of Arlington avenue and our carriages will be there to convey you right to the property. ARLINGTON PLACE is only 8 minutes' walk from Jones & Laughlins' mammoth steel plant on the South Side, and yet far enough above it to be entirely free from smoke. The scenery south of Arlington Place is simply magnificent. It would be impossible for the eye to picture a more beautiful spot.

# ELDERS RIDGE ACADEMY BEATEN BY HIGH SCHOOL

## Will Orr Pitches Good Ball and Wins Out Despite an Assault Near Finish.

The Pittsburgh High school nine defeated Elders Ridge academy yesterday afternoon at Friendship park 13 to 8. A large crowd of rooters were out and a number of school girls. Their cheering helped the locals to win out. High school opened the scoring in the second and four runs crossed the plate. Two hits, two errors and four passed balls brought them in. Three hits brought in two more in the third. W. Orr opened the sixth with a double over third and scored on Mason's error. Tenney hit, but was forced at second by Henning, who scored with Spuhler on a wild pitch. Two two-baggers by Spuhler and Tenney, three free passes and a Texas leaguer by Greer Orr brought four more in the eighth. The academy got one in the third on a base on balls and the pitcher's error; another in the seventh on a missed third strike and Patton's single. High school was nervous in the eighth, when four runs came in on four hits and Tenney's slip-up. Two more came in the ninth on a double by Dixon, following a single and a pass. Score:

| | AB. | R. | H. | P.O. | A. | E. | | AB. | R. | H. | P.O. | A. | E. |

A. D. WILSON, 221 Federal st., Allegheny, Pa.

### Business Opportunities.

A CHANCE FOR A FORTUNE—If you will send for our Letter and Booklet on Corn, and its market, you will receive a comprehension of information which will astonish you and awaken you to a realization of an opportunity for making an independent fortune, from a comparatively small investment, in a very short time. At no time in its history has the Corn market been in the condition now prevailing, and those who take advantage of the situation will make enormous profit. 20% are Corn Specialists and devote our entire time, attention and energies to that commodity exclusively. No other brokerage house is in the same position in this market that we are, and we are better fitted than all handle accounts for clients than any other Grain Commission House in the Country. Acting on our advice, our clients have, in the past, realized thousands from investments of hundreds. Our advice today is to buy July Corn. On account of the short crops of 1901 this country was unable to supply one-seventh of the demand for export and the consequence is that not enough corn to contract grade and therefore will not be good delivery. There is absolutely no old Corn in the country and the inferior crop of 1902 will supply but little more than one-half of the demand. The export demand on account of the fact that we were unable to supply but a seventh part of it last year will be much greater than ever and the demand for the best grades from manufacturers of Breakfast Foods, Glucose, Starch, etc., will eclipse all former records. The person who buys July corn now can make a profit before July 1st that will more than extend you the accommodation of our unequaled facilities and will handle your account to the best advantage, giving it our personal attention. Your funds will be protected by much larger added capital, and as we charge a commission of 10% on profits only we cannot make money from your account unless we make some for you, consequently you will be assured of perfect service. Highest Bank and Commercial References furnished. Merchants Brokerage & Commission Co., Suite 43 A, Gay Bldg., St. Louis, Mo.

OIL. OIL. OIL.

WE HAVE now under lease 1,880 acres of oil land situate in the state of Ohio, in a county now producing the largest amount of Pennsylvania oil in the country. A limited amount of shares can be bought; no agents need apply; this will bear investigation.

OIL LOCK BOX 1329, CITY.

# PROFITABLE INVESTMENT.

Stock sold in small or large blocks. GUARANTEED. Write for particulars. 1211 Farmers Bank building.

100,000 second-hand brick. Address G. N. Weaver Fifty-seventh and Butler sts., city.

## PROPOSALS.

PRO

# STOCKS RULED DULL, BUT CLOSED FIRMER

## Final Prices Near the Best—Money Remains Easy and a Good Bank Statement Expected. Local Securities Stagnant.

By JOHN O. BAGLIN, Financial Editor.

Transactions on the New York stock exchange yesterday aggregated only 332,600 shares, being the lightest for any day this week. London advices stated that the subscriptions to the new Transvaal loan already amounted to 20 times the total offered, and that the allotment would probably not exceed 5 per cent. In the case of all popular loans, subscribers bid for more than they expect to get, and such subscriptions do not really measure the actual investment demand. The fact that attracts as much attention as the success of the loan is the maintenance of a 4 per cent rate by the Bank of England, and the public is inclined to find some connection between this relatively high rate and the rumors of international troubles in Persia and China. Should these troubles eventuate in war, there will be more waste of property, more indemnities to pay, and more government obligations to issue. On this side of the water there are no impending troubles between nations, but those between capital and labor are assuming a more ominous aspect. Many rumors were current yesterday of threatening strikes, and while they did not have the effect of depressing prices, they were a restraining influence upon speculation and investment. There was very little change in the opening transactions. The announcement of the Rock Island-Frisco deal was followed by selling of those stocks. The official figures were not given out, but it was stated upon what was regarded as reliable authority that holders of Frisco common stock would receive in exchange therefor 60 per cent of Rock Island common stock and 60 per cent in 5 per cent bonds. Here are new securities to an aggregate of 120 per cent for the acquisition of a common stock that has not yet paid a dividend. A year or so ago the announcement would have been received as a new elixir for the market, but just now the public appetite palls on such stuff. Pennsylvania Railroad was quoted exrights and declined to 131, and about the same time New York Central sold at 131, bringing these two stocks together for the first time this year. There was a repetition of the Atchison bond story, which was again denied, but later there were reports from Kansas of the plowing up of wheat fields because of the damage to the winter wheat crop, and the granger stocks became heavy. It developed before the end of the day, however, that the selling was evidently for account of shorts, and covering in the last hour resulted in a restoration of prices to the highest of the day, and the market closed steady to firm. Amalgamated Copper was the strongest of the industrial list, advancing to 67¼ on the continued strength of the foreign metal market. The steel stocks were the heaviest, but the net changes were slight.

⊙ ⊙ ⊙

Call money rates continued very easy at 2 per cent asked. Time money was also reported as being easier. There is some uncertainty as to today's bank statement, but the general expectation is that it will be favorable. For the corresponding week last year there was a decrease of $2,226,000 in loans and a loss of $6,000,000 in cash, the surplus reserve declining to $3,461,000. Whatever the changes may be today, the surplus reserve is certain to be much larger than at the same date last year. It is estimated that the banks gained about $3,000,000 cash during the week. Interior markets are ruling so much higher than New York, however, that it is difficult to see how the east can gain much from currency receipts. Still, there is in progress at the present time a shifting of obligations from interior money markets to New York, and this will have a tendency to equalize rates. Some relief was experienced from the fact that there were no exports of gold this week, although sterling exchange rates reached the highest level of the year.

⊙ ⊙ ⊙

There was some disposition in local stock circles yesterday to credit to Andrew Carnegie responsibility for the hesitation in the general stock market, and in the industrials in particular. His address to the British Iron and Steel Institute in London, which was fully reported in The Gazette yesterday, was read with great interest. Plain speech has always been one of Mr. Carnegie's characteristics, and his position today is such that he can speak with greater freedom than ever before. Although no longer in active business, he is still regarded as a master mind in the business world, and the press of two continents give him a larger audience than is enjoyed by any individual save the ruler of a nation. In his address he devoted considerable space to the subject of the ups and downs of business. This is one of his favorite topics, and years ago he coined the expressive phrase that "iron is always either a prince or a pauper." He reviewed the vicissitudes that in past years overtook some great industrial and railroad corporations, and after quoting the heavy shrinkage in prices, compared with last year, he said: "It may be said these losses may be recovered. Quite true, but it is also true that they may be doubled. No man can tell." The percentage of investors who might be influenced by opinions like these may be small, but the total might be large enough to carry the balance of power in a dull and hesitating stock market.

⊙ ⊙ ⊙

The local stock market was one of the dullest of the year, the sales reaching only 2,320 shares. The close showed nine securities with net gains, nine with net losses and eight unchanged from the previous close. In the industrial list the changes were confined to small fractions. Westinghouse Electric was a little firmer, advancing from 106 to 106¾, and Pittsburgh Plate Glass showed an advance of ¾ per cent on one small sale. Pittsburgh Coal and Crucible Steel each declined ¼, but the dealings were extremely light. In the trust company group the largest change was an advance in Colonial Trust, which, after selling at 630, rose to 649, and closed at the price bid. American Trust advanced from 510 to 512. Commonwealth Trust declined to 257½, and Federal National Bank, after opening lower at 177, was offered down to 175½ at the close. Iron City Trust was 3 per cent lower at 155. Equitable Trust declined 1 per cent to 180. German American Trust was a point higher at 171. The remainder of the list was quiet and unchanged.

## PITTSBURGH STOCKS.

Transactions on the Pittsburgh stock exchange yesterday aggregated 2,320 shares stock, $60 scrip and 88 rights. Sales.

## FEATURES OF THE DAY

### IN PITTSBURGH.

Bank exchanges were $7,981,833, an increase of $1,650,000.

Very dull day on the stock exchange, sales reaching only 2,320 shares.

Westinghouse Electric was firmer, closing at 106¾.

Coal and steel stocks very dull and fractionally lower.

American Trust declined to 510 and recovered to 519.

Colonial Trust sold at 630, but jumped $16 a share to 646.

### IN WALL STREET.

Total sales for the day, 332,600 shares.

Shorts covering forced National Railroad of Mexico preferred up to 3²⅞.

Frisco & Rock Island continued heavy despite rumors of consolidation.

Grass Twine fell 3 points on reports of confusion in accounts.

There was a sale of United States Shipbuilding stock at 2.

Bonds irregular; total sales (par value $1,450,000.

## NOTES AND COMMENT.

While the public dealings in local stocks were extremely light yesterday, there was some activity in brokers' offices in the way of preparation for taking care of subscriptions, etc. The most important of the latter was in relation to Iron City Trust. Subscriptions for $1,000,000 new stock, calling for the payment of $1,500,000, must be met by Monday. Only five shares of the old stock changed hands on the exchange, selling at 155, a decline of 3 per cent from the last previous sale, and 5 per cent above the subscription price for the new stock. It is said that large holders of the stock are doing what they can in a legitimate way to discourage speculation, one of the objects in making the new issue being the acquisition of stockholders who will take a permanent and active interest in the affairs of the company.

Only 25 shares Federal National bank changed hands on the board yesterday, selling at 177, and at the close the stock was offered at 175½. The recent high mark was 179¾. The decline was apparently due to an absence of buying orders.

Local brokers say the dullness in the market is probably due mainly to the firmness of money, although this cannot apply to New York, where all money is now quoted at the lowest of the year, and the transactions are also at the minimum in the stock market.

There were sales of about 500 shares Manufacturers Light and Heat new stock, but owing to the fact that this new stock has not yet been listed on the exchange no official record was made of the transactions. The price was 42, equal to 125 for the old stock, and the closing bid was 42¼.

The final sale on Colonial Trust was at 649, an advance of $19 a share over the opening quotation. At the close 645 was bid, 649 asked, regular, and 650 was bid for 100 shares, buyer 30 days. The bidding of a higher price for 30 days' option is supposed to mean that within that time at least the details of the negotiations with the American Trust Company will have been completed.

Cosmopolitan National bank closed at 110 bid. Washington National bank was quoted at 161 bid.

Commonwealth Trust declined to 257½ on the sale of 20 shares. Current gossip is favorable to higher prices for the stock, but speculative dealings in it have almost ceased.

The decline in the 5 per cent bonds of U. S. Shipbuilding in New York on Thursday to 44½, the lowest ever quoted, because of a default which occurred early in the year, when there was talk to the effect that some of the underwriters were trying to dispose of their obligations at a loss. A. Iselin & Co., a member of the New York stock exchange, was in the east at the time, and was taken to lunch at one of the popular clubs, where he met a group of Wall street bankers and brokers, and, knowing that some Pittsburghers were interested in United States Shipbuilding, he inquired about its affairs. He was assured by the entire group that everything was now in good shape, and that the securities were bound to sell much higher. He never knew of that, he replied, because some of my Pittsburgh friends got a bargain the other day by taking a bunch of the stuff off one of your underwriter's hands." And he mentioned the price. Again he was assured that his friends had obtained a bargain. Before he left the city every one of those brokers met them, and inquired in a sort of confidential way if he thought any more of the stuff could be shaved. Pittsburgh on the terms he had mentioned, and if it could he was assured that there would be a nice commission in it for him. He came home and advised his Pittsburgh friends to take their first loss on their "bargains." The common stock sold yesterday at $2 a share.

Ohio Fuel Supply was nominally quoted at 38@40, ex-rights.

Standard Steel Car was offered on the exchange at 115.

Only 39 shares changed hands during the first half hour on the local board yesterday—a record breaker for stagnation.

New York Central, paying 5 per cent, and Pennsylvania railroad, paying 6 per cent, sold at the same price yesterday.

The gross earnings of Southern Pacific for March were $6,881,000, an increase of $561,516. Net earnings, $1,856,000, a decrease of $152,165.

The April statement of the British board of trade shows decreases of £2,397,000 in imports and of £350,100 in exports.

The annual report of the Fairmont Coal Company shows net income of $2,014,966 and net surplus of $1,400,084. The company has $12,000,000 capital and $6,000,000 bonds. Its properties are located in West Virginia and the company has been in existence less than two years.

The gross earnings of Great Northern for April were $3,091,000, an increase of $281,649.

A syndicate has been formed in New York, Boston and Chicago to extend the date of maturity of Chicago, Burington & Quincy 7's from July 1, 1903, to July 1, 1905, the bondholders receiving 4 per cent per annum for the two years and the right to subscribe for a new issue of bonds at that time.

## THE MONEY MARKET.

Reports as to the condition of the local money market are conflicting. Some borrowers say it is difficult, if not impossible, to negotiate new loans at 6@ per cent, and there is more discrimination as to margins and collateral. Others report that they are still paying only 5 per cent on old loans and are offered new loans at 5½ per cent. Clearing house comparisons:

| | Exchanges. | Balances. |
|---|---|---|
| Yesterday | $7,981,833 07 | $1,330,466 24 |
| Last week | 9,058,787 62 | 2,094,356 09 |
| Last year | 6,359,709 27 | 847,206 45 |

**Foreign Quotations.**

LONDON, May 8.—Console for money, 92 1-16; consols for account, 92⅛; money, 3½@4 cent; discount for short bills, 3½@3⅝ per cent; three months' bills, 3½@3⅝ per cent. Bullion taken into the Bank of England on balance today, £29,000.

PARIS, May 8.—Three per cent rentes, 97 francs 85 centimes for the account; exchange on London, 25 francs, 19 francs for checks.

BERLIN, May 8.—The rate of discount for short bills, 3½ per cent.

## FREQUENCY OF STRIKES DISTURBING BUSINESS

### Important Industrial Operations Are Checked at Many Points, Says Dun.

[By Associated Press to The Gazette.]

NEW YORK, May 8.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Unrest in the ranks of labor has increased rather than abated since May 1, when difficulties of this sort usually culminate. No single struggle of great magnitude is in progress, but the frequency of small strikes is disturbing, and in the aggregate a large force is idle, while important industrial undertakings are checked. Good reports are received from fiscal year factories, shipments of fresh fruit for the year thus far surpassing all records, and clothing makers receive duplications of spring orders in addition to duplicates of samples. Prices of commodities declined slightly during April, Dun's index number falling from $96.267 to $95.591. Railway earnings in April were 19.4 per cent larger than in last year and 28.7 per cent above 1901.

Cancellation of orders where deliveries failed to be made according to contract and new business at lower quotations indicate a tendency toward more normal conditions in pig iron. This is highly desirable, and gives assurance that present activity in the finished steel may be maintained. Pending contracts for about 50,000 tons of structural material have been placed, production rather than sales being postponed by uncertainty regarding the labor situation. Railway requirements appear to have no limit, and the proposed extensions will consume large quantities of steel.

Billets are one of the scarce articles at 60, even imports being arranged with difficulty. Implement manufacturers are behindhand in all records in their purchases of merchant steel, machine shops are working at full capacity, and there is a brisk demand for plates, pipes and tubes. Textile industries are booked to large volume, orders assuring activity for some time and new business still coming forward freely, especially south.

Failures this week numbered 175 in the United States, against 218 last year, and 22 in Canada, compared with 28 a year ago.

## BANK CLEARINGS.

### Pittsburgh Again Makes Large Gain for Week While Other Leaders All Lose.

NEW YORK, May 8.—The following table, compiled by Bradstreet, shows the bank clearings at the principal cities for the week ended May 7, with the percentage of increase and decrease as compared with the corresponding week last year:

| CITIES. | Amount. | Per Cent Inc. | Per Cent Dec. |
|---|---|---|---|
| *New York | $1,456,231,421 | | 23.2 |
| *Chicago | 184,157,434 | | 4.6 |
| *Boston | 143,499,301 | | 4.5 |
| *Philadelphia | 122,770,311 | | 12.2 |
| Pittsburgh | 53,764,464 | | 6.1 |
| *San Francisco | 34,298,350 | 22.1 | |
| *St. Louis | 29,619,696 | 24.4 | |
| *Baltimore | 24,138,204 | | .9 |
| *Cincinnati | 22,180,000 | 23.2 | |
| *Kansas City | 15,130,321 | 5.7 | |

| Outside N. Y. | 862,122,276 | 1.7 | |

*Balances paid in cash.

**Boston Wool Market.**

BOSTON, May 8.—The Commercial Bulletin will say of the wool market in tomorrow's issue: The advance of 5 to 10 per cent in prices at the Philadelphia sales has caused a little better feeling here in Boston and started active operations in the new clip in the west at prices 10 per cent over last year's and 20 per cent over 1901. Sales on today's Boston market. Business is more general, but the demand has been mostly for low cheap stock and prices show no improvement from last week. With much more than 100,000,000 pounds wool dealers do not consider the prospects very bright, yet they are all operating in the west at stiff prices. Shipments of wool from Boston to December 31, 1902, are 87,237,872 pounds, against 88,903,542 pounds the same date last year. The receipts to date are 71,234,852 pounds, against 85,490,929 pounds for the same period last year.

## COMPLETE RECORD NEW YORK STOCKS

Daily range of prices quoted by Messrs. Henry Sproul & Co., Pennsylvania Savings Bank Building, members of New York, Philadelphia, Pittsburgh and Chicago stock exchanges, and Chicago board of trade:

# SQUIRREL HILL SALE OF $20,500

C. W. & J. R. Tindle Buy Eight Lots in Beacom Street.

## NEW COMPANY INVESTS

Vacant Frontage in Atlantic Avenue Sold—Wilkinsburg's Proposed Hospital Nearly Ready for Bids.

TODAY'S LOT SALES.

West Liberty No. 3. The Beechwood Improvement Company, Limited.

Arlington Place, in Lower St. Clair township. C. Dippel.

East Canonsburg. The Cecil Improvement Company.

With the coming of summer the demand for high-class residence property in the suburbs or far enough from the business section to insure pure air and sunshine is steadily increasing, and hardly a day passes that a good deal of this kind is not reported. The latest sale, amounting to $20,500, was closed yesterday by the Union Realty Company, who sold for the Pittsburgh Land Company to C. W. & J. R. Tindle, eight lots in its Squirrel Hill plan. The lots have a total frontage of 200 feet on the south side of Beacom street, between Murray and Shady avenues, Twenty-second ward, and run back 200 feet to Hobart street. It is understood that the purchasers will build a number of fine homes on the property this summer. This sale makes a total of over 20 lots sold out of this property in the last three weeks. The paving of Beacom street, which is now in progress, and the fact that Shady avenue is now all paved, add greatly to the value of the property. The lots just sold are on the same street that ex-Gov. William A. Stone has selected for a home, and are not far from the costly residence of John P. Ober, which was built two years ago.

PLANS OF NEW COMPANY.

The American Real Estate Company, which received its charter Thursday, has secured 62 acres of land at Butler for about $80,000 and will begin at once to grade and plot it preparatory to putting it on the market. The property adjoins the borough on the south and will be cut by a car line, for which the franchise has already been secured. Its nearness to the big plants locating there should make it a desirable property for lots, and in addition to the usual improvements the company expects to build a number of good houses on the land.

In addition to this deal the company has got a plot of land in the Thirty-fifth ward which will be put on the market soon. It is situated on the West End car line, giving quick access to the city. In West Pittsburgh terrace the company also owns some property, and will let the contract next week for six houses to cost $3,000 each. The capital of the company is $20,000, it nearly all subscribed in shares of $50 each, and its offices will be at No. 413 Grant street.

BOUGHT CHOICE PLOT.

Through the agency of W. J. Tener & Co. William Scott has sold to J. H. Bennett a plot of vacant frontage 135x145 feet on the east side of Atlantic avenue, between Harriett street and Penhip avenue, Seventeenth ward, for $16,000. The purchase was made simply for an investment, and at the rate paid, $118 a front foot, is regarded very reasonable.

The property at the northeast corner of Fifth avenue and Jumonville street has been sold by L. A. Meyran to Jacob Sloan for $16,000. The lot is irregular in shape, measuring 80x28x88 feet, and has erected on it several brick buildings.

Attorney E. B. Patterson proves to have been the buyer of the residence at No. 435 Pacific avenue, the property which was sold recently through Samuel W. Black & Co. The lot is 50x100 feet and the house is a 12-room reception hall dwelling, which Mr. Patterson will occupy as a home.

WILKINSBURG'S NEW HOSPITAL.

Plans for the United Presbyterian Memorial hospital to be erected at Penn avenue and Trenton street, Wilkinsburg, are nearly completed by the architect, J. Lewis Beatty, and bids will be taken the first of the week. The buildings will be three stories high, 105x120 feet in dimensions and absolutely fireproof. The cost is estimated at $150,000.

Architects Allion & Topp have awarded the contract for the Central Presbyterian church to be erected at Sandusky and North Diamond streets, Allegheny, to Hays, Sefton & Co. for $40,000. The same architects have let the contract for the erection of the Hamilton Avenue Methodist Episcopal church to H. A. Krauze. The church will be built at Kelly and Hale streets and will cost about $55,000.

The city will also take bids Monday on the addition to the Frankstown Avenue school house in Sterrett township, to cost about $8,000.

Architect John T. Comes has awarded to W. A. Quisidy the contract for the Corpus Christi school house in Lincoln avenue, Twenty-first ward, to cost $8,000.

WILL BUILD A FLAT.

Brushton: Celia & McClelland sold for Attorneys Wise & Miner to Adem Lang a lot 100x120 feet on the west side of Brushton avenue, near Frankstown avenue, Twenty-first ward, for $8,300. The new owner has already commissioned Architect J. C. Ostz to prepare plans for a $10,000 flat and store building to be erected on the lot.

McPherson street: The Elderkin-Stanton Company sold for Mrs. Margaret Hunter to George H. Lepper an eight-fom stone front brick house with lot 27x140 feet, at No. 6725 McPherson street, Twenty-first ward, for $6,700. The purchaser bought for a home.

Oakmont: James Marshall sold for William and S. M. Bauersmith to Charles E. Sailer eight acres across the road from the Oakmont Country club, purchase for $6,000. The buyer will build a fine house. The same brokers sold for P. A. Ritter to George H. Scott a lot 75x100 feet in Brune street, Verona, for $2,000.

Crawford street: The Sachs Real Estate Company sold for Nathan Minzat to Etta Lazer a three-story brick house, lot 24x67.5 feet, at the northeast corner of Crawford and Rowe streets, for $6,000.

A LAWRENCEVILLE SALE.

Charlotte street: The Lawrenceville branch of the Consolidated Real Estate Company sold for Mary J. Langley to Rose Snowden two frame houses on lot 22.5x100 feet on the north side of Charlotte street and extending through to Smallman street, Fifth ward, for $2,650.

Aspinwall: Seidel Bros. sold for Harry S. Drury to Charles Neff a two-story frame house, lot 25x100 feet, in Fourth street, Aspinwall, for $3,500.

Miller street: The Arson Realty Company sold for Barach & Mc. Solomon No. 224 Miller street, an eight-room stone house, on lot 20x98 feet, for $4,000.

Building permits were issued yesterday in Allegheny as follows: To Mrs. J. Wittmer, for two-story and attic frame house on Arthur street, Eleventh ward, to cost $5,000. To Moritz Kaelin, for a two-story and attic frame house on East street, Fourteenth ward, to cost $6,500. To Mr. Stein, for a one-story and attic frame house on Robinson road, Fourteenth ward, to cost $1,500.

## NEWS FROM THE MINES.

Charles W. Clark, son of Senator W. A. Clark, has bought the famous Rosario mine at Chihuahua, Mex. The purchase price is not given, but it is presumed that it was large, as the property has a recorded production of several millions of dollars.

The mines of the Sumpter district are being sunk to deep levels with gratifying results. Many properties are now close to the 1,000 foot level.

C. D. Van Duzer, Nevada's new representative, was at Salt Lake last week and had a great deal to say about the riches of the camp of Tonopah. He says nothing can prevent a great boom for this region. At San Francisco a San Francisco and Tonopah mining exchange has just been organized, and $8 out of 100 deals have been made, prices running as high as $500 a seat. He says that the camp in the immediate vicinity of the Mizpah has probably more than $100,000,000 of ore blocked out. The values of the ore are largely in silver, but there is a great deal of gold associated with the silver. The camp is hardly two years old and yet nearly 20,000 feet of work has been done.

The Baker City sampling works, owned by Bela Kadish, have passed into the control of the Sumpter Smelting Company. A formal transfer was made last week. The parties to the transaction were Dr. E. W. Mueller of the Oregon Smelting and Refining Company and Mr. Kadish. Negotiations have been pending for a consolidation of the two plants ever since the inception of the Sumpter smelter enterprise. Mr. Kadish's sampling works, which have been operating for many years, practically controls the ore shipments from eastern Oregon. The Sumpter smelter would have found a powerful rival in the sampling business had consolidation not been effected. The smelter is now installed and will start operations as soon as the railroad siding is completed.

Development work below the 500-foot level at Stratton's Independence, at Cripple Creek, according to various reports, has at last resulted in the opening of pay ore in commercial bodies. The workings in the section stated are in granite and were started more than two years ago under direction of Consulting Engineer John Hays Hammond.

# CORN MARKET SHOWS MUCH IMPROVEMENT

## Refined Sugar Prices Decline Five Points—Cheese Quotations Drop.

The steady gain which corn has been making all week was more pronounced than ever yesterday, and another advance occurred, amounting to 1 cent a bushel for both car and shelled. Receipts so far this week total but eight cars, and buyers are in the market looking for corn. Holding on 'change was quite spirited, with very little offering. Oats, on the other hand, are easy, and quoted figures are hard to obtain, although sellers are not in addition to make much difference in the way of concessions as selling prices now are just about on a line with cost. Demand is moderate, while receipts have been keeping up to a big average. It is only good stock that has any chance at all of being sold, as purchasers are not looking at lower grades except as bargains are offered. Hay maintains its position, and is strong at quotations with offerings fair. Straw is no lower, although the market is very dull and featureless. Not a word of all figures below the list. Millfeed is unchanged in price and condition.

The wheat market has been doing some fluctuating, but not enough to affect flour quotations locally. May and July delivery in the week steadied the Pittsburgh market, and jobbers are maintaining the advance. Notwithstanding the fact that local wholesalers are selling large quantities of flour, and trade is active, according to the Northwestern Miller such conditions do not exist generally, for it says millers and the flour trade are united in regretting a very dull market of flour, with nothing of interest to enliven the situation. Foreigners are taking practically nothing, evidently intending to hold off as long as possible in view of the fact that the tariff is approaching when the British tax on grain and its products will have been removed and one obstacle to trade thus done away with. Comparatively few mills are running to full capacity, and even exhibit difficulty in disposing of their output. Domestic demand is light and rather unsatisfactory. Notwithstanding all this there is much confidence expressed in the trade's case and it is believed there will be stronger conditions before long.

Refined sugar declined five points all along the line yesterday, and is now quoted on the lower basis. Molasses and both red and white honey are stronger, but locals dealers have heavy stocks of the former and have not advanced quotations.

The first consignment of strawberries reached Pittsburgh yesterday, but the market was abnormal, all berries holding up to prices, except a few soft lots which were taken by preservers. Cucumbers are plentiful, and the market is lower. New beets are in good demand, and quotations show a slight advance. Home produce is still scarce and the limited offerings which go to market command top prices.

Butter is steady, dealers expressing the opinion that the market has nearly reached its level for the present at least, and are not looking for much change from today if conditions remain as they are now. Cheese is gradually seeking a lower level, prices going off a half cent yesterday. It is the time of the year for declining cheese markets, and reductions will be frequent until the bottom is touched. Eggs are unchanged, and the market steady, although no advances are reported in the near future. Until the weather gets too warm for storing there is not likely to be much change in prices.

HAY, GRAIN AND FEED.

Receipts bulletined: Pennsylvania lines, 5 cars hay, 9 cars oats, 4 cars feed, 1 car straw, 1 car wheat; Pittsburgh & Lake Erie railroad, 7 cars hay, 1 car grain; Pittsburgh & Western railroad, 2 cars hay. Total receipts, 29 cars.

## GOOD TRADE IN WHEAT AND PRICES STRONGER

### Chief Long Believed to Have Cleared Out His Entire Holdings Thursday.

[By Associated Press to The Gazette.]

CHICAGO, May 8.—There was a good trade in wheat, and the principal feature of the situation was the absence of selling by the chief long, who, it is said, about cleared out his line yesterday. Prices were irregular during the forenoon, the receipts, 1,000,000 bushels, were from an unexpectedly strong cables. Liverpool being off early, and this depressed prices, but later a firm undertone developed, and prices advanced 1c, and July was a shade higher. Selling for account of the long interest weather conditions resulted in an easy session after the opening, but a good scattered demand from commission houses brought about a rally. There were numerous reports of damage from the chinch bug in the winter wheat belt, and the crop in the southwest and this together with the strength at Minneapolis caused material improvement in the upward movement of prices, as did active covering by shorts, and prices closed firm. Compared with the closing figures today of the two months futures were 2@2½c higher, May 2½@2¾c, July 2c higher, September 1½@1¾c higher. Cash wheat was in good demand, and prices were firm. No. 2 red, 77@77½c; No. 2 hard, 77@77½c; No. 2 corn, 48c; No. 2 oats, 33½c; No. 2 rye, 60c; No. 2 barley, 47@48c; No. 1 flaxseed, 81c; No. 1 Northwestern, 84c; prime timothy seed, $3.50; mess pork, per bbl, $15.30@15.40; lard, per 100 lbs, $8.02½@8.05; short ribs sides, loose, $8.12½@8.25; dry salted shoulders, boxed, 8½@8¾c; short clear sides, boxed, $8.62½@8.75; whisky, basis of high wines, $1.30; clover, contract grade, $12.30.

Drygoods Market.

NEW YORK, May 8.—While conditions of dry goods show improvement, prices are paid with reluctance and buyers are purchasing to supply immediate needs only. Agents report firm condition, and manufacturers are not warned to weakening under the present upward pressure of the raw material market. Business in cotton goods is quiet, but there is no change in retail house throughout the country.

# BANK DIRECTOR IS IN TROUBLE

## George B. White on Trial Charged With Wrecking National Depository.

## ITALIAN'S STORY WON

### Jay R. Jenkins Sues Bank and Six Individuals to Recover $500,000, Alleging He Was the Victim of Fraud.

George B. White, director and vice president of the National Bank of South Pennsylvania, at Hyndman, Bedford county, was placed on trial in the United States district court, yesterday afternoon. He and Samuel S. Spyker, an attorney of Huntingdon, Pa., are charged jointly with conspiracy, embezzlement, falsifying accounts and misappropriating the funds. The alleged misdeeds of the two men resulted in the wrecking of the bank.

A severance was asked for and obtained by J. Scott Ferguson, attorney for Spyker. Attorneys J. Hubb Buckman of Philadelphia, Alvin E. Little of Bedford and William A. Blakeley of this city appeared for White. The indictments contain 73 counts and are possibly the largest ever prepared in the local court.

A motion was made to quash the indictments on the ground that the bills did not set forth that any particular body corporate was defrauded or injured by any statements purported to have been made by White, and because the bill was had in all its counts, on account of duplicity. Judge Buffington overruled the motion.

Mr. Miller on opening to the jury stated the government expected to prove that White made false entries in a report of the bank's condition, forwarded to the comptroller of the treasury, showing among other things that the bank had $10,000 surplus, when in reality it had none, and that its capital was substantially unimpaired.

SPLIT IN THE DIRECTORY.

Mr. Miller explained rival meetings of the directors when the comptroller asked that an assessment be made in order to straighten out the condition of the bank. The faction presided over by White forwarded a report to Washington, Mr. Miller said, and the report of the minority never reached there.

N. A. Blair, cashier of the bank, gave testimony largely of a technical character and explained numerous items on the books of the bank which went to make up its assets.

The jury in the case of Altadonna and Cottone Vito, found the former guilty and acquitted the latter. The men were tried on a charge of passing counterfeit money.

Laudro Francisco, an Italian, was tried for attempting to rob a postoffice at Gallitzin, Pa. When the Italian was found in the postoffice he was unconscious. He told in court that he had been met by a negro who forced him to go to the postoffice and then shot at him three times when he attempted to call for help, two of the bullets entering his head.

Judge Buffington, after questioning him closely, asked Assistant District Attorney Laughlin if the government desired a conviction, and on being answered in the affirmative, he replied: "I could not sentence the man, even if the jury did pronounce him guilty." The jurymen nodded approval of the court's statement and the verdict was taken without leaving their seats.

SUIT FOR HALF A MILLION.

Jay R. Jenkins filed a bill in equity in which he claims he was defrauded out of moneys, real estate and securities amounting to over $500,000. The defendants are Bernard Volk, Jr., the Citizens National bank of McKeesport, John C. Devenney, James L. Devenney, Nathan A. Means, William T. Pierce, and W. H. Rodenbaugh. The bill asks that the court restrain the defendants from disposing of property mentioned; that they be compelled to render an accounting and that the be ordered to convey the property in question to the plaintiff.

The bill in part sets forth that Bernard Volk, Jr., and John C. Devenney claim to be trustees of the plaintiff; that Jenkins bought a large tract of land at East McKeesport and in order to raise money to pay for the same he gave his promissory note upon which John C. Devenney was indorser. The deeds for the property so purchased were delivered to Volk to hold as trustee for Jenkins, and, it is said, it was agreed upon the sale of any of the lots, payments satisfactory in amounts should be made to John C. Devenney on the obligation and that Volk should execute a deed to the purchaser.

ALLEGED DETAILS OF DEAL.

It is said that as trustee John C. Devenney received from the plaintiff a large number of bonds and mortgages and these were sold from time to time, and they, John C. Devenney and Volk, fraudulently and deceitfully colluded and conspired to misappropriate the funds, and after sufficient funds had been realized through the efforts of the plaintiff to pay off and discharge all of the indebtedness of Jenkins to Volk and the Citizens National bank, a large amount of money necessary for the extinguishment of the obligation of the plaintiff, it is said, was fraudulently retained by John C. Devenney and Bernard Volk, Jr., for their own use.

Other transactions are set forth in the bill and it is alleged in conclusion that the defendants appropriated to their own use $500,000 or more in moneys, securities and real estate.

John C. Devenney, one of the defendants, said last night: "Regarding the claim of Jenkins, amounting to more than $500,000, in which he requests the court to restrain a number of other gentlemen and myself from disposing of certain real estate, I desire to state that not one man he mentions in the bill owes him a dollar, nor has he any claim on any real estate in East McKeesport in which the men he mentions are interested. Jenkins and his attorney have been to see me several times during the past year, each time agreeing to postpone filing the bill if I would agree to compromise. Jenkins never bought a large tract of land at East McKeesport. I had an agreement with him regarding a number of lots on what is known as Wilmerding hill. He was to dispose of these at a certain figure and on certain terms, and we were to draw up the agreements. He failed to follow out his agreement and it was terminated."

The equity suit of the Pressed Steel Car Company against John M. Hansen, C. S. Culverson, William Bic[illegible] and the Standard Steel Car Company, to restrain the defendants from using a lot of blue prints and drawings, was called for trial in common pleas court No. 1 before Judge J. B. MacFarlane. Nearly all of the testimony offered by the plaintiff was of a technical character. It is alleged Hansen appropriated, while in the employ of plaintiff, numerous duplicates of drawings which he applied to the use of the defendant company, aiding the new concern to become an active competitor of the older company.

Hansen denied this assertion and said he could make drawings of like character without any assistance from plaintiff's blue prints.

The counsel for the defense announced they would not offer any evidence in defense to that offered by the plaintiff.

W. B. LEEDS,
Who, by the absorption of the 'Frisco by the Rock Island, becomes the head of the second largest unified railroad system in the United States.

## WILL FIGHT DIVORCE.

### Mrs. Nellie McWilliams Tells Her Story of Troubles—Separated After Acquittal.

Mrs. Nellie McWilliams will contest the suit for divorce entered against her by her husband, John J. McWilliams. She has retained James F. Burke to look after her interest and in addition will enter suit against her husband for non-support.

After the couple were acquitted of the murder of the woman's former husband, August J. Layton, they separated, she says, because they had no means of support. She went with relatives and McWilliams was to find a position and send for her. She claims he has not contributed a cent for her support since, and says she can not understand why he entered suit, as she had always been a faithful wife to him.

LEGAL BRIEFS.

Letters of administration were granted to Attorney James W. Collins on the estate of Maria Agnes Walter.

William Henry took out letters of administration on the estate of Alexander M. Baxter. Attorney Morton Hunter represents the estate.

By the will of Ernest Sucoop, late of Pittsburgh, the greater part of an estate, the value of which is not estimated, is left to the decedent's widow. Attorney E. P. Douglass has charge of the estate.

# LAST SERVICES AT OLD ST. PAUL'S

## Famous Old Cathedral Will Be Closed After High Mass Tomorrow.

## CHURCH HISTORY EPOCH

### Opening Services at Church of Epiphany—Dedication at Turtle Creek—Bishop Thoburn Will Preach.

After having been devoted to religious purposes for almost a century, first as the site of St. Paul's Roman Catholic church and later as the site of the historic St. Paul's cathedral, the property at the northwest corner of Fifth avenue and Grant street is to be abandoned with the closing of the services there tomorrow.

The property will be turned over to H. C. Frick next Friday. The closing services will be held at 10:45 o'clock tomorrow morning, when solemn high mass will be celebrated and the Very Rev. Father Tobin, V. G., rector of St. Mary's church, will preach the sermon, in which he will give a short review of the history of the congregation.

With the closing of St. Paul's cathedral the handsome new church of the Epiphany at Washington and Franklin streets, erected for the service of the old cathedral congregation, will be opened with services. At 9 o'clock tomorrow morning the first religious services will be held in the basement of the new church and tomorrow evening vespers will be held. The church of the Epiphany will be formally consecrated in July.

The handsome new edifice of St. Coleman's Catholic congregation at Turtle Creek will be dedicated tomorrow by the Rt. Rev. Bishop R. Phelan. The evening sermon will be preached by the Rt. Rev. Regis Canevin, coadjutor bishop.

Bishop James M. Thoburn, who arrived in Pittsburgh from India this week, will preach at the services in the Calvary Methodist Episcopal church, Allegheny and Beech avenues, Allegheny, tomorrow and tell of the two Pentecostal meetings, during which he baptized more than 1,000 converts.

Father Joseph Suehr of the SS. Peter and Paul parish, East End, will celebrate the twenty-fifth anniversary of his coming to the parish. At his request, no public celebration or gift will be made for him personally, but a large jubilee fund will be raised and used on the school house.

Evangelist James Small will begin a series of evangelistic services in the East End Christian church, South Highland avenue and Alder street, tomorrow.

The evangelistic services in the First Christian church, Fourth street and Grant avenue, will continue this week under the guidance of H. F. Lutz. The sermon tomorrow morning will be to the Knights of Pythias.

## W. B. Leeds to Head Second Largest Railroad System in the United States.

Second largest unified railroad system in the United States is that over which William B. Leeds, seven years ago a division superintendent on the Panhandle, will shortly preside. The absorption of the 'Frisco by the Rock Island, which has long been under way, has undoubtedly been concluded, the election of B. F. Yoakum of the 'Frisco to the Rock Island board showing this. The Rock Island's head is Mr. Leeds, and its policy of extending to its every part the single management is expected to be followed by his being made president of the 'Frisco as well.

How big a railroad this greater Rock Island will be is not yet generally understood. Its wide-reaching ambitions for two years and the quick and successful movements made by its management in obtaining control of desirable properties have surpassed the railroad and financial leaders of the entire country. Just as comprehensive a coup had been planned to get the St. Louis & San Francisco system, but this was blocked for a while in some way, and the negotiations were not finally ended until this week.

The total mileage under the control of the greater Rock Island will be 14,748. This includes the recent arrangement by which the Rock Island acquired a half interest in 1,145 miles of Texas railroad heretofore controlled by the Southern Pacific alone. The lines of this system will extend from St. Paul and Minneapolis on the north to Galveston and New Orleans on the south, and they will reach from Chicago and Alabama on the east to Colorado Springs and El Paso on the west. The eastern boundaries may be extended to the Atlantic ocean, for well defined reports say that the Rock Island will soon own the Central of Georgia. The Rock Island is in a geographical position to do a large export business from a southern port.

Only the Harriman system is larger in the United States than this greater Rock Island, although the Gould system will soon equal it. The combination of the Union Pacific, the Southern Pacific, the Oregon Short Line and the many other lines in that system brings the total mileage about 1,500 above that of the Rock Island.

The Leeds-Reid-Moore syndicate, a combination that a few years ago meant more in the manufacture of tin plate than in railroading, control the Rock Island's destinies. They have forced themselves forward until they are recognized among the foremost powers in the railroad situation in the United States.

### New Superintendent Not Yet Named.

General Manager C. S. Sims of the Baltimore & Ohio will be in Pittsburgh this morning with General Superintendent W. C. Loree. Yesterday was spent on the Cleveland division, and the party will come to Pittsburgh by way of New Castle. G. L. Potter, third vice president of the Baltimore & Ohio, spent yesterday here on business matters. H. N. Donaldson, formerly superintendent of the Mahoning division of the Erie, and who for a year has been special agent at Youngstown, has been appointed at New Castle to temporarily fill the place made vacant by the resignation of Supt. H. O. Dunkle of the New Castle division.

### Railroad Notes.

J. M. Hannaford, second vice president of the Northern Pacific railroad, was in Pittsburgh yesterday, stopping off on his way to St. Paul headquarters after a trip to New York.

The Baltimore & Ohio railroad has laid 1,000 tons of nickel steel rail, 85 pounds to the yard, this spring on curves where traffic is heavy. This rail, when experiments were being made, gave splendid results.

C. L. Sprague, traveling passenger agent of the Detroit and Cleveland Navigation Company, who was in Pittsburgh on business yesterday, announces that the opening of business on the lakes this season has been without precedent.

Col. Wells H. Blodgett, third vice president of the Wabash, with R. C. Wootton, assistant solicitor yesterday held an important conference with A. M. Neeper, general counsel for the Pittsburgh, Carnegie & Western, the Wabash extension.

The Pittsburgh & Lake Erie has granted the position of assistant claim agent and appointed to the position Charles Yon. Mr. Yon comes from New York, where he has made much experience in such work. He assumed his new duties yesterday morning.

The Delaware, Lackawanna & Western has decided to equip its entire system with telephones for operating trains. It is not intended that the telephones will supplant the telegraph service. They will be used as a supplementary method of operating both passenger and freight trains.

## A Clothing Sale at $12.75 That Is Creating Intense Interest.

Hundreds of men have, in the past two days, visited our clothing floor and selected stylish suits at $12.75 which their careful judgment told them were worth $15, $16.50, $18 and some even $20. The reason for this extraordinary sale was told them in our advertisement and we will repeat it here. A prominent wholesale tailor surrendered the balance of his season's stock to us at a deep cut in the regular wholesale figure. This particular maker produces nothing but high-grade wear and hence we can offer exclusively high-class apparel at a small figure. No store ever bought—even at the first of the season—a better selected lot of superior garments. Every style and fabric is represented and the most exacting man can find something in this vast stock that will surely please him and at a saving of from $2.25 to $7.75. This statement is without exaggeration and every word of it will be found, upon investigating, to be backed up by the garments themselves. Today the sale is at its height and the man who needs a spring or summer suit or light topcoat should by all means come here before 10 o'clock this evening.

### Cheviot Suits in Clever Styles.

There is no fabric which enjoys such well-earned popularity as the cheviot in fancy effects. This sale presents a choice of fancy patterns and colorings in cheviots that have been thoroughly tested and are known to be of serviceable quality. This especial group is cut in the correct single-breasted style, three or four buttons—a fashion that is favored by the best dressers this spring. The garments are well tailored with broad shoulders, shapely lapels and have all the characteristics of high-grade workmanship. Not one should sell for less than $15, and many of them would rightly be worth $16.50 and $18. Sale price ..... $12.75

### Smart Effects in Worsted Suitings.

Single-breasted suits that are distinctively stylish and extremely dressy. The patterns are exclusive fancy effects in fashions which are favored by the leading tailors. There was never such a splendid line presented before at such a low price. The garments are superbly tailored and worth every cent of $16.50, $18 and some $20. We could never hope to sell them at $12.75 if it were not for the immense quantity, which we bought at a sacrifice on the part of the maker—hence they are genuine bargains at our sale price of..... $12.75

### Double-Breasted Suits in Latest Patterns.

The double-breasted suit finds many admirers this spring. These are correctly cut with the long roll lapel and broad shoulders. They are made of fancy cheviots in a variety of neat colorings that will appeal to the dressy men. These garments are tailored by experts and will compare favorably with any merchant tailor suits. They are well lined and finished with the utmost care and identically the same with those offered around town at $16.50, $18 and $20. Come here and take your choice during this sale at ..... $12.75

### Black Suits That Will Give Satisfaction.

There are many men who wear nothing but black, or who always find a black suit a welcome addition to their wardrobes. Here is the chance to buy strictly dependable black thibet and unfinished worsted suits. Tailored in the height of fashion and having all the details of style which go to make up a smart-appearing suit. Not one of these suits worth less than $15, and most of them $16.50—and some $18. They are yours at the sale price of ..... $12.75

### Blue Serge Suits—Warm Weather Favorites.

There is no suit that can take the place of the blue serge for summer wear. But serge is a cloth which should be bought carefully as it is apt to go wrong. It must be pure worsted, woven with a hard twill and dyed with strictly fast blue in order to give perfect satisfaction. We guarantee these serge suits for wear and appearance and they are made by skilled tailors in a manner which will insure satisfaction. There are serge suits selling all over town today at $16.50 and $18 which are no better than these at ..... $12.75

### Topcoats. In All the Light-Weight Materials.

Stylish topcoats of tan covert cloths, oxford mixtures and fancy novelties; tailored in the correct short box effects, lined with finest Italian cloth and satin sleeve linings. Garments identical with those sold early in the season at $15, $16.50, $18 and some even as high as $20. There are many choice values included in this purchase and we can offer without doubt the finest, dressiest, best tailored topcoats in town at the sale price of ..... $12.75

### Our Stylish Spring Hats.

Soft Hats.
